

Town Council Agenda Report

Date: December 8, 2020 Item No. 7

To: Honorable Mayor and Town Council

Subject: SECOND READING OF ORDINANCE 539 AN AMENDMENT TO TITLE 9 “DEVELOPMENT CODE” OF THE TOWN OF APPLE VALLEY MUNICIPAL CODE MODIFYING CHAPTER 9.72 “OFF-STREET PARKING AND LOADING REGULATIONS” BY UPDATING MINIMUM PARKING SPACE REQUIREMENTS, PERMITTING ADMINISTRATIVE REVIEW OF SHARED PARKING AGREEMENTS, REVISIONS NECESSARY TO PROVIDE IMPLEMENTATION CLARIFICATION AND CONSISTENCY WITH ASSOCIATED DEVELOPMENT CODE SECTIONS, AND GENERAL CLEAN-UP, WHICH MAY INCLUDE CORRECTIONS OF, CERTAIN TABLES, DIAGRAMS OR FIGURES

From: Douglas Robertson, Town Manager

Submitted by: Lori Lamson, Assistant Town Manager

Budgeted Item: Yes No N/A

RECOMMENDED ACTION:

Adopt Ordinance No. 539

SUMMARY:

At its November 10, 2020 meeting, the Town Council reviewed and introduced Ordinance No. 539 that amends the Development Code by modifying provisions relating off-street parking and loading regulations referred to as Development Code Amendment No. 2020-001. Ordinance No. 539 has been scheduled for adoption at the December 8, 2020 Town Council Meeting.

Fiscal Impact:

Not Applicable

Ordinance No. 539

ORDINANCE NO. 539

AN ORDINANCE OF THE TOWN OF APPLE VALLEY, CALIFORNIA, ADOPTING DEVELOPMENT CODE AMENDMENT NO. 2020-001 AMENDING TITLE 9 “DEVELOPMENT CODE” OF THE TOWN OF APPLE VALLEY MUNICIPAL CODE, BY MODIFYING CHAPTER 9.72 “OFF-STREET PARKING AND LOADING REGULATIONS” BY UPDATING MINIMUM PARKING SPACE REQUIREMENTS, PERMITTING ADMINISTRATIVE REVIEW OF SHARED PARKING AGREEMENTS, AND GENERAL CLEAN-UP INCLUDING CORRECTIONS TO, OR REMOVAL OF, CERTAIN TABLES, DIAGRAMS OR FIGURES

WHEREAS, the General Plan of the Town of Apple Valley was adopted by the Town Council on August 11, 2009; and

WHEREAS, Title 9 “Development Code” of the Municipal Code of the Town of Apple Valley was adopted by the Town Council on April 27, 2010; and

WHEREAS, On May 1, 2019, the Town Council initiated a Development Code Amendment to modify the Town’s parking regulations to make sure the Town remains current with existing trends and to include flexibility into those standards; and

WHEREAS, Title 9 (Development Code) of the Municipal Code of the Town of Apple Valley has been previously modified by the Town Council on the recommendation of the Planning Commission; and

WHEREAS, specific changes are proposed to Title 9 “Development Code” of the Town of Apple Valley Municipal Code by modifying Chapter 9.72 “Off-Street Parking and Loading Regulations” by updating minimum parking space requirements, permitting administrative review of shared parking agreements, and general clean-up including corrections to, or removal of, certain tables, diagrams or figures; and,

WHEREAS, staff has determined that the project is not subject to the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) of the State Guidelines to Implement CEQA, which states that the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question, the proposed Code Amendment, may have a significant effect on the environment, the activity is not subject to CEQA; and

WHEREAS, on October 7, 2020 the Planning Commission of the Town of Apple Valley conducted a duly noticed and advertised the public hearing on Development Code Amendment No. 2020-001 receiving testimony from the public and adopted Planning Commission Resolution No. 2020-001; and

WHEREAS, Development Code Amendment No. 2020-001 is consistent with Title 9 “Development Code” of the Municipal Code of the Town of Apple Valley and shall promote the health, safety and general welfare of the citizens of the Town of Apple Valley.

