TOWN COUNCIL STAFF REPORT

To: Honorable Mayor and Town Council **Date:** June 14, 2016

From: Marc Puckett, Assistant Town Manager **Item No:** 15

Subject: A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, CALIFORNIA, AMENDING AND ESTABLISHING SPECIFIED FEES FOR TOWN SERVICES

T.M. Approval: _____ **Budgeted Item:** Yes No N/A

RECOMMENDED ACTION:

Adopt Resolution No. 2016-17, a Resolution of the Town Council of the Town of Apple Valley, California, amending and establishing specified fees for Town services for Fiscal Year 2016-2017.

SUMMARY:

Staff has completed the annual process of thoroughly reviewing the Town's current fees effective for the 2016-2017 fiscal year. This review is conducted to ensure that the fees are covering the processing costs of the service request or, at least, the level of subsidy is at a level that Council has indicated is desirable to maintain. In the past, the annual review of the Town's Municipal Fee Schedule was deferred. As a result of this deferment, many of the Town's fees did not cover the processing costs for the service provided. The percentage cost recovery continued to decrease until it reached a level significantly lower than the level of cost recovery that had previously existed nine (9) years ago. It was thought that the postponement of any increases to fees would help spur development. It is questionable if this action has had any effect in contributing to development within that time frame and in fact, there is no evidence to support that it has. The postponement of annual reviews of the fees has contributed to creating other budgetary pressures. Over the past several years, the Town has made significant reductions in operating costs. With the implementation of these budget strategies, and as sound financial practices mandate, the Town must annually re-evaluate increased costs of service, and the operating impacts of such cost increases as part of the fiduciary responsibilities of the Town. Many of the existing fees are still being subsidized and are not in-line with the costs that are required to provide such services.

The attached Resolution No. 2016-17 implements the Council's direction to automatically adjust by a percentage amount that is equal to or less than, as determined by the Town Council, the increase to the CPI, for the previous twelve (12) month period of March 2015 to March 2016, which is 1.7 percent. The increase represents the increase in the CPI since the last fee adjustment based on the period-ended March 2015. By comparison, the average annual increase during the March 2014 to March 2015 period was 0.5%. The fee increases, as proposed, will bring the users fees in line with the CPI increases through March 2016 unless otherwise noted and do not include the CPI increase since then.

In addition, on May 10, 2005, the Town Council adopted Ordinance 294, which modified and amended certain development impact fees and wastewater fees and charges as provided in Exhibit A & B of the referenced ordinance. The Development Impact Fees include: Animal Control Facilities; Law Enforcement Facilities; Storm Drainage Facilities; Sanitary Sewer Collection System; General Government Facilities; Aquatic Facilities; and Public Meeting Facilities. The fees, as proposed, are to be adjusted annually by a percentage amount that is equal to or less than, as determined by the Town Council, the change to the Engineering News Record (ENR) Cost of Construction Funds Index - 20 Cities Average for the previous twelve (12) month period of March to March. These fees have not been adjusted in over eight (8) fiscal years. A computation of the ENR Cost of Construction Funds Index – 20 Cities Average for the period of March 2008 through March 2016 indicates that the Town's Development Impact Fees and Wastewater fees (not including what VVRWA gets) should be increased by 22.98%. Based upon the ENR Cost of Construction Funds Index, the annual increase in the ENR for the previous twelve (12) month period of March 2015 to March 2016 was 2.70%.

Attached to the staff report is the Municipal Fee Schedule summarizing all of the fees charged by the Town for various functions and services performed for the community. Again this year, a summary spreadsheet of all fees showing the current fee, proposed fee, change expressed in dollars, change expressed as a percentage and level of subsidy is provided for information purposes. In addition, a red-lined copy of the current adopted fee schedule and a "clean" bound copy of the proposed fee schedule are available for review in the Town Clerk's office. Also, a new fee schedule has been added for golf course fees which has been formatted to provide uniformity in appearance and presentation with other fee schedules. Also, each schedule has been indexed in the front of the bound document by schedule and in the back of the document by fee name for ease of reference. Once adopted, the bound Municipal Fee Schedule document will be placed on all public counters, on the Town's website and at the public library for reference purposes to assist staff and members of the public.

The attached Resolution No. 2016-17 would adopt the proposed fees, except the development impact fees noted above. The Development Impact Fees will be discussed as part of a separate agenda item if changes are proposed. Proposed changes to the Municipal Fee Schedules are noted in the attached summary spreadsheet and in the red-lined copy of the Municipal Fee Schedule included as an attachment and as noted below:

- Schedule A for Building and Safety fees
- Schedule B for Engineering fees
- Schedule C for Parks and Recreation fees
- Schedule D for Planning fees
- Schedule E for Public Works fees
- Schedule F for Special Licenses
- Schedule G for Town-wide fees
- Schedule H for Wastewater fees
- Schedule I for Animal Services fees
- Schedule J for Development Impact Fees
- Schedule K for Code Enforcement Fees
- Schedule L for Golf Course Fees

As part of Schedule A “Building and Safety” an increase in the Building Evaluations has been proposed to equal the County of San Bernardino’s adopted fee schedule. A CPI annual increase of the Building Evaluation is also proposed. The Town’s current Building Evaluation schedule is still significantly less than the actual construction cost and the average evaluations for most local jurisdictions. The proposed Evaluation schedule is a typical average for the industry within the area.

In addition to the adjustments noted above, other modifications have been made to each schedule based upon the change in the CPI of 1.7% or based upon a review of the costs of the program or subsidy as noted.

The Resolution has been prepared with an effective date of July 01, 2016 unless otherwise noted.

BACKGROUND:

On March 31, 2005, the Town completed and published a comprehensive fee study for Town fees in a document prepared by Revenue and Cost Specialists (RCS) entitled “Cost of Service Study for the Town of Apple Valley”.

