## CR-05 - Goals and Outcomes

**Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

**This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.**

This 2022-2023 Consolidated Annual Performance and Evaluation Report (CAPER) is the Town of Apple Valley's report to the U.S. Department of Housing and Urban Development (HUD) describing the use of federal Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) funds during the first program year of the 2022-2026 Consolidated Plan period, covering July 1, 2022, to June 30, 2026. HOME funds received are funds awarded to the Consortium between the Town of Apple Valley (Town) and the City of Victorville (City) in which the Town is identified as the lead agency. This CAPER will also describe the use of the Community Development Block Grant Coronavirus (CDBG-CV) funds, as authorized by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, enacted on March 27, 2020, and programmed into the Town's 2020-2021 Annual Action Plan, as amended.

The Town receives CDBG and HOME funds from HUD on a formula basis each year, and in turn, implements projects and awards grants and loans to nonprofits, for-profits or public organizations for projects in furtherance of the adopted Consolidated Plan. The CDBG and HOME programs generally provide a wide range of eligible activities for the benefit of low- and moderate-income Town and City residents. The CDBG-CV funds provide for eligible activities that prepare for, respond to, and prevent COVID-19 pandemic.

During the 2022-2023 program year, the Town received \$597,858 of CDBG funds and allocated \$712,921 of prior year CDBG funds and \$21,283 in program income received during the program year for a total CDBG budget of \$1,332,062. In addition, the Consortium received \$867,741 in HOME funds and allocated \$185,466 of prior year HOME funds for a total HOME budget of \$1,047,782. Lastly, the Town previously received a special allocation of CDBG-CV funds in the amount of \$678,423 to be used exclusively on eligible activities that prepare for, respond to and prevent COVID-19 pandemic. The CDBG-CV funds were programmed during the 2020-2021 Annual Action Plan. The investment of CDBG, HOME and CDBG-CV funds was a catalyst for positive change in the community. Together with other federal, state and local investments, HUD resources allowed the Town and its partners to:

### CDBG and HOME Programs

- Provide Suitable Living Environments to residents by:
  - Providing shelter and shelter services to a total of 37 unduplicated residents.
  - Providing food baskets to 908 unduplicated residents.
  - Addressing a total of 3,273 code enforcement cases to address health and safety concerns.
  - Completing the Hilltop House Demolition Project.
  - Commencing construction work of the ADA Golf Improvement Project which is

anticipated to be completed during the 2023-2024 PY assisting approximately 9,801 unduplicated residents.

- Providing Affordable Housing assistance to 12 owner-occupied eligible households with financial assistance to rehabilitate their single-family residence under the Town's Residential Rehabilitation Program (RRP).
- Providing Economic Opportunities to two (2) eligible microenterprise businesses who have five (5) or fewer employees, including the owner(s), with financial assistance to pay for rental and utility arrears through the Town's Microenterprise Assistance Program (MAP).
- Furthering Fair Housing Objectives in Consortia by providing fair housing services to a total of 13 unduplicated residents.

#### CDBG-CV Program

- Responding to COVID-19 by providing five (5) eligible small businesses who have been economically impacted by COVID-19 and who have more than five (5) employees, including the owner(s), with financial assistance to pay for rental and utility arrears through the release of the Town's Emergency Business Assistance Program (EBAP). As of the date of this document, these five (5) businesses were able to create four (4) full-time equivalent employees.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

**Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

During the program year, the Town and its housing and community development partners made progress on several 2022-2023 activities as well as some multi-year activities that continued during the program year. All CDBG funded activities addressed specific high priority objectives identified in the 2022-2026 Consolidated Plan.

The five (5) CDBG-funded Public Service activities served approximately 958 residents throughout the program year. These services included, but were not limited to, fair housing services, homeless shelter and shelter related services, veteran services, food bank/distribution and other public services.

Secondly, the Town was able to make great strides on its capital improvement projects. During the program year, the Town was able to complete construction of the Hilltop House Demolition Project. In addition, the Town commenced the construction of the ADA Golf Improvement Project which is anticipated to be completed during the first quarter of the 2023-2024 program year. The project is anticipated to assist approximately 9,801 unduplicated residents (amount based on HUD ADA data).

