<b>Project Title</b>							
Dale Evans Parkway Realignment							
<b>Location (Project Limits), Description ( Scope of Work)</b>							
Town of Apple Valley, intersection(s) of Apple Valley Road and Dale Evans Parkway (N) and Dale Evans Parkway (S). The intersection of Dale Evans Parkway and Waalew Road currently consists of two offset intersections to the north and south. These two offset intersections do not allow for efficient traffic movement for traffic traversing on Dale Evans Parkway. The proposed project will eliminate the existing offset of the northerly leg of the intersections which is located to the east of the southerly leg of Dale Evans Parkway. The project includes the construction of a new two-lane road with wider turn lanes to accommodate bus and truck traffic. In addition, the project will construct a new traffic signal and pedestrian refuges.
