OUTDOOR DISPLAY/SALE OPERATING STANDARDS

Outside display or sales of merchandise shall be subject to Administrative approval of an Outdoor Display/Sale Permit and conform to the following:

1. The merchandise on display, or for sale, shall be located outside an enclosed building only during the business hours of the related or associated business. No merchandise shall be stored or displayed outdoors on a twenty-four (24) hour basis.
2. All merchandise displayed or made available outside of an enclosed building shall consist of new items, collectables and/or antiques (as defined herein) and new hand-made crafts. No second-hand or previously used items (except antiques and collectables) shall be displayed or allowed for sale outside of an enclosed building. No items shall be displayed upon the ground, except those items which, by their nature (such as antique furniture), are too large or too heavy to be placed upon a display table.
3. All merchandise displayed or made available outside an enclosed building shall not obstruct the entrance/exit to the development or any building, drive aisle, driveway, emergency aisle or exit or required parking spaces. Said merchandise shall not be placed in or be allowed to damage or negatively impact landscaped areas on site.
4. All merchandise displayed or made available outside an enclosed building shall not be placed in a manner so as to become a visual distraction to motorists or pedestrians using the public right-of-way, or interfere with traffic signals or controls.
5. The merchandise displayed or made available for sale outside an enclosed building shall not interfere with, or impede the flow of, pedestrian or vehicular traffic, on, within or through the site.
6. No items, or any portion of a displayed item, shall be displayed in the public right-of-way.

Antiques, collectibles and second-hand merchandise are defined as follows:

1. An antique is defined as any hand-made or manufactured product, such as an automobile, a work of art, piece of furniture, jewelry, clothing or decorative object, produced during or prior to World War II or which is indicative of a specific period of craftsmanship and design.
2. A collectible is any mass-produced product, no longer manufactured and of limited availability, such as coins, books, stamps, clothing, bric-a-brac, curios or similar objects, regardless of its age, which represents an earlier period, style or fad, and which, when originally produced, carried an inexpensive retail price but has taken on an intrinsic value greater than that original value and which continues to appreciate with time.
3. Second-hand merchandise pertains to any products, goods or items offered or displayed for sale or exchange to the general public which have been previously used by the seller or other(s) but which cannot be classified as antiques or collectibles.