On May 10, 2005, after a series of workshops before the Town Council and Park and Recreation Commission, the Town Council adopted Resolution No. 2005-21 amending and establishing fees and charges for Town services recommended in the RCS study. In addition, and as recommended by RCS, the resolution provided for an automatic annual cost of living adjustment to reflect changes for the previous twelve (12) month period of March to March. On July 12, 2006, Resolution No. 2006-44 was adopted and the fees were adjusted by 4.5 percent pursuant to the increase in the Los Angeles-Riverside-Orange County Consumer Price Index. On May 22, 2007, Resolution No. 2007-20 was adopted and the fees were adjusted by 4.0 percent. On July 9, 2013, Resolution No. 2013-29 was adopted and the fees were adjusted 6.37% based on March 2012 CPI data which represented the first increase in six (6) years. On June 24, 2014, Resolution No. 2014-27 was adopted and the fees were adjusted 1.0% based on

March 2014 CPI data. On June 9, 2015, Resolution No. 2015-15 was adopted and the fees were adjusted 0.5% based on March 2015 CPI data.

ALTERNATIVES CONSIDERED:

Pursuant to the Town's Ordinance and Resolutions referenced herein, an annual adjustment is made to the User Fee based upon an evaluation of the Consumer's Price Index. If the proposed fee schedule is not approved, corresponding cuts in the adopted budget may need to be considered in an amount sufficient to offset the resulting revenue shortfall.

FISCAL REVIEW:

The Town has projected that approximately an additional \$100,000 will be collected in fees as a result of the proposed fees as proposed in the Town's Fiscal Year 2016-2017 Operating and Capital Improvement Budget. If the attached Fee Schedule is not approved, corresponding cuts in the Town's budget may need to be considered to offset the associated loss of resources anticipated in the Proposed FY 2016-2017 General Fund Budget.

LEGAL REVIEW:

The attached resolution has been reviewed and approved as to form.

CONCLUSION:

Staff recommends the adoption of the attached Resolution No. 2016-17 establishing the Fiscal Year 2016-2017 Fee Schedule. These fees are intended to partially or fully recover the service cost for each of the specified services or functions noted within the attached schedules. Staff recommends approval and adoption of the attached resolution.

RESOLUTION No. 2016-17

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, CALIFORNIA, AMENDING AND ESTABLISHING SPECIFIED FEES FOR TOWN SERVICES

WHEREAS, prior to 2005, the Town Council of the Town of Apple Valley had previously adopted schedules for various services, materials and mitigations provided by the Town specifying that the cost of rendering such services, materials or mitigations should be borne by the beneficiaries of same; and

WHEREAS, due to the effects of inflation and other factors, the revenues and said fees were no longer sufficient to defray the full cost of furnishing said services; and

WHEREAS, the Town of Apple Valley previously conducted an extensive and exhaustive analysis of its services, the costs reasonably borne of providing those services, the beneficiaries of those services and the revenues produced by those paying fees and charges for special services, contained in a document prepared by Town Staff and Revenue and Cost Specialists (“RCS”) entitled “Cost of Service Study for the Town of Apple Valley (Fiscal Year 2004-2005)”, published March 31, 2005; and

WHEREAS, following a duly noticed public hearing, and based upon said Cost of Services Study, the Town Council on May 10, 2005, adopted fees and charges, including those in Resolution No. 2005-21, which Resolution provided that referenced fees therein shall annually be automatically adjusted by a percentage amount equal to or less than the change in the cost of living index; Resolution No. 2006-44 clarified the intent of the Town to use the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Workers, which has been historically used by the Town and will continue to be used in the current resolution to assist in determining fees and cost of living adjustments; and

WHEREAS, such RCS Cost of Service Study for the Town of Apple Valley for Fiscal Year 2004-2005 has been updated annually since 2005 to include various price increases in construction costs, including increases in the prices of commodities as noted in the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Workers (March to March), and pursuant to a staff-developed construction price increase analysis fee study on file with the Town Clerk dated May 1, 2008; and

WHEREAS, on May 10, 2005, the Town Council of the Town of Apple Valley adopted Ordinance 294 which modified and amended certain wastewater fees and charges as provided by Exhibit B of said ordinance; and

WHEREAS, Exhibit B of Ordinance 294 provided for automatic adjustment by the Engineering News Record (ENR), construction cost index, 20 cities average (March to March); and

WHEREAS, the Town wishes to comply both with the letter and the spirit of Article XIII B of the California Constitution and limit the growth of taxes; and

WHEREAS, the Town desires to continue with the established policy of recovering the full costs reasonably borne of providing special services of a voluntary and limited nature, such that general taxes are not diverted from general services of a broad nature and thereby utilized to subsidize unfairly and inequitably such special services; and

WHEREAS, based upon the State Guidelines to Implement the California Environmental Quality Act (CEQA), the proposed changes to the adopted Apple Valley Fee Schedule is not defined as a project and is, therefore, EXEMPT from further environmental review; and

WHEREAS, the Town Council has duly considered the question of whether to automatically increase said fees on an annual basis; and

WHEREAS, implementing the cost of living increase by amending the Apple Valley Fee Schedule is necessary to implement the intent of Resolution No. 2005-21, and is consistent with applicable enactments of the Town of Apple Valley and will promote and continue to promote the health, safety and general welfare of the citizens of the Town of Apple Valley; and

WHEREAS, it is the intention of the Town Council to continue to implement and update its developed and revised schedule of fees and charges based on the Town's budgeted and projected costs reasonably borne for the ensuing fiscal year; and

WHEREAS, the Town in 2005 made available to the public data indicating the amount of cost, or estimated cost, required to provide the services for which the fees and service charges are levied and the revenue sources anticipated to provide the services, including the above-referenced Cost of Service Study; has made available for the public the said current construction price increase analysis and fee study; and

WHEREAS, the modified fees and charges proposed are consistent with the purpose and intent of the Town's General Plan; and

WHEREAS, all requirements for adoption of this Resolution have been complied with;

NOW, THEREFORE, BE IT RESOLVED that, based upon the said fee study considered by the Town Council, and for the reasons discussed by the Council, the Town Council of the Town of Apple Valley, California, finds, determines and orders as follows:

Section 1. That the fees, as increased, in the Proposed Municipal Fee Schedule hereby implement the automatic cost of living increase provisions intended by the Town Council in 2005, are consistent with applicable Town regulations, and will promote the health, safety and general welfare of the citizens of the Town of Apple Valley.

