

Thank You!!

We are having such a great time with the new dogs. Here we are...my children and I (dad took the picture) with the newest additions to our family (starting from the left) Coco now 5 months old adopted from your shelter on 7/13 and picked up on the 27th, her kennel cough all gone and she is a very active shepherd mix. Next to her is Ubu, the black lab mix we adopted from your shelter as well on 7/16 now 6 months old. Her wounds from the imbedded harness have healed nicely and she is the best dog we could have asked for. Next to Ubu is our 18 month old female rescued/stray pit bull mix Sandi. Last, but not least, is the old man of the bunch. Corky is a 9 year old shepherd/pit bull mix that we picked up from the front of Walmart when he was 6 weeks old. We have been having a wonderful time with our new puppies and as you can see below, they enjoy us too.
