

the VILLAGE

STATE ROUTE 18 CORRIDOR ENHANCEMENT PLAN

Town of Apple Valley

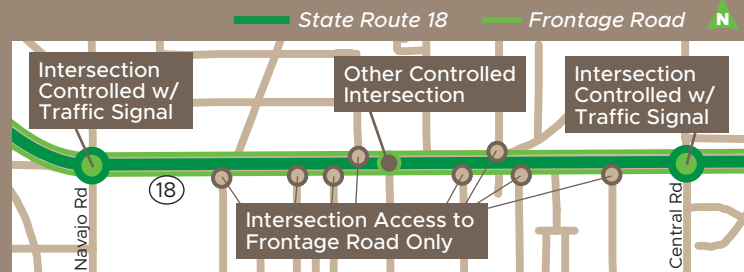

Caltrans®

PROJECT OVERVIEW

The residents of Apple Valley will soon have an opportunity to help their community improve “The Village,” the Town’s original “Main Street” on State Route 18 (SR-18) for more than six decades.

The Town of Apple Valley recently received a Caltrans Grant to develop the **SR-18 Corridor Enhancement Plan** for The Village. The 1.1 mile segment faces a number of transportation challenges related to the Outer Highway configuration and access to businesses from SR-18. We are looking for local input to help shape this Corridor Enhancement Plan and vision for The Village.

There are two upcoming opportunities for the residents of Apple Valley to provide input and learn more about the Corridor Enhancement Plan. Caltrans, Town staff, and plan consultants will be available to discuss the project with community members and listen to their ideas on **May 8th** at the Moose Lodge, located in the heart of The Village at 21955 CA SR-18; a second meeting will be held on **October 30th** at the Apple Valley Civic Center. In addition, there is an online survey which allows residents to provide input that will be used to shape the Corridor Enhancement Plan (see link and QR Code below).

GOALS & OBJECTIVES

- Study the existing transportation conditions, hazards, and collision data
- Involve stakeholders in workshops that help identify needs and desires
- Identify effective countermeasures to address deficiencies and hazards
- Conduct a benefit cost analysis to identify the most cost-effective countermeasures

PROJECT FUNDING

- Funding for this project provided via transportation planning grant from Caltrans with a local match
- Caltrans grant is to be used for analysis purposes only
- Local matching funds available within Measure I Fund

PROJECT FUNDING BREAKDOWN

| | |
|-----------------------------|------------------|
| CALTRANS GRANT AWARD | \$230,178 |
| LOCAL MATCHING FUNDS | \$28,822 |
| PROJECT TOTAL | \$260,000 |

TIMELINE

December 2017 - March 2018

Data Collection & Literature Review

May 2018 - November 2018

Community Outreach Workshops

June 2019

Master Plan Finalized

Project Start Date

November 2017

Project Analysis, Recommendations, Development of Plan

August 2018 - June 2019