Section 2. That, based upon the State Guidelines to Implement the California Environmental Quality Act (CEQA), the proposed changes to the adopted Municipal Fee Schedule are not defined as a project and are, therefore, EXEMPT from further environmental review.

Section 3. The amended schedule of fees for various services, materials and mitigations provided by the Town of Apple Valley attached as the "Municipal Fee Schedule including Schedules A through Schedule L" inclusive, hereto, which amend and add to certain fees and charges contained in the Schedule of Fees adopted by Council Resolution Nos. 2002-15, 2005-21, 2008-30, 2014-27 and 2015-15 as subsequently amended, and pursuant to the provisions contained therein, are hereby approved and adopted.

Section 4. Prior enactments of the Town Council establishing fees and charges for services, materials and mitigations, identified within Schedule A through Schedule L inclusive, attached hereto, are hereby amended to the extent that such prior enactments duplicate or are inconsistent with fees and charges established hereby; except as so amended, fees and charges for services, materials or mitigations in effect prior to adoption of this resolution and not amended hereby shall remain in effect.

Section 5. The recitals and provisions of Ordinance No. 294, considered during the public hearing therefore on May 10, 2005, as they pertain to Quimby and Park Development Impact Fees are hereby referenced and incorporated in connection with adoption of this Resolution.

Section 6. Severability. If any provision of this Resolution or the application thereof to any person or circumstances held invalid, such invalidity shall not affect other provisions or applications and, to this end, the provisions of this Resolution are declared to be severable. In the event any fee increase herein is determined by the final judgment of a court of competent jurisdiction to be invalid, then the fee in effect as to that item prior to the adoption of the said invalidated fee by this Resolution shall be construed hereby to remain in effect.

Section 7. Except where the minimum effective date is otherwise prescribed by law, unless otherwise prescribed in Exhibit A attached hereto, the fees approved, increased and established herein shall become effective on July 01, 2016, unless otherwise noted.

APPROVED and **ADOPTED** by the Town Council of the Town of Apple Valley
this 14th day of June, 2016.

Town of Apple Valley

RESOLUTION No. 2016-17

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, CALIFORNIA, AMENDING AND ESTABLISHING SPECIFIED FEES FOR TOWN SERVICES

WHEREAS, prior to 2005, the Town Council of the Town of Apple Valley had previously adopted schedules for various services, materials and mitigations provided by the Town specifying that the cost of rendering such services, materials or mitigations should be borne by the beneficiaries of same; and

WHEREAS, due to the effects of inflation and other factors, the revenues and said fees were no longer sufficient to defray the full cost of furnishing said services; and

WHEREAS, the Town of Apple Valley previously conducted an extensive and exhaustive analysis of its services, the costs reasonably borne of providing those services, the beneficiaries of those services, and the revenues produced by those paying fees and charges for special services, contained in a document prepared by Town Staff and Revenue and Cost Specialists (“RCS”) entitled “Cost of Service Study for the Town of Apple Valley (Fiscal Year 2004-2005)”, published March 31, 2005; and

WHEREAS, following a duly noticed public hearing, and based upon said Cost of Services Study, the Town Council on May 10, 2005, adopted fees and charges, including those in Resolution No. 2005-21, which Resolution provided that referenced fees therein shall annually be automatically adjusted by a percentage amount equal to or less than the change in the cost of living index; Resolution No. 2006-44 clarified the intent of the Town to use the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Workers, which has been historically used by the Town, and will continue to be used in the current resolution to assist in determining fees and cost of living adjustments; and

WHEREAS, such RCS Cost of Service Study for the Town of Apple Valley for Fiscal Year 2004-2005 has been updated annually since 2005 to include various price increases in construction costs, including increases in the prices of commodities as noted in the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Workers (March to March), and pursuant to a staff-developed construction price increase analysis fee study on file with the Town Clerk dated May 1, 2008; and

WHEREAS, on May 10, 2005, the Town Council of the Town of Apple Valley adopted Ordinance 294 which modified and amended certain wastewater fees and charges as provided by Exhibit B of said ordinance; and

WHEREAS, Exhibit B of Ordinance 294 provided for automatic adjustment by the Engineering News Record (ENR), construction cost index, 20 cities average (March to March); and

WHEREAS, the Town wishes to comply both with the letter and the spirit of Article XIII B of the California Constitution and limit the growth of taxes; and

WHEREAS, the Town desires to continue with the established policy of recovering the full costs reasonably borne of providing special services of a voluntary and limited nature, such that general taxes are not diverted from general services of a broad nature and thereby utilized to subsidize unfairly and inequitably such special services; and

WHEREAS, based upon the State Guidelines to Implement the California Environmental Quality Act (CEQA), the proposed changes to the adopted Apple Valley Fee Schedule is not defined as a project and is, therefore, EXEMPT from further environmental review; and

WHEREAS, the Town Council has duly considered the question of whether to automatically increase said fees on an annual basis; and

WHEREAS, implementing the cost of living increase by amending the Apple Valley Fee Schedule is necessary to implement the intent of Resolution No. 2005-21, and is consistent with applicable enactments of the Town of Apple Valley and will promote and continue to promote the health, safety and general welfare of the citizens of the Town of Apple Valley; and

WHEREAS, it is the intention of the Town Council to continue to implement and update its developed and revised schedule of fees and charges based on the Town's budgeted and projected costs reasonably borne for the ensuing fiscal year; and

WHEREAS, the Town in 2005 made available to the public data indicating the amount of cost, or estimated cost, required to provide the services for which the fees and service charges are levied and the revenue sources anticipated to provide the services, including the above-referenced Cost of Service Study; has made available for the public the said current construction price increase analysis and fee study; and

WHEREAS, the modified fees and charges proposed are consistent with the purpose and intent of the Town's General Plan; and

WHEREAS, all requirements for adoption of this Resolution have been complied with;

NOW, THEREFORE, BE IT RESOLVED that, based upon the said fee study considered by the Town Council, and for the reasons discussed by the Council, the Town Council of the Town of Apple Valley, California, finds, determines and orders as follows:

Section 1. That the fees, as increased, in the Proposed Municipal Fee Schedule hereby implement the automatic cost of living increase provisions intended by the Town Council in 2005, are consistent with applicable Town regulations, and will promote the health, safety and general welfare of the citizens of the Town of Apple Valley.

