### RECOMMENDED ACTION

- A. That the Town Council review and approve the bid documents for the Resurfacing 2020-02 Project.
- B. That the Town Council authorize staff to solicit bids for construction of said project.

### BACKGROUND

As part of the Town's annual paving priorities, staff evaluated the local roadways and determined priority areas in need of maintenance. The Project generally consists of providing necessary labor, equipment and materials for the application of cold mix asphalt on the listed segments. This project is independent of the Town's larger resurfacing project that is currently scheduled to take place in Spring 2021.

### ANALYSIS

Bid documents for the Resurfacing 2020-02 have been prepared and are ready for approval and advertisement of bids. Staff has reviewed the documents and is satisfied that they meet the intent of the Town Council for this project. The documents are available to the Town Council for review, approval, and authorization to proceed with advertisement of the project. Staff recommends that the Town Council review bid documents that are available in the Town Council Office, approve the documents, and direct staff to proceed with advertising for construction of the project.

### FISCAL IMPACT

Funding for this project has been appropriated in the adopted FY 2020-2021 budget. There is no immediate impact for advertising this project.
