TOWN COUNCIL STAFF REPORT

To: Honorable Mayor and Town Council **Date:** March 27, 2018

From: Joseph Ramos, Emergency Services Officer **Item No:** 6
Disaster Services Department

Subject: 2017 HAZARD MITIGATION PLAN UPDATE

T.M. Approval: _____ **Budgeted Item:** Yes No N/A

RECOMMENDED ACTION:

That the Town Council adopt Resolution No. 2018-09, adopting the 2017 Apple Valley Local Hazard Mitigation Plan update.

SUMMARY:

Under the direction of the Town Managers Department, the Office of Emergency Preparedness began updating the Hazard Mitigation Plan (HMP) in the summer of 2016. The plan requires an inclusive approach by inviting key stakeholders and community members to be involved in the planning process. Updates and opportunities for suggestions and feedback on the HMP were provided at every Disaster Council meeting during the planning process. An update was also provided to Council on March 28, 2017. Council was informed that the plan would be open for public review for 30 days beginning in April of 2017.

The original HMP was approved by Town Council through Resolution No. 2005-12 on March 8, 2015. The Town participated with the San Bernardino County Office of Emergency Services in the planning process to revise the HMP according to compliance standards set forth by FEMA. The Town's review and revision of the HMP Update reflects changes in development, progress of previously identified mitigation projects in the 2012 Plan, and hazard priorities.

The HMP describes the hazards that can affect the Town, assess the community's risk from these hazards and provides actions or projects that the community desires to mitigate vulnerabilities.

Timeline:

- HMP was submitted to Cal OES for review on September 18, 2017
- Cal OES provided feedback on December 13, 2017.
- HMP was resubmitted to Cal OES on January 24, 2018.
- HMP was submitted to FEMA by Cal OES on February 1, 2018.
- FEMA approved HMP “pending adoption by Council” on March 2, 2018.

Once the final requirements have been met, a letter of official approval from FEMA will be generated and sent to the Office of Emergency Preparedness.

The 2017 Hazard Mitigation Plan Update is available on the Town’s website: www.ReadyAppleValley.org.

BACKGROUND:

The Federal Disaster Mitigation Act of 2000 (DMA) establishes requirements for state and local entities to prepare and keep updated a comprehensive HMP. In order to be eligible for pre and post disaster mitigation grants each jurisdiction must submit a plan to the California Office of Emergency Services (Cal OES) and Federal Emergency Management Agency (FEMA) for approval. The regulation requires that HMP’s be updated and resubmitted to FEMA for approval every five years in order for jurisdictions to remain eligible for FEMA grant programs.

FISCAL IMPACT:

None. However, the adoption of the HMP is a pre-requisite for receiving pre-disaster mitigation grant funds, disaster response reimbursements and mitigation project reimbursements linked to damages resulting from a federal and/or state disaster declaration.