Section 2. That, based upon the State Guidelines to Implement the California Environmental Quality Act (CEQA), the proposed changes to the adopted Municipal Fee Schedule are not defined as a project and are, therefore, EXEMPT from further environmental review.

Section 3. The amended schedule of fees for various services, materials and mitigations provided by the Town of Apple Valley attached as the "Municipal Fee Schedule including Schedules A through Schedule L" inclusive, hereto, which amend and add to certain fees and charges contained in the Schedule of Fees adopted by Council Resolution Nos. 2002-15, 2005-21, 2008-30, 2014-27 and 2015-15 as subsequently amended, and pursuant to the provisions contained therein, are hereby approved and adopted.

Section 4. Prior enactments of the Town Council establishing fees and charges for services, materials and mitigations, identified within Schedule A through Schedule L inclusive, attached hereto, are hereby amended to the extent that such prior enactments duplicate or are inconsistent with fees and charges established hereby; except as so amended, fees and charges for services, materials or mitigations in effect prior to adoption of this resolution and not amended hereby shall remain in effect.

Section 5. The recitals and provisions of Ordinance No. 294, considered during the public hearing therefore on May 10, 2005 as they pertain to Quimby and Park Development Impact Fees are hereby referenced and incorporated in connection with adoption of this Resolution.

Section 6. Severability. If any provision of this Resolution or the application thereof to any person or circumstances held invalid, such invalidity shall not affect other provisions or applications and, to this end, the provisions of this Resolution are declared to be severable. In the event any fee increase herein is determined by the final judgment of a court of competent jurisdiction to be invalid, then the fee in effect as to that item prior to the adoption of the said invalidated fee by this Resolution shall be construed hereby to remain in effect.

Section 7. Except where the minimum effective date is otherwise prescribed by law, unless otherwise prescribed in Exhibit A attached hereto, the fees approved, increased and established herein shall become effective on July 01, 2016 unless otherwise noted.

APPROVED and **ADOPTED** by the Town Council of the Town of Apple Valley this 14 day of June, 2016.

PREFACE

Building Inspection and Plan Review

All fees fixed by this section are for each identified process, and additional fees shall be imposed for each additional process required. Where fees are indicated on a per unit of measurement basis, the fee is for each identified unit or portion thereof within the indicated ranges of such units (e.g. such units of measurement include total valuation, square footage, cubic yards, years, BTU's, etc.).

Refund/Collection Policy - Where additional fees must be charged and collected for completed staff work; or where a refund of excess deposited fund is due, and where such charge or refund is ten dollars (\$10.00) or less; a charge or refund need not be made. This policy is in compliance with California Government Code Sections 29373.1 and 29375.1 and any amendments thereto.

Cumulative Fees - Where fees are indicated as cumulative, they are fixed for each indicated range individually and separately from all other ranges. The total of all preceding ranges yields the cumulative total.

Any fee which is less than the minimum permit fee charge, the difference is charged and shown under "issuance" fee.

**PERMIT AND PLAN REVIEW FEES FOR R AND U OCCUPANCIES
(RESIDENTIAL)**

The building permit and plan review fees for 1, 2 and 3 story buildings housing only R and U occupancies that are not hotels or motels shall be computed from “Table A” and “Table B” in this section. The permit fee from “Table B” includes all inspection fees for all phases of the construction, including fees for sewer connection or disposal permits, residential driveway approach permits, temporary construction power pole permits, and those for a temporary construction shed that is removed prior to final inspection. For roofing repairs and demolition, see page F15.

The adjusted floor area in “Table B” shall be computed from “Table A” by multiplying the actual area of each use as determined from exterior dimensions, by the appropriate factor from “Table A”.

TABLE A	
Living areas, including basements and cellars	1.00
Garage & storage buildings	0.50
Porch, patio, carport, storage shed	0.20
Porch or patio enclosure	0.50
Raised floor decking	0.20
Cover over raised floor decking	0.20
Slab or foundation only (when requested for record)	0.10
Masonry fireplace (for each firebox)	Add 60 sq. ft.
Retaining walls and masonry fences	0.20
Air supported and film covered agricultural buildings	0.10
Milking barns	0.80
Agricultural buildings with open sides	0.20
Other agricultural buildings	0.50

For remodeling, repair, alteration and rehabilitation in existing buildings, the factor is to be determined by dividing the valuation of the new work by the valuation of the existing building. The factor and square footage are to be determined by the prealteration inspection.

*When converting from one use to another use, the factor shall be the difference between the factor for the new use and the factor for the existing use (e.g., when converting a garage to living area, the factor will be 1.00 less .50 = .50).

DETERMINATION OF PERMIT FEE BY VALUATION (NON RESIDENTIAL)

The following establishes fees by ranges of total valuation. The determination of value or valuation shall be made by the Building Official. Special consideration may be given to the valuation of repetitive work. The value to be used in computing the building permit and building plan review fees shall be the total value of all construction work for which the permit is issued as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and other permanent equipment.

BUILDING PERMIT FEES

VALUATION	
\$1.00 to \$1,000	\$62.84*
\$1,000.01 to \$2,000	\$62.84*
for the first \$1,000 <u>plus</u> \$5.51 for each additional \$100 or fraction up to \$2,000.	
\$2,000.01 to \$25,000	\$117.94
for the first \$2,000 <u>plus</u> \$17.64 for each additional \$1,000 or fraction up to \$25,000.

for the first \$100,000 <u>plus</u> \$5.51 for each additional \$1,000 fraction thereof.	
* <i>Minimum permit fee \$92.00 (\$62.84 for cumulative fee calculation only).</i>	
In addition to construction fees, (including fees calculated by contract valuation) any electrical, mechanical, plumbing and solar fees are due.	
PLAN REVIEW FEE	
When the building code requires that a plan or other data be submitted, a plan review fee shall be paid.	
The plan review fee is 90% of the building permit fee from the above table and shall be paid when the plans are submitted.	
When only one plan is submitted and approved for more than one identical building at the same site, only one plan review fee shall be charged.	
When approved plans have been changed so as to require additional plan review, an additional fee shall be charged at a rate of \$69.00 per 1/2 hour (which is also the minimum charge).	
<u>Strong Motion Instrumentation Program (SMIP)</u> fee for non-residential = \$.00028 x valuation, min. \$.50 per State of California Public Resource Code.	

