APPLE VALLEY GRANTED \$4.5 MILLION

TO WIDEN MAJOR INTERSECTION AND REDUCE CONGESTION

In the not too distant future, commuters traveling through the Apple Valley Road and Highway 18 intersection will spend more time doing things they love and less time on the road now that the California Transportation Commission (CTC) has allocated \$4.46 million to help widen and realign that section of road to improve traffic flow.

road on the southeast corner. This project will also reduce the multiple changes in grade throughout the intersection to provide better rideability and sight distance for motorists.

The 2018 Local Partnership Program Funds will be matched with San Bernardino County Transportation Authority Measure I funds and Apple Valley Transportation Impact Fees to fully cover the \$8.92 million cost of the project that will improve local and regional traffic flow, reduce congestion, gridlock and vehicle emissions while providing easier access to housing, jobs, hospitals, medical facilities, churches, local restaurants and other commercial businesses that are in Apple Valley. The active transportation elements will also provide greater safety and mobility for bikers and pedestrians. The plan calls to widen Highway 18 from four lanes to six, and widen Apple Valley Road to four lanes at the existing intersection to allow for additional approach and turn lanes. The frontage road on the northwest corner will be eliminated and will be changed to a one-way

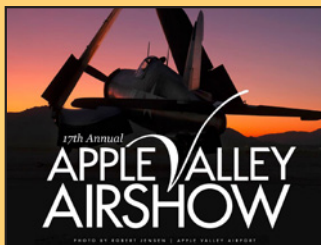

Additional work will include:

- New traffic signals
- Storm drain installation
- Additional turn lanes
- Improved signage
- New retaining walls
- Crosswalks added in three locations
- Curbs, sidewalks, ramps and gutters installed

The Engineering Department has worked with Caltrans District 8 since 2008 to design the project. Construction is expected to commence in summer of 2019 with a target completion date of late 2020. For more information please call the Engineering Department at (760) 240-7000, ext. 7013.

STATE OF THE TOWN

Presentation scheduled for August 15

The Apple Valley Town Council will present the 2018 State of the Town Address at the August 15 Apple Valley Chamber of Commerce meeting.

In the 30 years since its incorporation, the Town of Apple Valley has provided "A Better Way of Life" through its services, economic development, infrastructure, amenities and public safety. This year's address will provide an update on the Town's latest efforts in these areas at the luncheon held from 11 a.m. to 1 p.m. at the Apple Valley Conference Center, 14975 Dale Evans Parkway, adjacent to Town Hall.

"This is an exciting tradition between the Town and the Chamber of Commerce," said Apple Valley Chamber of Commerce President Janice Moore. "An informative and entertaining presentation is always in store at the State of the Town address as our local economy grows stronger each year."

The cost is \$25 in advance through Event Brite. Gallery-only seating without lunch is available at no charge with advance reservations.

For reservations contact the Chamber office at (760) 242-2753 or email jmoore@avchamber.org.

GET TRAINED

Prepare for a Disaster

The volcanoes in Hawaii and Guatemala, the hurricane in Puerto Rico, and the severe flooding seen in many U.S. states are reminders that disasters can happen anywhere. Learn how to care for yourself, your family and your community in a local disaster by becoming a Community Emergency Response Team (C.E.R.T.) member.

The Town of Apple Valley, in conjunction with the Apple Valley Fire Protection District, will offer a free, 20-hour course on Saturdays beginning Sept. 15. Participants will learn disaster preparedness, fire safety, disaster medical attention, light search and rescue, disaster psychology, terrorism and more. For more information, or to register, visit www.ReadyAppleValley.org, email ready@applevalley.org, or call (760) 240-7000 x7791.

ABC'S of Water

How does a region that encompasses nearly 5,000 square miles develop a comprehensive plan for long-term water management and select key projects? Through extensive community input and participation called the Integrated Regional Water Management Plan. Learn how you can participate and advance the water programs and projects that keep the region sustainable at the July ABCs of Water program presented by Lance Eckhart, MWA's Director of Basin Management and Resource Planning, Jeanette Hayhurst, Chairperson of the Technical Advisory Committee, and Richard Selby, Technical Field Specialist for the California Rural Water Association.

The September session will help answer questions regarding new water regulations included in Senate Bill 606 and Assembly Bill 1668. These two pieces of legislation will shape how California uses water for many years to come.

Refreshments will be served. Seating is limited. Contact Gloria Golike at (760) 946-7001 or ggolike@mojavewater.org by July 23 to reserve your space.

PULSEPOINT APP

Approximately 57% of U.S. adults say they've had CPR training, and most would be willing to use CPR or an Automated External Defibrillator (AED) to help save a stranger's life. Yet only 11% say they've used CPR in an actual emergency. The Apple Valley Fire Protection District, in conjunction with the Pulse Point Foundation, hope to increase the number of respondents with the release of the PulsePoint App.

