Subject: Update to Notice of a Public Scoping Meeting for the 1M Warehouse Project

Due to inclement weather conditions, the Town of Apple Valley is providing a virtual participation option for the previously scheduled public scoping meeting on **February 23, 2023, at 5:00 p.m.** at Apple Valley Town Hall (14955 Dale Evans Parkway, Apple Valley, California 92307). In-person participation is still available.

The public scoping meeting will provide an additional opportunity to receive and disseminate information, identify potential environmental issues of concern, and discuss the scope of analysis to be included in the EIR. The scoping meeting is not a public hearing, and no decisions on the Project will be made at this meeting. It is an additional opportunity for agencies, organizations, and the public to provide scoping comments in person on what environmental issues should be addressed in the EIR. All public agencies, organizations, and interested parties are encouraged to attend and participate in this meeting.

To participate virtually, please see the instructions below to access the meeting.