**PERMIT AND PLAN REVIEW FEES BASED ON VALUATION OF WORK

REFUNDS

1. The Building Official may authorize a refund of any fee erroneously paid or collected.

2. The Building Official may authorize refund of any fee paid where staff error results in the mandatory withdrawal of the application, regardless of the extent of work done in processing the application.

3. The Building Official may authorize a partial refund of any fee paid on an application filed, then voluntarily withdrawn before commencement of any work by staff on the project.
 - A. Actual Cost Service - Return fee up to 80%, except for.....\$60.00

 - B. Average Cost Service - Return fee, except for.....\$60.00

4. The Building Official will authorize no refund for any permit after work has been initiated.

The Building Official may not authorize the refunding of any fee paid except to the original permittee (or more than one year after the date of fee payment).

Unused deposit monies of completed Actual Cost Projects will be refunded to the payee when all charges for the project have been recorded.

GRADING FEES

The fee for additional grading beyond that authorized by a valid and current grading permit shall be the difference between the fee paid for the original permit and the fee required for the entire grading project.

When there are both excavation (cut) and embankment (fill) grading activities on the same site, the fee shall be based upon only the activity with the greatest volume (cubic yardage).

Separate permits and fees shall apply to retaining walls or major drainage structures calculated by square footage or valuation as indicated elsewhere in this section. There shall be no separate charges for standard terrace drains and similar facilities. Major drainages structures shall be defined as any drainage structure that is over 4' in height, or supports 4' or more of retained earth or supports a surcharge load and where on private property not inspected by the Engineering Department or agent(s) thereof. Exemption from permits and fees does not exempt such structures, methods or devices from inspections necessary to ensure storm waters are safely conducted to an approved location.

These fees are in addition to any fee required by the Engineering Department for review of grading plans.

(1) Schedule of grading permit fees:	
(A)	0 - 100 cubic yards \$92.00
(B)	100.1 – 1,000 cubic yards \$46.00/100 cu. yds. plus cumulative total
(C)	1,000.1 – 10,000 cubic yards \$46.00/1,000 cu. yds. plus cumulative total
(D)	10,000.1 – 100,000 cubic yards \$92.00/10,000 cu. yds. plus cumulative total
(E)	Over 100,000 cubic yards \$92.00/10,000 cu. yds. plus cumulative total
(2) Grading plan review fees. When a grading plan is submitted for review, the fee paid at the time of submittal shall be 40% of the grading permit fee.

Town of Apple Valley

Beginning on July 1st of each year the fees contained herein shall automatically be adjusted by a percentage amount that is equal to or less than, as determined annually by the Town Council, the change to the Consumer Price Index, using the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Earners for the previous twelve (12) month period (March to March). In compliance with State law, these fee increases shall only be implemented to the extent that a fee study justifies the actual Town cost in providing these services warrants these increases. Said fee study shall be filed with the Town Clerk at least sixty (60) days prior to July 1st of each year.

For all Improvement and Grading/Excavation activities covered under Engineering, Section 3 below, and based upon valuation of work, all range unit values shall adjust consistent with the Los Angeles Region Engineering News Record (ENR) % of annual change.

A. Tentative Approval Fees	
1. Special Study Review Overhead (Traffic, Hydrology, Geology, Soils, Percolation, etc)	ACTUAL COST plus 30%

COMMERCIAL RATES

This rate applies to anyone promoting or operating for-profit activities. Standard rates, as listed above, will apply. In addition, a minimum of 10% of projected revenue will be charged, along with any other applicable Town of Apple Valley fees (i.e., business licenses, seller's permits, etc.). *These fees will only be assessed to those groups unable to provide their own set-up and take down. N/A - Means the fee and service was previously not offered.

NON-PROFIT FEES ESTABLISHED

Non-profit rates are available only to approved Park and Recreation Department or Town-based non-profit, tax-exempt groups whose services or activities are provided to local residents (open to the public). Any group qualifying for this rate must fall within the same public scrutiny as the Town of Apple Valley, and the following shall apply:

1. All groups qualifying for this rate must submit proof of non-profit status.
2. All meetings are public and must comply with the Brown Act,
3. All groups qualifying for this rate must submit a financial summary to the Town, upon request. All records (i.e., minutes, board of directors' home numbers, etc.) must be made available to the general public.

PRIORITY USES ESTABLISHED

Town Parks and Facilities are to be used for activities, programs and/or special events, which provide optimum use and benefit to the residents of the Town of Apple Valley. Facility uses shall be granted in the following order:

1. Town-sponsored events, programs and activities.
2. Other Town-based agencies that reciprocate equally with the Town for park and facility uses on a straight exchange basis.
3. Programs/activities conducted by Town-based, non-profit community serving groups, serving the Town of Apple Valley community-at-large.
4. All others.

TOWN ASSISTED ORGANIZATIONS

1. All meetings must be open to the public and comply with the Brown Act.
2. All records (minutes, financial reports, etc.) must be made available to the general public.
3. Town assisted groups may be required to provide their organization's volunteer labor and/or service in exchange for free usage of facilities and parks.

ADDITIONAL REQUIREMENTS AND INFORMATION:

1. Damage deposits, insurance, security guards, portable restrooms, trash receptacles/dumpsters and any other requirements deemed necessary by the Town Manager, or designee, may be required depending on the type of activity and the number of people attending.
2. Facility usage may be denied for uses if determined by the Town Manager, or designee, to constitute a monopoly.
3. Additional fees for special services or for rental equipment such as tables, chairs, portable sound system, sports equipment, etc., may be required,
4. Exceptions may occasionally be made to the established rates for special circumstances or events, which are deemed to be in the best interest of the Town, by the Town Manager, or designee.

Town of Apple Valley

Beginning on July 1st of each year the fees contained herein shall automatically be adjusted by a percentage amount that is equal to or less than, as determined annually by the Town Council, the change to the Consumer Price Index, using the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Earners for the previous twelve (12) month period (March to March). In compliance with State law, these fee increases shall only be implemented to the extent that a fee study justifies the actual Town cost in providing these services warrants these increases. Said fee study shall be filed with the Town Clerk at least sixty (60) days prior to July 1st of each year.

