### RECOMMENDED ACTION

That the Town Council:

- A. Accept the work completed as part of the Resurfacing 2020 Gap Repair Project No. 2020-09 for a total contract cost of \$43,903.50.
- B. Direct the Town Clerk to file the Notice of Completion for the contract work.
- C. Direct the Finance Director to release the retained funds 30 days after the Notice of Completion has been filed, provided no claims are filed against the contractor.

### BACKGROUND

As part of the Town's annual paving priorities, staff evaluated local roadways and determined priority areas in need of maintenance. To prepare for the Town's larger resurfacing project in the spring of 2021, staff identified segments within the project area with large gap locations. The Project generally consists of providing necessary labor, equipment and materials for the removal of damaged asphalt in these areas and filling with new compacted asphalt.

### ANALYSIS

Engineering staff inspected the project area and deemed the work to be complete and acceptable.

### FISCAL IMPACT

Funding has been appropriated in the adopted FY 2020-2021 budget, and the project was completed within budget.
