

# TOWN OF APPLE VALLEY TOWN COUNCIL STAFF REPORT

To:	Honorable Mayor and Town Council	Date: May 14, 2013
-----	----------------------------------	--------------------

From: Brad Miller, Town Engineer Item No: 6

**Engineering Department** 

Subject: REVIEW AND APPROVAL TO ADVERTISE THE KIOWA ROAD

IMPROVEMENTS - PHASE II, TUSSING RANCH ROAD TO DEL ORO

**ROAD - PROJECT 2012-06** 

T.M. Approval:	Budgeted Item: 🛛 Yes 🔲 No 🔲 N/A
----------------	---------------------------------

### **RECOMMENDED ACTION:**

- 1. That the Town Council reviews and approves the project plans, specifications, and bid documents for the construction of the Kiowa Road Improvements Phase II project.
- 2. That the Town Council authorizes staff to solicit bids for construction of said project.

### SUMMARY:

Plans and specifications for the Kiowa Road Improvements – Phase II have been prepared and approved by staff. Staff has reviewed the plans for this project and is satisfied that the specifications meet the intent of the Town Council for this project. The project plans and specifications are available to the Town Council for review, approval, and authorization to proceed with advertisement of this project. Staff recommends that the Town Council review the plans and specifications that are available in the Town Council Office; approve the documents, and direct staff to proceed with construction of the project.

### **BACKGROUND:**

The Kiowa Road Improvements Project is intended to improve the flow of traffic on this North/South transportation corridor. It widens the existing 26 foot wide two lane road to a total width of 44 feet. The additional width will be used to restripe the roadway to

provide a continuous left turn lane and two Class II bike lanes in addition to the existing two travel lanes as well as provide drainage improvements to the area. Phase I of the project was completed in December of 2012 and widened the segment between Del Oro Road and Bear Valley Road. The construction of Phase II, from Tussing Ranch Road to Del Oro Road, will extend the widening to the project limits and complete the road segment.

Phase II of the Kiowa Road Improvements Project includes the widening and sealing of Kiowa Road from Tussing Ranch Road to Del Oro Road. Kiowa Road will be widened to provide a continuous center left turn lane and Class II bike lanes. Dry Wells will be installed to improve drainage. The existing asphalt pavement will receive a slurry seal application, and the entire roadway will be restriped for the new lane configuration.

#### FISCAL IMPACT:

Funding for this project has been appropriated in the Town Council approved 2012-2013 Capital Improvement Projects Budget. However, there is no immediate fiscal impact with approval of the bid documents and authorization to advertise for bids.

Council Meeting Date: 05/14/2013