All fees fixed by this schedule are for each application process; additional fees will be applied for each additional process that is required. Where fees are indicated on a per acre basis, the fee is for each gross acre or portion thereof within the indicated range.

Deposit/Refund/Collection Policy

Where additional fees must be charged and collected for complete staff work, or where a refund of excess deposited funds is due, and where such charge or refund is \$10 or less, a charge or refund need not be made (California Government Code Sections 29373.1 and 29375.1 as amended).

Actual Costs

Actual costs may include direct Town costs as well as consultant services, where necessary, and contract administration. The Director of Community Development may require minimum deposits greater or less than those specified, based upon the complexity of the application and anticipated processing. The Director may require additional deposits during processing, pursuant to guidelines specified in Schedule G, Town-wide Fees and Deposit and Refund Policy.

Town of Apple Valley

RESOLUTION No. 2016-__

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, CALIFORNIA, AMENDING AND ESTABLISHING SPECIFIED FEES FOR TOWN SERVICES

WHEREAS, prior to 2005, the Town Council of the Town of Apple Valley had previously adopted schedules for various services, materials and mitigations provided by the Town specifying that the cost of rendering such services, materials or mitigations should be borne by the beneficiaries of same; and

WHEREAS, due to the effects of inflation and other factors, the revenues and said fees were no longer sufficient to defray the full cost of furnishing said services; and

WHEREAS, the Town of Apple Valley previously conducted an extensive and exhaustive analysis of its services, the costs reasonably borne of providing those services, the beneficiaries of those services, and the revenues produced by those paying fees and charges for special services, contained in a document prepared by Town Staff and Revenue and Cost Specialists (“RCS”) entitled “Cost of Service Study for the Town of Apple Valley (Fiscal Year 2004-2005)”, published March 31, 2005; and

WHEREAS, following a duly noticed public hearing, and based upon said Cost of Services Study, the Town Council on May 10, 2005, adopted fees and charges, including those in Resolution No. 2005-21, which Resolution provided that referenced fees therein shall annually be automatically adjusted by a percentage amount equal to or less than the change in the cost of living index; Resolution No. 2006-44 clarified the intent of the Town to use the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Workers, which has been historically used by the Town, and will continue to be used in the current resolution to assist in determining fees and cost of living adjustments; and

WHEREAS, such RCS Cost of Service Study for the Town of Apple Valley for Fiscal Year 2004-2005 has been updated annually since 2005 to include various price increases in construction costs, including increases in the prices of commodities as noted in the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Workers (March to March), and pursuant to a staff- developed construction price increase analysis fee study on file with the Town Clerk dated May 1, 2008; and

WHEREAS, on May 10, 2005, the Town Council of the Town of Apple Valley adopted Ordinance 294 which modified and amended certain wastewater fees and charges as provided by Exhibit B of said ordinance; and

WHEREAS, Exhibit B of Ordinance 294 provided for automatic adjustment by the Engineering News Record (ENR), construction cost index, 20 cities average (March to March); and

WHEREAS, the Town wishes to comply both with the letter and the spirit of Article XIII B of the California Constitution and limit the growth of taxes; and

WHEREAS, the Town desires to continue with the established policy of recovering the full costs reasonably borne of providing special services of a voluntary and limited nature, such that general taxes are not diverted from general services of a broad nature and thereby utilized to subsidize unfairly and inequitably such special services; and

WHEREAS, based upon the State Guidelines to Implement the California Environmental Quality Act (CEQA), the proposed changes to the adopted Apple Valley Fee Schedule is not defined as a project and is, therefore, EXEMPT from further environmental review; and

WHEREAS, the Town Council has duly considered the question of whether to automatically increase said fees on an annual basis; and

WHEREAS, implementing the cost of living increase by amending the Apple Valley Fee Schedule is necessary to implement the intent of Resolution No. 2005-21, and is consistent with applicable enactments of the Town of Apple Valley and will promote and continue to promote the health, safety and general welfare of the citizens of the Town of Apple Valley; and

WHEREAS, it is the intention of the Town Council to continue to implement and update its developed and revised schedule of fees and charges based on the Town's budgeted and projected costs reasonably borne for the ensuing fiscal year; and

WHEREAS, the Town in 2005 made available to the public data indicating the amount of cost, or estimated cost, required to provide the services for which the fees and service charges are levied and the revenue sources anticipated to provide the services, including the above-referenced Cost of Service Study; has made available for the public the said current construction price increase analysis and fee study; and

WHEREAS, the modified fees and charges proposed are consistent with the purpose and intent of the Town's General Plan; and

WHEREAS, all requirements for adoption of this Resolution have been complied with;

NOW, THEREFORE, BE IT RESOLVED that, based upon the said fee study considered by the Town Council, and for the reasons discussed by the Council, the Town Council of the Town of Apple Valley, California, finds, determines and orders as follows:

Section 1. That the fees, as increased, in the Proposed Municipal Fee Schedule hereby implement the automatic cost of living increase provisions intended by the Town Council in 2005, are consistent with applicable Town regulations, and will promote the health, safety and general welfare of the citizens of the Town of Apple Valley.

Section 2. That, based upon the State Guidelines to Implement the California Environmental Quality Act (CEQA), the proposed changes to the adopted Municipal Fee Schedule are not defined as a project and are, therefore, EXEMPT from further environmental review.

Section 3. The amended schedule of fees for various services, materials and mitigations provided by the Town of Apple Valley attached as the "Municipal Fee Schedule including Schedules A through Schedule L" inclusive, hereto, which amend and add to certain fees and charges contained in the Schedule of Fees adopted by Council Resolution Nos. 2002-15, 2005-21, 2008-30, 2014-27 and 2015-15 as subsequently amended, and pursuant to the provisions contained therein, are hereby approved and adopted.

Section 4. Prior enactments of the Town Council establishing fees and charges for services, materials and mitigations, identified within Schedule A through Schedule L inclusive, attached hereto, are hereby amended to the extent that such prior enactments duplicate or are inconsistent with fees and charges established hereby; except as so amended, fees and charges for services, materials or mitigations in effect prior to adoption of this resolution and not amended hereby shall remain ineffect.