WHEREAS, on October 30, 2020, Development Code Amendment No. 2020-001 was duly noticed in the Apple Valley News, a newspaper of general circulation within the Town of Apple Valley; and

WHEREAS, on November 4, 2020 the Town Council of the Town of Apple Valley conducted a duly noticed and advertised the public hearing on Development Code Amendment No. 2020-001 receiving testimony from the public; and

NOW, THEREFORE, BE IT RESOLVED that in consideration of the evidence presented at the public hearing, and for the reasons discussed by the Town Council at said hearing, the Town Council of the Town of Apple Valley, California, does hereby resolve, order and determine as follows, make the following findings and take the following actions:

Section 1. Find that the changes proposed by Development Code Amendment No. 2020-001 are consistent with the Goals and Policies of the Town of Apple Valley adopted General Plan.

Section 2. Pursuant to Section 15061(b)(3) of the State Guidelines to Implement the California Environmental Quality Act (CEQA), it can be determined that the Code amendment is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty, as with the proposed Code Amendment, that there is no possibility that the proposal approved under Development Code Amendment No. 2020-001 will have a significant effect on the environment and, therefore, the Amendment is EXEMPT from further environmental review.

Section 3. Amend Section 9.72.010(l)(2) of the Town of Apple Valley Development Code to read as follows:

- “2.** Vacant lots, privately owned lots and the parking lots of commercial and industrial businesses shall not be used for the advertising, sale, rental or repair of motor vehicles, boats, trailers or similar property unless they are duly licensed by the Town to do so. Occupied property may be used for the sale of personal vehicles of the property owners providing that not more than one (1) vehicle may be displayed which is not otherwise prohibited by this Code and shall be subject to the provisions of Section 9.74.050 “Prohibited Signs” of this Code.”

Section 4. “Parking for Uses Not Specified” is being moved forward from Section 9.72.050 and “Compact Parking” is being moved forward from a footnote in Table 9.72.020-A to a subsection. Therefore, amend Section 9.72.020, Subsections A through C of the Town of Apple Valley Development Code to read as follows:

- A. *Parking for Uses Not Specified.*** In cases where the off-street parking requirement is not specified herein for a particular type of use, the Director shall determine the parking requirement based on parking demand information contained in such appropriate reference sources as Institute of Traffic Engineers manuals, Planning Advisory Service studies, Urban Land Institute studies, the requirements of other similar cities, and the parking requirement for similar uses in this Code.
- B. *Bicycle Parking.*** Bicycle spaces may be required for some uses including fast food restaurants, theaters, shopping centers, schools, etc., to be determined by the Director. A rack or other secure device for the purpose of storing and protecting bicycles from theft shall be installed. Such devices shall have a minimum capacity of one (1) bicycle per twenty (20) required parking spaces and shall be located in such a way as not to interfere with pedestrian or vehicular traffic.
- C. *Compact Parking.*** Where a total of at least twenty (20) parking spaces are provided, a maximum of fifteen (15) percent of the required parking may use compact parking stalls having a minimum size of eight (8) feet by seventeen (17) feet. No more than one-third ($\frac{1}{3}$) of the compact parking stalls may be located adjacent to or within close proximity to the main entrance to a business, the remaining compact spaces shall be distributed throughout the parking area.”

Section 5. Amend Table 9.72.020-A “Required Parking Spaces” of the Town of Apple Valley Development Code by removing all foot notes and foot note references and modify Section B to read as follows:

Type of Use	Parking Spaces Required
B. <i>Shopping Centers</i>	
1. 25,000 to 500,000 sf of gfa	1 space per 250 sf of gfa, plus any additional spaces required by #4 below
2. 500,000 to 1,000,000 of gfa	1 space per 275 sf of gfa, plus any additional spaces required by #4 below
3. Over 1,000,000 sf of gfa	1 space per 300 sf of gfa, plus any additional spaces required by #4 below
4. Additional parking requirements for shopping centers	
a. Centers with theaters	Where theater space exceeds 10% of the total gfa of the center, that portion in excess of 10% of the gfa shall be calculated as required by this Table

Type of Use	Parking Spaces Required
b. Centers with restaurants, cafes, etc. and/or participatory uses	Where restaurant, cafe or other food and beverage service uses, skating rinks, dance halls, fitness centers, health spas, and similar participatory uses exceed 10% of the total gfa of the center, that portion in excess of 10% of the gfa shall be calculated separately as required by this Table.
c. Centers with professional office	Where professional offices exceed 40% percent of the total gfa of the center the shopping center parking ratio described in B1, B2 and B3 shall not apply and all uses shall be calculated separately.