In addition, a substantial amount of CDBG and HOME funds were allocated to Community Development housing programs, more specifically RRP activities to benefit low- and moderate-income residents and provide housing preservation that directly supports affordable housing. Through the combination of CDBG and HOME funds, the Consortium was able to provide housing rehabilitation assistance to 37 households (Apple Valley 12 and Victorville 25).

In prior years, the Town allocated CDBG funds to its Microenterprise Assistance Program (MAP) and CDBG-CV funds to its Emergency Business Assistance Program (EBAP). Both programs were designed to assist eligible business with financial assistance to pay for rental and utility arrears, amongst other eligible business expenses required to address impacts from COVID-19 (please note, the MAP did not require a COVID-19 tie-back). During the program year, the Town was able to assist two (2) businesses under the MAP and five (5) businesses under the EBAP. As of the date of this document, the five (5) businesses assisted under the EBAP were able to create four (4) full-time equivalent jobs. Additional job creation and retention accomplishment data under the EBAP will be reported in subsequent CAPERs.

Lastly, the Consortium received \$2,913,966 of HOME American Rescue Plan (HOME-ARP) funds from HUD under the 2021 Action Plan. The Consortium's substantial amendment to the 2021 Action Plan adding HOME-ARP Allocation Plan was approved on October 25, 2022. The HOME-ARP Allocation Plan includes \$437,095 for Administration and \$2,476,871 for Supportive Services. Currently, the Consortium is developing procedures and identifying next steps for HOME-ARP implementation.

**Table 2** provides an aggregate of race and ethnicity data for persons and households served during the program year based on accomplishment data from all CDBG, CDBG-CV and HOME activities reported in HUD’s Integrated Disbursement and Information System (IDIS). For more detailed demographic information by project or activity for CDBG, refer to report PR-03 in **Appendix C**.

Based on the information in **Table 2**, a diverse array of persons and households benefitted from CDBG, CDBG-CV and HOME funded housing, public facilities and public service activities during the program year.

**Narrative**

The federal, state, local and private resources available for the implementation of projects during the 2022-2023 program year are identified in **Table 3**. The CDBG resources include \$597,858 of formula grant funds, \$21,283 in program income and \$712,921 in prior year funds. The CDBG-CV resources included a balance of \$365,425 of formula grant funds allocated during the 2020-2021 program year. The HOME resources include \$867,741 of formula grant funds and \$185,466 in prior year funds to be allocated to projects in the 2022-2023 Action Plan.

**Identify the geographic distribution and location of investments**

Code Enforcement Service Area	1.8%	1.8%	Code Enforcement
Spot Blight	4.5%	4.5%	Hilltop House Demolition

**Table 4 – Identify the geographic distribution and location of investments**

**Narrative**

During the 2022-2023 program year, the Consortium allocated 93.7% of funds that went towards activities that were targeted Consortium-wide. These activities included all public service activities administered by the Town in conjunction with its non-profits and Town ran programs such as Code Enforcement, Residential Rehabilitation Program and Microenterprise Assistance Program. The programs also included the City’s Senior Home Repair Program and Hughes Training and Development Program.

Of the total Public Service expenditures in the amount of \$78,900 as reported on the PR26 report included in Appendix C, a total of \$0 went towards activities that prepared for, prevented or responded to the Coronavirus, thus reducing the Town’s Public Service CAP below the maximum 15%.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

To address housing and community development needs, the Town leverages its CDBG, CDBG-CV and HOME entitlement grants with a variety of funding resources to maximize the effectiveness of available funds such as appropriate state, local and private resources.

The Town and its subrecipients were able to leverage CDBG, CDBG-CV and HOME funds to address identified needs in the plan. The Town, as part of a Consortium, has been identified by HUD as a fiscally distressed jurisdiction and was granted a 100-percent match reduction for the 2022-2023 program year.

Other examples of funds that were leveraged but difficult to account include but are not limited to those listed below:

### Federal Resources

- Continuum of Care (CoC) Program
- HUD Veterans Affairs supportive Housing (HUD-VASH)
- Supportive Housing for the Elderly (Section 202)
- Supportive Housing for Persons with Disabilities (Section 811)

- San Bernardino County Continuum of Care Program
- General Fund

**Private Resources**

- Federal Home Loan Bank Affordable Housing Program (AHP)
- Community Reinvestment Act Programs

**Matching Requirements**

The HOME Program requires a 25-percent match based on funding expenditures. The HOME statute allows for a reduction of the match contribution requirement under three conditions: 1) Fiscal distress; 2) Severe fiscal distress; and 3) Presidentially declared major disasters covered under the Stafford Act. The Town, as part of a Consortium, has been identified by HUD as a fiscally distressed jurisdiction and has therefore been granted a 100-percent match reduction for the 2022-2023 program year.