Section 5. The recitals and provisions of Ordinance No. 294, considered during the public hearing therefore on May 10, 2005 as they pertain to Quimby and Park Development Impact Fees are hereby referenced and incorporated in connection with adoption of this Resolution.

Section 6. Severability. If any provision of this Resolution or the application thereof to any person or circumstances held invalid, such invalidity shall not affect other provisions or applications and, to this end, the provisions of this Resolution are declared to be severable. In the event any fee increase herein is determined by the final judgment of a court of competent jurisdiction to be invalid, then the fee in effect as to that item prior to the adoption of the said invalidated fee by this Resolution shall be construed hereby to remain in effect.

Section 7. Except where the minimum effective date is otherwise prescribed by law, unless otherwise prescribed in Exhibit A attached hereto, the fees approved, increased and established herein shall become effective on July 01, 2016 unless otherwise noted.

APPROVED and **ADOPTED** by the Town Council of the Town of Apple Valley this 14 day of June, 2016.

PREFACE

Building Inspection and Plan Review

All fees fixed by this section are for each identified process, and additional fees shall be imposed for each additional process required. Where fees are indicated on a per unit of measurement basis, the fee is for each identified unit or portion thereof within the indicated ranges of such units (e.g. such units of measurement include total valuation, square footage, cubic yards, years, BTU's, etc.).

Refund/Collection Policy - Where additional fees must be charged and collected for completed staff work; or where a refund of excess deposited fund is due, and where such charge or refund is ten dollars (\$10.00) or less; a charge or refund need not be made. This policy is in compliance with California Government Code Sections 29373.1 and 29375.1 and any amendments thereto.

Cumulative Fees - Where fees are indicated as cumulative, they are fixed for each indicated range individually and separately from all other ranges. The total of all preceding ranges yields the cumulative total.

Any fee which is less than the minimum permit fee charge, the difference is charged and shown under "issuance" fee.

PERMIT AND PLAN REVIEW FEES FOR R AND U OCCUPANCIES (RESIDENTIAL)

The building permit and plan review fees for 1, 2 and 3 story buildings housing only R and U occupancies that are not hotels or motels shall be computed from “Table A” and “Table B” in this section. The permit fee from “Table B” includes all inspection fees for all phases of the construction, including fees for sewer connection or disposal permits, residential driveway approach permits, temporary construction power pole permits, and those for a temporary construction shed that is removed prior to final inspection. For roofing repairs and demolition, see page F15.

The adjusted floor area in “Table B” shall be computed from “Table A” by multiplying the actual area of each use as determined from exterior dimensions, by the appropriate factor from “Table A”.

TABLE A	
Living areas, including basements and cellars	1.00
Garage & storage buildings, storage shed	0.50
Porch, patio, carport, storage shed	0.20
Porch or patio enclosure	0.50
Raised floor decking	0.20
Cover over raised floor decking	0.20
Slab or foundation only (when requested for record)	0.10
Masonry fireplace (for each firebox)	Add 60 sq. ft.
Retaining walls and masonry fences	0.20
Air supported and film covered agricultural buildings	0.10
Milking barns	0.80
Agricultural buildings with open sides	0.20
Other agricultural buildings	0.50

For remodeling, repair, alteration and rehabilitation in existing buildings, the factor is to be determined by dividing the valuation of the new work by the valuation of the existing building. The factor and square footage are to be determined by the prealteration inspection.

*When converting from one use to another use, the factor shall be the difference between the factor for the new use and the factor for the existing use (e.g., when converting a garage to living area, the factor will be 1.00 less .50 = .50).

DETERMINATION OF PERMIT FEE BY VALUATION (NON RESIDENTIAL)

The following establishes fees by ranges of total valuation. The determination of value or valuation shall be made by the Building Official. Special consideration may be given to the valuation of repetitive work. The value to be used in computing the building permit and building plan review fees shall be the total value of all construction work for which the permit is issued as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and other permanent equipment.

BUILDING PERMIT FEES

VALUATION	
\$1.00 to \$1,000	\$62.84*
\$1,000.01 to \$2,000	\$62.84*
for the first \$1,000 <u>plus</u> \$5.51 for each additional \$100 or fraction up to \$2,000.	
\$2,000.01 to \$25,000	\$117.94
for the first \$2,000 <u>plus</u> \$17.64 for each additional \$1,000 or fraction up to \$25,000.

\$50,000.01 to \$100,000	\$936.91
for the first \$50,000 <u>plus</u> \$8.82 for each additional \$1,000 or fraction up to \$100,000.	
\$100,000.01 and up	\$1,377.91
for the first \$100,000 <u>plus</u> \$5.51 for each additional \$1,000 fraction thereof.	
<i>*Minimum permit fee \$62.84 (\$62.84 for cumulative fee calculation only)</i>	
In addition to construction fees, (including fees calculated by contract valuation) any electrical, mechanical, plumbing and solar fees are due.	

PLAN REVIEW FEE

When the building code requires that a plan or other data be submitted, a plan review fee shall be paid.

The plan review fee is 90% of the building permit fee from the above table and shall be paid when the plans are submitted.

When only one plan is submitted and approved for more than one identical building at the same site, only one plan review fee shall be charged.

When approved plans have been changed so as to require additional plan review, an additional fee shall be charged at a rate of **\$69.00 per 1/2 hour** (which is also the minimum charge).

**PERMIT AND PLAN REVIEW FEES BASED ON VALUATION OF WORK
(NON RESIDENTIAL)**

INSTRUCTION:

Use the valuation that is the same as or greater than the computed valuation.

REFUNDS

1. The Building Official may authorize a refund of any fee erroneously paid or collected.

2. The Building Official may authorize refund of any fee paid where staff error results in the mandatory withdrawal of the application, regardless of the extent of work done in processing the application.

3. The Building Official may authorize a partial refund of any fee paid on an application filed, then voluntarily withdrawn before commencement of any work by staff on the project.
 - A. Actual Cost Service - Return fee up to 80%, except for.....\$60.00

 - B. Average Cost Service - Return fee, except for.....\$60.00

4. The Building Official will authorize no refund for any permit after work has been initiated.

The Building Official may not authorize the refunding of any fee paid except to the original permittee (or more than one year after the date of fee payment).