Section 6. Amend Table 9.72.020-A “Required Parking Spaces” of the Town of Apple Valley Development Code, Section C to read as follows:

C. Restaurants, Bars, Night Clubs and Similar Uses	
1. With on-site consumption of food and beverages	1 space per 100 sf of gfa and 1 space per 200 sf of outdoor dining area. The Director may adjust parking requirements for outdoor dining when such a request does not result in a detrimental shortage to off-street parking.
2. With drive-thrus	1 space per 100 sf of gfa (Refer to Section 9.36.141 for additional requirements for drive-thru uses.

Section 7. Amend Table 9.72.020-A “Required Parking Spaces” Section D of the Town of Apple Valley Development Code to read as follows:

D. Commercial/Recreational Uses	
1. Bowling alley and/or billiard halls	4 spaces per lane and/or 2 per billiard table, plus as required for accessory uses (i.e., pro shop, coffee shop, etc.)
2. Driving range	3 spaces, plus 1 space per tee
3. Golf course	6 spaces per hole, plus as required for accessory uses (i.e., pro shop, bar, banquet room, etc.)
4. Tennis/racquetball courts	2 spaces per court, plus as required for accessory uses (i.e., game room, food service, etc.)

5. Amusement enterprises, including but not limited to, theme amusement/recreational parks, video arcades, shooting ranges, racetracks, parks, and zoos.	1 space per 200 sf of gfa within enclosed structure. In the case of multiple uses, only the area designated for amusement enterprises shall apply. Parking for outdoor recreational uses shall be determined by the review authority through the entitlement process.
6. Skating rinks, ice or roller	1 for each 3 fixed seats and for each 20 s.f. of seating area where there are no fixed seats, plus 1 for each 250 sf of skating area.

Section 8. Amend Table 9.72.020-A “Required Parking Spaces” of the Town of Apple Valley Development Code Section E to read as follows:

<i>E. Other Commercial Uses</i>	
1. Art/music/photography	1 space per 250 sf.
2. Auto repair, service and parts sales	3 per service bay plus 1 per 250 sf of non-service bay area.
3. Personal Services including barber shops, hair/nail salons, day spas, massage, tanning, tailors, self-service laundry, electrolysis, acupuncture/acupressure, tattoo parlors, dry cleaning.	1 per 250 sf of gfa
4. Banks and commercial savings and loan institutions	1 space per 250 sf of gfa, minimum of 4 spaces, plus 1 lane per drive-up window and/or drive-up automatic teller machine
5. Carwash - full service	7 spaces per each wash line.
6. Carwash - Self-service	2 spaces per stall, which can include drying and vacuum areas.

7. Equestrian uses (Refer to Sections 9.29.030(E) and 9.36.090(D) for additional standards.)	
a. Boarding stables	1 space per horse stall
b. Riding/rental stables	1¼ spaces per horse stall
c. Show arenas	1½ spaces per horse stall or 1 space per 250 sf of the largest arena, whichever is more, plus as required for accessory uses arena, whichever is more, plus as required for accessory uses (i.e., refreshment stands, spectator seating)
8. Funeral and Cremation Services	1 per 300 sf of office area plus as required for assembly
9. Furniture and appliance stores	1 space per 500 sf of gfa, plus 1 space per 1,000 sf of warehouse storage
10. General retail stores	1 space per 250 sf of gfa, minimum of 4 spaces
11. Fitness centers, health clubs, health spas and similar participatory facilities	1 space per 150 sf of gfa
12. Hotels/motels	1 space per unit, plus 1 space per each 3 employees for the maximum capacity (per UBC) of meeting and/or banquet rooms, plus fifty (50) percent of the requirement for accessory uses (i.e., restaurants, bars, etc.)
13. Retail nursery, garden shop	4 spaces plus 1 space per 500 sf of indoor display area, plus 1 space per 2,500 sf of outdoor display area
14. Swap meet/Farmers Markets	1 space per 250 sf of indoor display area, plus 1 space per 500 sf of outdoor display area
15. Theaters and Auditoriums	1 space per 4 seats, plus 1 space per employee on the largest shift
16. Vehicle sales	1 space per 400 sf of showroom and office plus 1 space per 2,000 sf of outdoor display area, plus 1 space per 500 sf of vehicle repair area, plus 1 space per 300 sf of the parts department

