### SUMMARY

It is necessary to review the language of the Town's Municipal Code from time to time to ensure that it aligns with new State laws, the intent of Town Council's goals and directives and best business practices, as determined by professional and expert staff. This amendment serves to add Chapter 5.08 Sidewalk Vending to the Municipal Code for the following reasons: to comply with the provisions set forth in Senate Bill 946 and the associated State laws; to safeguard the health, safety and welfare of the Town's community against the nuisances associated with sidewalk vending; to enhance the

general peace, safety, and welfare of the residents of the Town of Apple Valley by regulating sidewalk vending to the extent allowed by law; and to uphold the Town Council's intent. As a result of this review, the following changes are proposed to be made to the Municipal Code.

## **BACKGROUND**

SB 946 declares, in part, the following.

“(1) Sidewalk vending provides important entrepreneurship and economic development opportunities to low-income and immigrant communities. (2) Sidewalk vending increases access to desired goods, such as culturally significant food and merchandise. (3) Sidewalk vending contributes to a safe and dynamic public space. (4) The safety and welfare of the general public is promoted by encouraging local authorities to support and properly regulate sidewalk vending. (5) The safety and welfare of the general public is promoted by prohibiting criminal penalties for violations of sidewalk vending ordinances and regulations. (6) This act applies to any city, county, or city and county, including a charter city. The criminalization of small business entrepreneurs, and the challenges that those entrepreneurs face as a result of a criminal record, are matters of statewide concern. Further, unnecessary barriers have been erected blocking aspiring entrepreneurs from accessing the formal economy, harming California's economy in the process, and disrupting the regulation of business, which is a matter of statewide concern. Moreover, California has an interest in the regulation of traffic, a matter of statewide concern, whether in ensuring the appropriate flow of traffic or in ensuring the safety of pedestrians on the road or the sidewalk.”

The State Legislature further declared,

“(b) It is the intent of the Legislature to promote entrepreneurship and support immigrant and low-income communities.”

Currently, the Town's municipal code is silent toward “sidewalk vending” and actually prohibits “solicitors” in Section 5.02.260 which reads, “The business of peddling, or hawking, is prohibited, and a business license shall not be issued therefore. Businesses that have a valid Town business license may solicit orders for later delivery.” As a result, the current municipal code contradicts and is superseded by the current Government Code sections 51036 et al. that took effect in January 2019.

The purpose of this amendment is to allow sidewalk vending in compliance with SB 946, while regulating the activity and imposing permit requirements that are consistent with State law, reasonably imposed to protect the community's objective health, safety, and welfare concerns, and based upon compliance with other generally applicable laws including the Americans with Disabilities Act. Additionally, sidewalk vending poses a

unique risk to the health, safety, and welfare of the public, including, but not limited to, impacts to traffic, pedestrian safety, mobility, unsanitary conditions involving food preparation, risks to children, and consumer protection. The intent of adding these regulations is to enhance the general peace, safety, and welfare of the residents of the Town of Apple Valley by ensuring sidewalk vendors comply with these objective standards while balancing their right to conduct business in the Town.

None of these proposed changes intends to alter the Town Council's overarching intent of the Code itself.

## ORDINANCE 537

### **AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY, CALIFORNIA, AMENDING SECTIONS 5.02.010 AND 5.02.260 OF THE TOWN OF APPLE VALLEY MUNICIPAL CODE AND ADDING CHAPTER 5.08 TO THE TOWN OF APPLE VALLEY MUNICIPAL CODE, IMPOSING REGULATIONS ON SIDEWALK VENDING IN COMPLIANCE WITH SENATE BILL 946**

**WHEREAS**, the Town of Apple Valley, California (“Town”) is a municipal corporation, duly organized under the California Constitution and laws of the State of California; and

**WHEREAS**, pursuant to the police powers delegated to it by the California Constitution, the Town has the authority to enact laws which promote the public health, safety, and general welfare of its citizens, including sidewalk vending, as long as these are consistent with SB 946; and

**WHEREAS**, in 2018, the California Legislature passed SB 946 which prohibits cities from regulating sidewalk vendors, except in accordance with the provisions of SB 946; and

**WHEREAS**, SB 946 applies to both charter and general law cities; and

**WHEREAS**, SB 946 authorizes the implementation of regulations that are directly related to objective health, safety, or welfare concerns, and that do not restrict sidewalk vendors to operate only in a designated neighborhood or area, except as specified; and

**WHEREAS**, the permit requirements proposed are consistent with SB 946, as they are reasonable, related to objective health, safety, and welfare concerns, and are based upon compliance with other generally applicable laws including the Americans with Disabilities Act; and

**WHEREAS**, the standards imposed on stationary and roaming sidewalk vendors requiring a minimum path of accessible travel are necessary to comply with the Americans with Disabilities Act and maintain minimum safe access along public sidewalks; and

**WHEREAS**, standards for maintaining access to building entrances, and not blocking driveways, fire hydrants, parking areas and building storefront windows are necessary to guard the health and safety of patrons, drivers, vendors and existing business owners and promote fire suppression and law enforcement practices that allow the Town’s and Apple Valley Fire Protection District’s safety personnel to observe activities within buildings and maintain access; and

**WHEREAS**, the Town Council finds and determines that the installation, repair,

maintenance, and removal of encroachments in the public way must be regulated in order to protect the public health, safety, and welfare and to provide for the orderly administration and maintenance of the public access ways for the benefit of the community, while at the same time allowing reasonable accommodation and cooperative flexibility for providing necessary utility and other convenience services to the community; and

**WHEREAS**, the Town Council finds that public and private persons who maintain and/or install encroachments in the public way bear a responsibility to help preserve the public way and to contribute to the administrative and liability costs incurred by the community and caused by such encroachments; and

**WHEREAS**, the Town Council finds that, unless properly regulated, sidewalk vending poses a unique risk to the health, safety, and welfare of the public, including, but not limited to, impacts to traffic, pedestrian safety, mobility, unsanitary conditions involving food preparation, risks to children, and consumer protection; and

**WHEREAS**, the inherent nature of sidewalk vending and the ability of such vendors to be located on private property and public streets and move quickly from place to place in the community, including near parks, schools, and other places frequented by children, warrants imposing certain regulatory measures, including requiring background checks, to protect the health, safety, and welfare of the community; and

**WHEREAS**, SB 946 continues to authorize cities to prohibit sidewalk vendors in areas located within the immediate vicinity of a permitted certified farmers' market and a permitted swap meet, as specified, and to restrict or prohibit sidewalk vendors within the immediate vicinity of an area designated for a Use Permit issued by a city; and

**WHEREAS**, fraud or misrepresentation in the course of vending constitutes an objective harm to the health, safety, and welfare of the Town's residents; and

**WHEREAS**, vending in a manner that creates a public nuisance or constitutes a danger to the public constitutes an objective harm to the health, safety, and welfare of the Town's residents.

**NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF APPLE VALLEY DOES ORDAIN AS FOLLOWS:**

**SECTION 1.** The recitals set forth above are true and correct and are hereby adopted as findings in support of this Ordinance as if fully set forth herein.