Unused deposit monies of completed Actual Cost Projects will be refunded to the payee when all charges for the project have been recorded.

GRADING FEES

The fee for additional grading beyond that authorized by a valid and current grading permit shall be the difference between the fee paid for the original permit and the fee required for the entire grading project.

When there are both excavation (cut) and embankment (fill) grading activities on the same site, the fee shall be based upon only the activity with the greatest volume (cubic yardage).

Separate permits and fees shall apply to retaining walls or major drainage structures calculated by square footage or valuation as indicated elsewhere in this section. There shall be no separate charges for standard terrace drains and similar facilities. Major drainages structures shall be defined as any drainage structure that is over 4' in height, or supports 4' or more of retained earth or supports a surcharge load and where on private property not inspected by the Engineering Department or agent(s) thereof. Exemption from permits and fees does not exempt such structures, methods or devices from inspections necessary to ensure storm waters are safely conducted to an approved location.

These fees are in addition to any fee required by the Engineering Department for review of grading plans.

(1) Schedule of grading permit fees:	
(A) 0 - 100 cubic yards	\$92.00
(B) 100.1 – 1,000 cubic yards	\$46.00/100 cu. yds. plus cumulative total
(C) 1,000.1 – 10,000 cubic yards	\$46.00/1,000 cu. yds. plus cumulative total
(D) 10,000.1 – 100,000 cubic yards	\$92.00/10,000 cu. yds. plus cumulative total
(E) Over 100,000 cubic yards	\$92.00/10,000 cu. yds. plus cumulative total
(2) Grading plan review fees. When a grading plan is submitted for review, the fee paid at the time of submittal shall be 40% of the grading permit fee.

2. Checking Fee Parcel Map* Overhead (1) Deposit required	ACTUAL COST plus 30% \$746.00 plus \$47.00 per lot
3. Deferred Monumentation – Cash deposit required. Cash deposit shall be made in the amount of (1) or (2) – whichever is greater. (1) 20 lots or less (a) More than 20 lots (2) an estimate to perform the monumentation prepared by engineer of record.	\$120.00 per lot \$2,395.00 plus \$108.00 per lot for each lot ACTUAL COST plus 30%
C. Improvement and Grading Fees	
All indicated fees are cumulative. Fees are fixed as a percentage of the total improvement cost within the indicated ranges and are fixed for each range individually and separately from all ranges. Fees apply to all improvements required for land division and building permits.	
1. Plan Check Fees	3.5% of valuation
2. Inspection Fees	1% of valuation
* An additional 50% of original deposit shall be made if more than three plan checks are required unless plan checks are required due to staff error.

COMMERCIAL RATES

This rate applies to anyone promoting or operating for-profit activities. Standard rates, as listed above, will apply. In addition, a minimum of 10% of projected revenue will be charged, along with any other applicable Town of Apple Valley fees (i.e., business licenses, seller's permits, etc.). *These fees will only be assessed to those groups unable to provide their own set-up and take down. N/A - Means the fee and service was previously not offered.

NON-PROFIT FEES ESTABLISHED

Non-profit rates are available only to approved Park and Recreation Department or Town-based non-profit, tax-exempt groups whose services or activities are provided to local residents (open to the public). Any group qualifying for this rate must fall within the same public scrutiny as the Town of Apple Valley, and the following shall apply:

1. All groups qualifying for this rate must submit proof of non-profit status.
2. All meetings are public and must comply with the Brown Act,
3. All groups qualifying for this rate must submit a financial summary to the Town, upon request. All records (i.e., minutes, board of directors' home numbers, etc.) must be made available to the general public.

PRIORITY USES ESTABLISHED

Town Parks and Facilities are to be used for activities, programs and/or special events, which provide optimum use and benefit to the residents of the Town of Apple Valley. Facility uses shall be granted in the following order:

1. Town-sponsored events, programs and activities.
2. Other Town-based agencies that reciprocate equally with the Town for park and facility uses on a straight exchange basis.
3. Programs/activities conducted by Town-based, non-profit community serving groups, serving the Town of Apple Valley community-at-large.
4. All others.

TOWN ASSISTED ORGANIZATIONS

1. All meetings must be open to the public and comply with the Brown Act.
2. All records (minutes, financial reports, etc.) must be made available to the general public.
3. Town assisted groups may be required to provide their organization's volunteer labor and/or service in exchange for free usage of facilities and parks.

ADDITIONAL REQUIREMENTS AND INFORMATION:

1. Damage deposits, insurance, security guards, portable restrooms, trash receptacles/dumpsters and any other requirements deemed necessary by the Town Manager, or designee, may be required depending on the type of activity and the number of people attending.

Town of Apple Valley

Beginning on July 1st of each year the fees contained herein shall automatically be adjusted by a percentage amount that is equal to or less than, as determined annually by the Town Council, the change to the Consumer Price Index, using the Los Angeles-Riverside-Orange County Consumer Price Index for Urban Wage Earners and Clerical Earners for the previous twelve

(12) month period (March to March). In compliance with State law, these fee increases shall only be implemented to the extent that a fee study justifies the actual Town cost in providing these services warrants these increases. Said fee study shall be filed with the Town Clerk at least sixty (60) days prior to July 1st of each year.

All fees fixed by this schedule are for each application process; additional fees will be applied for each additional process that is required. Where fees are indicated on a per acre basis, the fee is for each gross acre or portion thereof within the indicated range.

Deposit/Refund/Collection Policy

Where additional fees must be charged and collected for complete staff work, or where a refund of excess deposited funds is due, and where such charge or refund is \$10 or less, a charge or refund need not be made (California Government Code Sections 29373.1 and 29375.1 as amended).

Actual Costs

Actual costs may include direct Town costs as well as consultant services, where necessary, and contract administration. The Director of Community Development may require minimum deposits greater or less than those specified, based upon the complexity of the application and anticipated processing. The Director may require additional deposits during processing, pursuant to guidelines specified in Schedule G, Town-wide Fees and Deposit and Refund Policy.