Section 9. Amend Table 9.72.020-A, Section F “Required Parking Spaces” of the Town of Apple Valley Development Code to read as follows:

F. Offices	
1. Offices, general, financial, business, professional, medical, dental, veterinary, etc.	1 space per 250 sf of gfa, minimum of 4 spaces.
2. General, Medical, Dental and Veterinary offices within a shopping center	Where professional offices exceed 40% percent of the total gfa of the center, the shopping center parking ratio described in B1, B2 and B3, above, shall not apply and all uses shall be calculated separately.

Section 10. Amend Table 9.72.020-A, Section G “Required Parking Spaces” of the Town of Apple Valley Development Code to read as follows:

G. Institutional Uses	
1. Child day care centers	1 space for each 4.5 children the facility is designed to accommodate
2. Adult day care centers	1 space for each 7 clients
3. Children's homes	1 ¹ / ₂ spaces per each employee on the largest shift
4. Hospitals	1 ¹ / ₂ spaces per bed, plus 1 space per 250 sf of office area
5. Libraries, museums, art galleries	1 space for every 300 sf of gfa
6. Assembly use (i.e. church, meeting hall, social or dance hall, private clubs, community centers.	1 space per 4 seats (18 linear inches of pew or bench equals 1 seat) or 1 space per 35 sf of gfa, for the main assembly area plus 1 space for each classroom and secondary assembly area.
7. Residential clubs, fraternity/sorority houses, rooming houses and similar facilities with guest rooms	1 space per 2 guest rooms

8. Sanitariums, nursing homes, convalescent hospitals	1 space per 6 beds, plus 1 space per employee on the largest shift, plus 1 space per staff doctor
9. Schools	
a. Nursery/pre-school	a. 1 space per staff member, plus 1 space per 10 children, plus adequate drop-off facilities
b. Elementary school, junior high school	b. 2 spaces per classroom
c. High school	c. 7 spaces per classroom
d. Community college, university	10 spaces per classroom, plus 1 space per staff member on the largest work shift
e. Commercial business or trade schools	1 space per 3 students at maximum capacity and 1 space for each instructor or employee.
f. Gymnastics/dance/martial arts schools	1 space per 3 students at maximum capacity and 1 space for each instructor or employee.
10. Social care facilities: residential homes for the sick, aged, injured, recovering, etc., including congregate care, retirement homes, group homes, transitional and supportive housing	1 space per each 3 residents plus 1 space for each staff member and employee on the largest shift. For available parking reductions, Refer to Section 9.36.110.

Section 11. Amend Section 9.72.030 “Adjustments to Off-Street Parking Requirements” of the Town of Apple Valley Development Code to read as follows:

“9.72.030 Adjustments to Off-Street Parking Requirements

A. Shared Parking.

Parking facilities may be shared if two (2) or more uses located in the same development or structure generate parking demands primarily during hours when the remaining uses are not in operation. The applicant shall have the burden of proof for a reduction in the total number of required off-street parking spaces, and documentation shall be submitted substantiating the reasons for the requested parking reduction. Requests for a reduction in parking facilities for shared parking shall be in accordance with the provisions for Special Use Permits (Chapter 9.16 of this Code) and the following:

1. A reduction in the minimum parking requirements for individual uses within a development may be granted by the reviewing authority where the joint use of parking facilities will mitigate peak parking demand.

