

Town Council Agenda Report

Date: February 11, 2020 Item No. 7

To: Honorable Mayor and Town Council

Subject: AUTHORIZATION TO ADVERTISE HIGHWAY 18 SHOULDER
MEDIAN IMPROVEMENT PROJECT

From: Douglas Robertson, Town Manager

Submitted by: Brad Miller, Town Engineer
Engineering Department

Budgeted Item: Yes No N/A

RECOMMENDED ACTION

- A. That the Town Council review and approve the bid documents for Highway 18 Shoulder Median Improvement Project.
- B. That the Town Council authorize staff to solicit bids for construction of said project.

BACKGROUND

The purpose of the project is to repair the medians and drainage channel along the State Route 18 corridor from Navajo Road to Central Road which separates the highway and the outer highway. In addition, the project will heighten pedestrian awareness and enhance the overall esthetics of the area. Improvements include adding rockscape and stamped concrete, reconstructing curb and gutter, and repairing and/or reconstructing portions of sidewalk and parkway drains. The project's design was paid for by the Village Property and Business Improvement District (PBID) and reviewed for constructability by Town staff.

ANALYSIS

Bid documents for the Highway 18 Shoulder Median Improvement Project have been prepared and are ready for approval and advertisement of bids. Staff has reviewed the documents and is satisfied that they meet the intent of the Town Council for this project. The documents are available to the Town Council for review, approval, and authorization to proceed with advertisement of the project. Staff recommends that the Town Council review bid documents that are available in the Town Council Office, approve the documents, and direct staff to proceed with advertising for construction of the project.

FISCAL IMPACT

Funding for this project has been appropriated in the adopted FY 2019-2020 budget using Drainage Impact Fees. There is no immediate impact for advertising this project.
