Subject: Upcoming resolution
Date: Wednesday, June 3, 2020 10:15:04 PM

Hello,

I read that the Town Council is considering a resolution "condemning the recent and tragic events surrounding racial inequality and injustice that have gained national attention" (<https://www.vvng.com/apple-valley-aware-of-protest-no-curfew-issued/>).

I am in strong support of the Town's adopting such a resolution. I would urge you to take it a step further and be proactive in reviewing SB County law enforcement's use of force policies and training.

I would also like to thank the mayor and the Town for taking a peaceful and nonconfrontational approach to the protest and demonstration held today at the Jess Ranch Shopping Center. My adult children and I attended the protest and we felt safe in exercising our right to speak out against injustice. Several rude drivers hurled expletives and made rude gestures, but the overall tone of the protest was completely peaceful. We saw law enforcement in unmarked vehicles circling the event dozens of times while we were there, but it was never antagonistic.

Thank you,

Monica Loaiza-Arcilla