2. Requests for reductions in the required number of parking spaces resulting from joint usage may be required to provide supporting information prepared by a traffic engineer registered by the State of California. Requests for shared parking shall be reviewed as follows:
 - a. **Initial project review.** Provide documentation and quantification of proposed land uses and anticipated functional relationships between the parking needs of different land uses. The initial review shall also consist of data gathering regarding proximity to transit facilities, the general location of parking facilities, surrounding land uses and mix, predicted pedestrian patterns, and similar variables which affect parking needs;
 - b. **Adjustments for peak parking factor.** Include calculations for the number of off-street parking spaces required for each land use within the area proposed for joint parking use based on the requirements of Table 9.72.020-A. Other elements to be considered include seasonal demand and the availability of public transit facilities;
 - c. **Analysis of hourly accumulation.** Provide an estimation of hourly parking accumulations for each land use during a typical week day and weekend day; and
 - d. **Estimate of shared parking.** Merge the hourly parking demand estimates to calculate the overall parking required to be provided within the area being considered for shared parking facilities.
3. A maximum of fifty (50) percent of the parking facilities required by this Chapter may be considered for shared parking.
4. **Required Findings.**

In granting parking reductions for the shared use of parking facilities, the reviewing authority shall make at least one of the following findings:

- a. The applicant has provided documentation, which may include a traffic engineering report, that justifies the requested parking reduction based upon the presence of two or more adjacent land uses which, because of their substantially different operating hours and/or difference in peak parking characteristics, will allow joint use of the same parking facilities; or
 - b. The applicant has provided documentation, which may include a traffic engineering report, that indicates that there are public transportation facilities and/or pedestrian circulation opportunities which justify the requested reduction of parking facilities; or
 - c. The applicant has provided documentation, which may include a traffic engineering report that finds that the clustering of land uses is such that a reduced number of parking spaces can serve multiple trip purposes to the area in question.
5. Additional documents, covenants, deed restrictions or other agreements, as deemed necessary by the Director of Planning Services, shall be executed to assure that the required parking spaces are maintained and that uses with similar

hours and parking requirements as those sharing the parking facilities remain for the life of the development.

B. Off-Site Parking Facilities.

Required parking may be provided off the site in certain instances. Requests for off-site parking facilities shall be in accordance with the provisions for Special Use Permits (Chapter 9.16 of this Code) and the following:

1. The off-site parking shall be located so as to adequately serve the use for which it is intended. The reviewing authority shall consider the following in making this determination:
 - a. Proximity of the proposed off-site parking facilities to the use it is intended to serve;
 - b. Ease of and the security of pedestrian access to the proposed off-site parking facilities;
 - c. The type of use that the proposed off-site parking facilities are intended to serve, recognizing that such facilities are generally not desirable for high-turnover uses; and
 - d. The need for and the resulting benefit of the proposed off-site parking.
2. Additional documents, covenants, deed restrictions or other agreements, as deemed necessary by the Director of Planning Services, shall be executed to assure that the off-site parking spaces are maintained and that the off-site parking facilities remain for the life of the development.

C. Accessory Uses. Parking requirements for accessory uses located in the same commercial or industrial building or structure or on the same site as is the principal use, may be reduced by up to fifty (50) percent upon a determination by the reviewing authority that such a reduction is justified based on the size, shape, and location of the site and the combination of the intended uses involved. However, in some cases, such as an accessory commercial use within an industrial use or structure, accessory uses may result in an increased parking space requirement.

D. Valet Parking. Requests for valet parking shall be in accordance with the provisions for Special Use Permits (Chapter 9.16 of this Code). Required parking for no more than sixty-six (66) percent ($\frac{2}{3}$) of the total required parking can be provided through valet parking. Valet parking, for the purposes of meeting the required off-street parking regulations, is only permitted in the "Village" area of Apple Valley for restaurant establishments. A minimum of thirty-three (33) percent of the required parking shall be provided on-site. The valet service shall be located on-site; however, the parking area for the valet service may be located off-site and must conform to the requirements of subsection B. above for off-site parking facilities. Valet parking shall be free of charge and limited to the peak hours for a restaurant use of 5:00 p.m. to closing. However, these hours can be changed by the review authority."