Available free from the iTunes Store and Google Play, the app notifies CPR trained bystanders of an emergency and notifies users of the closest available AED. Apple Valley Fire Protection District is one of the most recent agencies to use the app that is designed to put the right people in the right place at the right time to save lives.

The PulsePoint Foundation is a California-based non-profit organization whose mission is to make it easier for citizens who are trained in CPR to use their life-saving skills through cell phones. For additional information on CPR or first aid classes contact the Apple Valley Fire Protection District at (760) 247-7618 or visit www.applevalleyfd.com.

SUNSET CONCERT SERIES

Takes Top Award For Live Music

Live music...dancing...food...and spending quality time with friends and family are among the many reasons why thousands of people come to Apple Valley's Sunset Concert Series on Thursday evenings.

Consistently ranked by locals as one of the Best of the Desert activities, the Sunset Concert Series continues to delight crowds weekly from 6 to 9 p.m. at the Civic Center Park Amphitheater through July 26. The remaining line-up of bands includes:

- **July 12** – Ray Brooks and the Bluzmasters (R&B/Soul)
- **July 19** – Latin Express (Top 40/Latin)
- **July 26** – Silverados (Country)

Civic Center Park is adjacent to Apple Valley Town Hall and across from Super Target in the Apple Valley Commons shopping center. Parking and admission are free. The park has inclined lawn seating for more than 1,500 people, so concert goers should bring blankets or portable chairs. Apple Valley loves animals, but pets are not allowed in the concert venue. Smoking and vaping is prohibited in all Town parks, including our concerts.

For more information about concerts or other special events visit www.AppleValleyEvents.org.

Apple Valley Commons

Concerts return to The Courtyard every Thursday in September from 6 to 8 p.m. Grab dinner from a local eatery and join us for live music under the gazebo near the corner of Dale Evans Parkway and Highway 18.

Donors Help S.A.V.E. OUR SUMMER CONCERTS

Can you imagine a Thursday night in Apple Valley without the sound of music or the smell of kettle corn? Can you picture Civic Center Park without the hum of a crowd of 2,000 people or the joy of families gathered on the cool grass?

Neither can we, which is why we are so grateful to our 2018 SAVE (Support Apple Valley Events) sponsors. As a community partner, Best, Best and Krieger, CEMEX and more than two dozen other local businesses and individuals have joined together to ensure free live music will continue this summer. Please patronize these businesses and show them you are grateful for their contributions to "A Better Way of Life" in Apple Valley.

More than 500 athletes will run, bike and swim their way through the Town of Apple Valley's 9th Annual Reverse Triathlon on Saturday, September 22 at Civic Center Park, behind Town Hall. The day will feature three events: a triathlon, a 5k run, and a kid's triathlon for those 11 years and younger.

The Reverse Triathlon will start with a 5k run, transition into a 12-mile flat road course, and finish with a 150-yard pool swim. The Apple Valley kids' triathlon will consist of a .75-mile run, 1-mile bike ride, and a 50-yard swim. The event will also include a stand-alone 5K.

Thanks to the support of Walmart, all athletes will receive a T-shirt and finisher's medal. Medals will be awarded to the top three triathlon competitors in each age group. Plaques will be awarded to the top three overall male and female participants for the 5k, triathlon and relay. Each kid tri-athlete will receive a

medal and T-shirt but no additional ranked awards will be given as this event is purely for the enjoyment of the kids.

To ensure everyone's safety, the Town and the Police Department will close Dale Evans Parkway from Bass Hill Road to Corwin Road from 6:30 a.m. to approximately 9:30 a.m. Waalew will also be closed from Corwin to Navajo. Drivers can access Highway 18 via Rancherias or Corwin to the west and Navajo or Flathead to the east.

Citizens on Patrol (COPs) will provide traffic assistance to residents of Dale Evans Parkway and areas just north of Brewster Park who need to reach a de-tour point. For the safety of the athletes please do not drive on Dale Evans without a COP escort.

To register, or for more details on the event or road closures, visit www.AVRevTri.org or call the Recreation Department at (760) 240-7880.

Town Takes First Steps

VILLAGE ACCESSIBILITY PROJECT

Commuters and residents will soon have improved access to Apple Valley's historic downtown district after the Town of Apple Valley reconstructs John Glenn Road. On June 12, the Town Council approved a solicitation for bids to pave the street, and install curb, gutter, and sidewalk along the east side of the road.

A cooperative effort between the Town of Apple Valley and the Village Property and Business Improvement District (PBID), the Apple Valley Village Accessibility Project will allow the Town to accept the private road into the Town's street system and provide maintenance.

"The increase in business openings combined with the uptick in traffic in the Village has made this project a priority," said PBID Chairman Jack Collingsworth. "It is time to do something about it. The PBID Association is pledging a match up to \$250,000 for half of the total project costs."

