### **RECOMMENDED ACTION:**

Direct the Town Manager to review its code and submit a notice to the Town Council by October 1, 2020, that either amendments are required or that no amendments are necessary.

### **SUMMARY:**

The Political Reform Act requires that local government agencies "Code Reviewing Body", i.e. the Town Council must, each even-numbered year, notify each Town agency to review its Conflict of Interest Code.

Many cities govern several agencies such as city run Fire Departments and Police Departments, etc. However, the Town of Apple Valley governs exclusively the Town's Conflict of Interest Code.

It would be appropriate at this time to direct the Town Manager to review its code and submit a notice to the Town Council by October 1, 2020 that either amendments are required or that no amendments are necessary. (If amendments to the city's code are necessary, the notice must be forwarded to the Town Council for approval within 90 days of submission).