Section 12. Amend the first paragraph of Section 9.72.040(A) "Regulations for Residential Uses" of the Town of Apple Valley Development Code to read as follows:

“A. Location. Parking spaces required by this Chapter may be located in the required front, side or rear setback area of the Multi-Family Residential (R-M) District, provided a minimum of a fifteen (15) foot landscaped buffer is provided between the property line and the parking area. This buffer shall be landscaped, using berms or short three (3)-foot wall(s) to reduce the visual impact of the parked vehicles. Off-street parking spaces shall be located on the same lot or parcel on which the dwelling is located and as further modified below.

When a garage is specifically required, or provided to meet required parking, entry doors shall be maintained in an operable condition at all times, and no structural alteration or obstruction shall be permitted within the required parking area which would reduce the number of required parking spaces. Use of garages shall be limited to vehicular and general storage purposes only and shall not conflict with any applicable building, housing or fire codes.”

Section 13. Amend the first paragraph of Section 9.72.040(C) “Regulations for Residential Uses” of the Town of Apple Valley Development Code to read as follows:

“C. Senior Citizen Developments. The Planning Commission may reduce the total number of parking spaces required for senior citizen housing by up to twenty-five (25) percent based upon a finding that the parking demand is reduced because the proposed development is located within close proximity to a shopping center, or is adequately served by a private or public transportation system.

The number of required covered parking spaces may be reduced by up to fifty (50) percent based upon evidence submitted by the developer that the reduction is directly related to providing dwelling units to meet the needs of lower and moderate income senior citizen households as identified in the Town of Apple Valley General Plan Housing Element. In no instance shall the number of covered parking spaces be fewer than one (1) per two (2) dwelling units.”

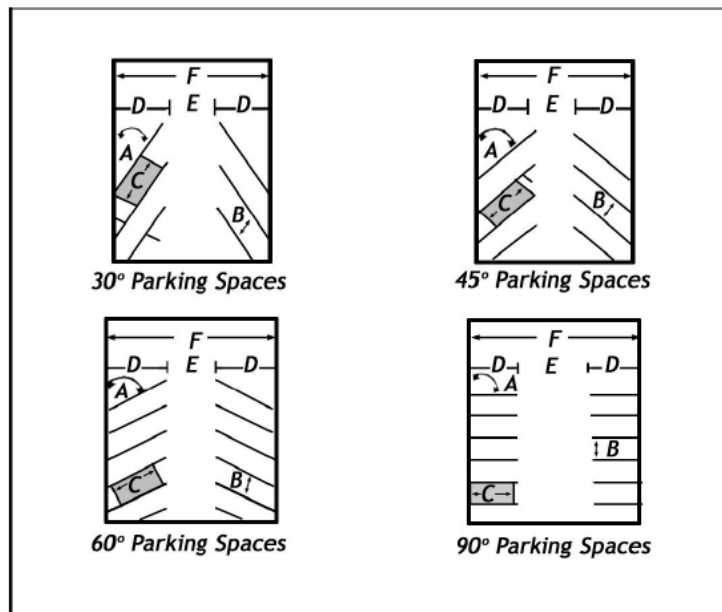

Section 14. Amend Section 9.72.050(A)(3) “Regulations for Commercial and Industrial Uses” of the Town of Apple Valley Development Code to read as follows removing Section 9.72.050(B) as it was moved forward to Section 9.72.020 and removing Section 9.72.050(C) as duplicative, renumbering section as appropriate:

“3. Parking for commercial, office, institutional and industrial uses adjacent to residential uses or districts shall be set back a minimum distance equal to the required setback for the residential property or twenty-five (25) feet, whichever is greater. Refer to Section 9.72.080 for possible reductions to this standard.”

Section 15. Remove paragraphs E and F of Section 9.72.050 “Regulations for Commercial and Industrial Uses” of the Town of Apple Valley Development Code as both are duplicative from other Code Sections.