The Town is allocating Local Transportation Funds for the remaining right-of-way improvements that will create an ADA accessible path to Outer Highway 18 South from Navajo, along Powhatan and John Glenn Roads by the end of 2018.

"We are connecting people to services," said Mayor Art Bishop. "It will be much easier for cars and pedestrians to get to places like the Apple Valley Post Office, James Woody Community Park, the Victor Valley Transit Authority Bus Transfer Station on Quinault Road and, of course, the Village Business District."

For more information regarding the Apple Valley Village Accessibility Project, visit www.applevalley.org or call (760) 240-7000 x7013. For information regarding the Village Business District and upcoming events, visit www.AppleValleyVillage.com

Drive Through and Drop Off HAZARDOUS WASTE

Are you ready to get rid of that extra gallon of goldenrod paint from 1977? Do you have a drawer full of expired medications you are never going to take? Is it time to part ways with the Walkman you got for your ninth birthday...in 1984? If so, don't put any of them in the trash!

Take them to our Household Hazardous Waste disposal facility Saturdays between 10 a.m. and 2 p.m. This convenient, drive-through service is provided absolutely free in the parking lot adjacent to the Public Works facility at 13450 Nomwaket Road.

Batteries, cleaning chemicals, motor oils, electronics, small electrical appliances, poisons and more can be disposed of quickly and safely. For a complete list of accepted items visit www.GreenAppleValley.org. The facility is closed on holidays and the fifth Saturdays of the month.

Award from CalRecycle TIRE CLEANUP GRANT

Apple Valley, CA – May 31, 2018: The Town of Apple Valley has received a grant that will assist in the cleanup of illegally dumped tires throughout the Town's right of way and public property. This is the third consecutive award the Town has received this two-year Local Government Waste Tire Cleanup Grant from CalRecycle. The previous grant helped to remove more than 1,800 tires from the community.

Dumping tires is illegal and can have environmental impacts on our community if left neglected. This grant will provide the necessary time and labor costs to alleviate those hazards and beautify the community.

The \$11,582 grant will fund equipment from Burrtec Waste as well as use of town staff and vehicle mileage incurred during the program. All tires removed will be transported by Burrtec to the Mitsubishi Cement Corporation located in Lucerne Valley, where they will be used as an alternative fuel source. For additional information on proactive Code Enforcement events such as neighborhood cleanups and tire collection days or to report illegally dumped tires in your area, call (760) 240-7000 x7560 or visit www.AVCode.org.

Grant Funds Boost SOCIAL SERVICE PROGRAMS

Going to school can be difficult for any child. However, for some kids, going to school is daunting because they lack adequate clothing that would allow them to attend class with dignity. That's where Operation School Bell comes in. Since its inception in 1982, the Assistance League of Victor Valley has provided thousands of disadvantaged children new school clothes so they can walk into class with their head held high.

Last year, the program served 428 children from Apple Valley in grades K to 8. Recom-

mended by teachers, students are chaperoned by volunteers who help them shop for school appropriate clothes within their budget of \$100 for elementary students and \$125 for middle school students.

The Assistance League of Victor Valley is one of several local agencies that received funds for the 2018-2019 fiscal year from the Town of Apple Valley's Community Development Block Grant Program (CDBG).

Each year, Apple Valley receives funding from the Department of Housing and Ur-

ban Development (HUD) to provide decent, affordable housing, a suitable living environment and economic opportunities for people with low to moderate incomes.

While most of the federal funds are used for residential rehabilitation loans, capital improvements, including parks and streets, and job attraction and creation programs, HUD allows municipalities to distribute 15% of the funds toward grants for local social services, which the Town Council does each year.

TRACTOR SUPPLY STORE

Permit Approved

The Town of Apple Valley Planning Commission recently approved a conditional use permit to allow construction of a 18,800-square-foot Tractor Supply Store on three-acres at the northwest corner of Braeburn and Bear Valley roads.

Founded in 1938 in Tennessee as a mail order tractor parts business, the retail chain is now in 49 states.

More than just a "farm and ranch" supply store, Tractor Supply also carries sporting, fishing, camping and hunting gear, truck and trailer accessories, home improvement goods, pet care, clothing and more. "It is great to finally welcome Tractor Supply to Apple Valley," said Orlando Acevedo, Assistant Director of Economic Development. "This new store affirms our message that Apple Valley is a strategic location for retailers and restaurants to serve the consumer demand at the east end of the Victor Valley."

The Apple Valley location will be the third Tractor Supply Store in the High Desert. It will join locations in Hesperia and Barstow.

Now that the planning commission has approved the permit, the developer, Brad Sobel of The Sobel Company, is expected to submit building plans this summer, with ground breaking expected in late 2018.

The store is expected to open in mid-2019 and employ 12 to 15 full-time people.
