

**U.S. Department of State
Bureau of Consular Affairs
Passport Services**

Passport Operations as of April 17, 2020

Because of public health measures to prevent the spread of COVID-19, the Department of State has limited its U.S. passport operations. Our passport agencies are closed to the public and can only serve customers with a qualified life or death emergency and who need a passport for immediate international travel within 72 hours.

Customer can still apply at a passport acceptance facility for **routine service only**. However, Passport Services will not be able to meet its usual processing time of 6-8 weeks for routine service. Customers should **expect significant delays** beyond the time period it normally takes to receive their passport and citizenship evidence documents.

Passport Services ceased offering expedited service on March 19.
