

Town Council Agenda Report

Date: August 13, 2019 Item No. 5

To: Honorable Mayor and Town Council

Subject: AUTHORIZATION TO ADVERTISE RESURFACING 2019-03

From: Douglas Robertson, Town Manager

Submitted by: Brad Miller, Town Engineer
Engineering Department

Budgeted Item: Yes No N/A

RECOMMENDED ACTION

- A. That the Town Council review and approve the bid documents for Resurfacing 2019-03.
- B. That the Town Council authorize staff to solicit bids for construction of said project.

BACKGROUND

As part of the Town's annual paving priorities, staff evaluated the local roadways and determined priority areas in need of maintenance. The Project generally consists of providing necessary labor, equipment and materials for the application of cold mix asphalt in three isolated areas requiring a more comprehensive overlay than what has been typically used in recent resurfacing projects. Cold mix paving has been used successfully in other areas of town and is a quality cost-effective alternative to reconstruction which, in turn, will increase the useful life of the segments.

ANALYSIS

Bid documents for the Resurfacing 2019-03 have been prepared and are ready for approval and advertisement of bids. Staff has reviewed the documents and is satisfied that they meet the intent of the Town Council for this project. The documents are available to the Town Council for review, approval, and authorization to proceed with advertisement of the project. Staff recommends that the Town Council review bid documents that are available in the Town Council Office, approve the documents, and direct staff to proceed with advertising for construction of the project.

FISCAL IMPACT

Funding for this project has been appropriated in the adopted FY 2019-2020 budget using Measure I funds.