Section 16. Remove and replace Figure 9.72.060-B of “Design Standards for Parking and Loading Spaces” of the Town of Apple Valley Development Code and replace with the following:

Figure 9.72.060-B Off-street Parking Dimensions

Section 17. Remove and replace Table 9.72.060-A “Minimum Off-Street Parking Space Dimensions” of the Town of Apple Valley Development Code and replace with the following:

“Table 9.72.060-A Minimum Off-Street Parking Space Dimensions

A	B	C	D	E	E
Angle of Parking	Space Width	Space Length (per vehicle)	Space Depth (from curb)	One-way Drive Aisle Width ¹	Two Way Drive Aisle Width ¹
Parallel (0°)	9 ft	19 ft	9 ft	12ft	24 ft
1° - 45°	9 ft	19 ft	20 ft	14 ft	24 ft
46° - 60°	9 ft	19 ft	21 ft	17 ft	24 ft
61°-90°	9 ft	19 ft	19 ft	24 ft	24 ft

(1) Minimum drive aisle width may be increased based upon the specific use and fire department access requirements.”

Section 18. Modify Section 9.72.060(A)(6) of “Minimum Off-Street Parking Space Dimensions” of the Town of Apple Valley Development Code as follows:

“6. Driveway width for multi-family development. Multi-family development projects which have a maximum of two (2) access points to a public right-of-way or which are enclosed private drives shall be permitted to use two-way private driveways with a minimum width of twenty-eight (28) feet in accordance with the Multi-family Housing Standards, Section 9.29.070 within this Code.”

Section 19. Modify Section 9.72.060(B)(1) of “Minimum Off-Street Parking Space Dimensions” of the Town of Apple Valley Development Code as follows:

“1. Directional Arrows and Signs. Within parking facilities, all aisles, approach lanes and maneuvering areas shall be clearly marked with directional arrows on the surface of the pavement to facilitate vehicular movement. Directional signs may also be required to ensure safe and efficient vehicular movement.”

Section 20. Remove Figure 9.72.060-E from “Directional Arrows/Signs” of the Town of Apple Valley Development Code.

Section 21. Modify Section 9.72.060(B)(4) of “Minimum Off-Street Parking Space Dimensions” of the Town of Apple Valley Development Code as follows:

“4. Striping and Identification. All vehicle parking spaces shall be clearly delineated with double white lines on the surface of the parking facility as shown in Figure 9.72.060-F below. All loading spaces shall be clearly and conspicuously marked.”

Section 22. Modify Section 9.72.060(B)(6)(b) of “Minimum Off-Street Parking Space Dimensions” of the Town of Apple Valley Development Code as follows:

“b. Parking and loading spaces and driveways shall be paved and maintained in a good and safe condition and shall be so graded and drained as to dispose of all surface water run-off and to prevent such run-off from accessing adjacent property without the permission of that property owner. The paving of driveways for single family residences may be waived where paved streets are not installed. Drainage courses and swales in parking lots shall be paved with concrete. Asphalt parking lots shall be finished with a seal coat.”

Section 23. Modify Section 9.72.060(B)(a) of “Minimum Off-Street Parking Space Dimensions” of the Town of Apple Valley Development Code as follows:

“a. Continuous concrete curbing shall be provided a minimum of five (5) feet from any wall, fence, property line, walkway, or structure where parking and/or drive aisles are located adjacent thereto. Refer to Section 9.25.030 E for deviations to this requirement.”

Section 24. Remove Figure 9.72.060-G “Curbing” of the Town of Apple Valley Development Code.

Section 25. Modify Section 9.72.070(A)(6) “Access Standards for Parking and Loading Spaces” of the Town of Apple Valley Development Code as follows:

“6. Drive aisles shall be in compliance with Table 9.72.060-A “Parking Space Dimensions”.

NOW, THEREFORE, the Town Council of the Town of Apple Valley, State of California, does ordain as follows:

Section 26. Notice of Adoption. The Town Clerk of the Town of Apple Valley shall certify to the adoption of this ordinance and cause publication to occur in a newspaper of general circulation and published and circulated in the Town in a manner permitted under Section 36933 of the Government Code of the State of California.

Section 27. Effective Date. This Ordinance shall become effective thirty (30) days after the date of its adoption.

Section 28. Severability. If any provision of this Ordinance, or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications and, to this end, the provisions of this Ordinance are declared to be severable.

Approved and Adopted by the Town Council and signed by the Mayor and attested to by the Town Clerk this 8th day of December 2020.

Honorable Scott Nassif, Mayor
