

# TOWN OF APPLE VALLEY

## TOWN COUNCIL STAFF REPORT

---

**To:** Honorable Mayor and Town Council                      **Date:** August 28, 2012

**From:** Jason Hall, Supervisor                                      **Item No:** 11  
Information Systems

**Subject:** **DECLARE SURPLUS AND AUTHORIZE DISPOSAL OF COMPUTER EQUIPMENT**

**T.M. Approval:** \_\_\_\_\_                                      **Budgeted Item:**  Yes    No    N/A

---

### **RECOMMENDED ACTION:**

Approve and declare the list of surplus computer equipment as surplus, authorizing Information Systems to dispose of said items through the Town of Apple Valley Household Hazardous Waste Program.

### **SUMMARY:**

Through a process of system's upgrades and normal hardware attrition the Town has a collection of old equipment that Information Systems seeks to dispose of as appropriate.

It is Information Systems Staff's opinion that all of the items are no longer useable and have no resell or donation value. However, they do have some value as recyclable material. Information Systems met with Special Project Manager Joseph Moon and estimated value of the recyclable items at approximately \$636. The confirmed inventory list (Attachment A) is attached for Council consideration and encompasses old, broken and sterilized telephones, server, workstations and networking equipment.

### **BACKGROUND:**

The Information Systems Department systematically upgraded the Town's computer equipment over a two year period beginning July 2009. Throughout the upgrade process, the old equipment's condition was surveyed and computer hard drive's were sterilized by means of degaussing equipment. The Information Systems Department has been storing the old equipment since the last Council authorized disposal in 2008 and is now seeking the authority to dispose of this collection.

### **FISCAL IMPACT:**

Disposal of these items has no direct fiscal impact. Any funds gathered in recycling of all of the items can be used to further offset the operational expenses of the IS department.
