

a more efficient economy of scale lowering the overall cost for work allowing additional improvements during other projects.

Each segment is heavily traveled by the VVTA bus which services St. Mary's Hospital, the Apple Valley Post Office, and the Apple Valley Civic Center. Resurfacing these critical areas will improve continuity with the routes reducing the potential for delays or detours due to damaged pavements surfaces. In addition, the resurfaced segments will be sealed and protect the buses and other vehicles from excessive potholes.

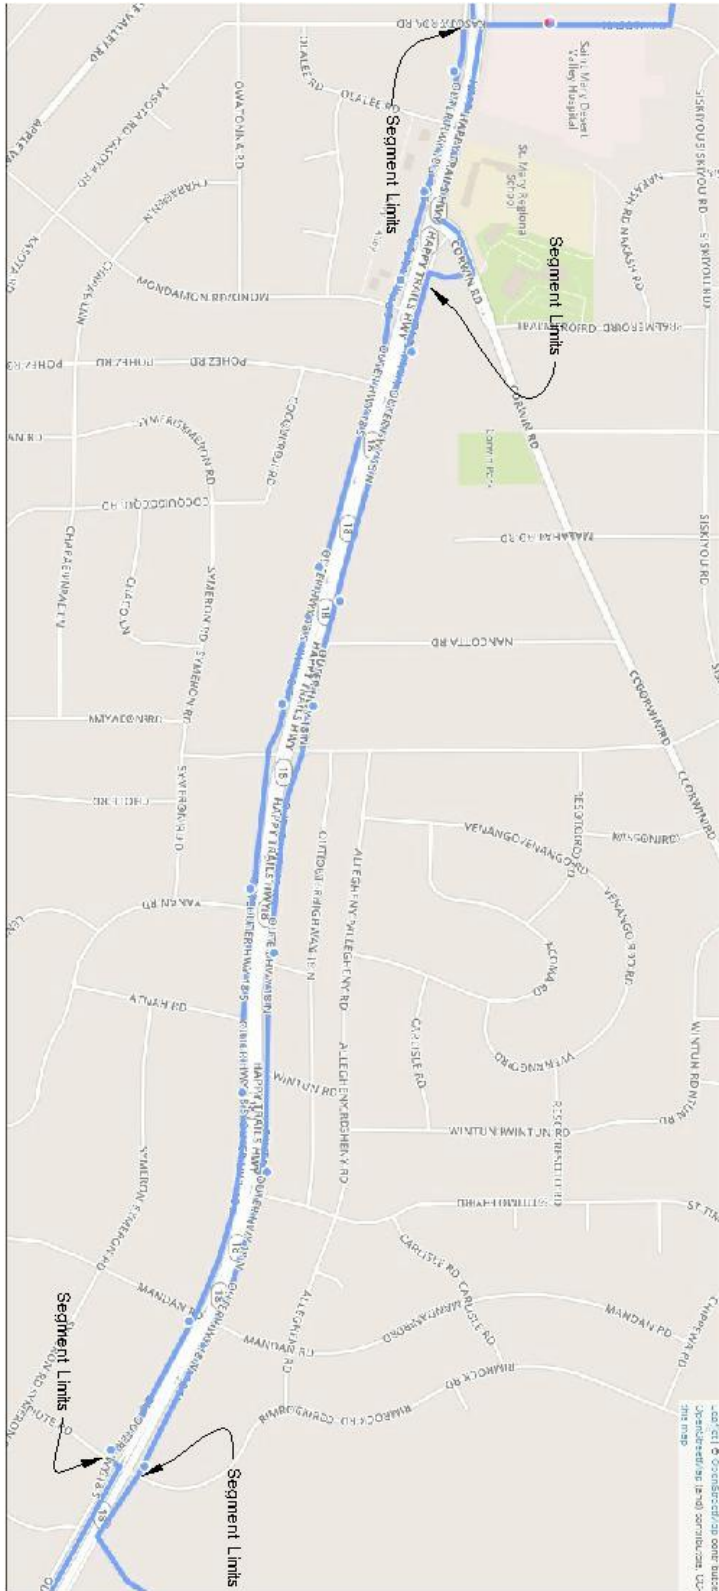

**FISCAL IMPACT:**

Funding project has been appropriated in the Town Council approved 2018-2019 Capital Improvement Projects Budget. Additional funding for segments listed in Change Order No. 2 will be funded using \$195,466.79 in Local Transportation Funds.

TOWN OF APPLE VALLEY  
PAVING 18-19  
PROJECT NO. 2018-04  
CONTRACTOR: VSS INTERNATIONAL

Execution of this document will act as an agreement between the Town and the contractor to the changes described. Upon execution, this document will become a supplement to the original contract and all provisions therein will apply hereto.

We, the undersigned contractor, have given careful consideration to the change proposed and hereby agree that we will provide all equipment, furnish all materials, except as may otherwise be noted above, and perform all services necessary for the work specified above, and will accept as full payment therefore the prices shown above.

By execution of this change order we, the contractor, agree to waive any right to additional compensation arising out of work included in this change order, including without limitation, any claims relating to any cumulative affect of the change orders, delays, productivity impact, or interruption.