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

In the 2022-2023 Action Plan adopted on May 24, 2022, and subsequently amended on January 24, 2023, the Consortium established a one-year goal of completing a total of 23 housing rehabilitations through its RRP and SHRP. During the 2022-2023 program year, the Consortium completed a total of 37 housing rehabilitations (Town 12 and City 25).

**Discuss how these outcomes will impact future annual action plans.**

The Consortium successfully completed 37 housing rehabilitations during the 2022-2023 program year: 12 from the Town’s RRP and 25 from the City’s SHRP. The Consortium will continue to work toward its five-year goals in housing preservation using CDBG and HOME funds. The Town will continue to work diligently on designing and completing its open capital improvement projects during the 2023-2024 program year.

During the preparation of this plan, the Town identified the need to fund activities that will draw down funds in a timely manner. For this reason, the Town will continue programming funds to its existing RRP and shovel ready capital improvement projects.

Lastly, the Town will continue to allocate HOME funds to its RRP and CHDO funded activities to help address the high need for housing preservation and to provide its residents with additional affordable housing opportunities.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Total</b>	<b>10</b>	<b>27</b>

**Table 13 – Number of Households Served**  
*(Data provided for RRP and SHRP)*

**Narrative Information**

The 2022-2026 Consolidated Plan - Strategic Plan identified high priority affordable housing needs including transitional shelters; affordable housing for multi-family, single family, veterans; rehabilitation; owner occupied and rental; down payment assistance; code enforcement activity to improve neighborhood aesthetics and values; reduce overcrowding in occupied properties; considering establishing rent control for affordability; encouraging collaboration between public agencies, developers, investors and other stakeholders to develop a wide-range of housing development.

During the 2022-2023 program year, the Consortium invested CDBG funds to rehabilitate 37 properties of which three (3) fell below 30% of the area median income (AMI), 17 fell below 50% of the AMI and 17 below 80% of AMI.

The Consortium attempts to meet the needs of worst-case housing needs (defined as low-income renters who experience sever cost burden, seriously substandard housing, or involuntary displacement), through the Consortium’s collaboration with the Housing Authority of the County of San Bernardino (HACSB) who provides Housing Choice Vouchers to income eligible residents. In addition, the Consortium received HOME ARP funds, and although allocated to supportive services, the Consortium may look at allocating funds towards Tenant Based Rental Assistance (TBRA) to help reduce tenant’s cost burden.

**CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The most recent San Bernardino County Point-In-Time Homeless Count (PIT Count) conducted in 2023 revealed that on any given night in San Bernardino County, approximately 4,195 people are homeless, up from 3,333 counted in a prior effort undertaken in 2022. This includes 1,219 people in shelters and 2,976 people without shelter. In Apple Valley 32 people were counted who did not have shelter and 3 people counted who were sheltered, for a total of 35 homeless residents.

Preventing and ending homelessness is a HUD priority addressed nationally through coordination of regional strategies carried out locally by government agencies and a wide variety of community-based organizations and faith-based groups. Consistent with this approach, the Town supports the efforts of San Bernardino County Continuum of Care (CoC) and its member organizations that address homelessness throughout the County. In alignment with these strategies, the Town has allocated CDBG dollars to support local service providers such as High Desert Homeless Service, Inc. and Orenda Veterans Project who provided shelter and shelter services to prevent homelessness and to preserve the supply of affordable housing for low- and moderate-income residents. In addition, the Town allocated CDBG funds to Christ the Solid Rock and Feed My Sheep in the High Desert who provided food to address food insecurity of the Town's homeless population.

In 2019, the State of California enacted the Homeless Housing Assistance and Prevention Program (HHAP – Round 1), which provided one-time grant funds to support regional coordination and expand or develop local capacity to move homeless individuals and families into permanent housing. The local recipient of these funds was the local CoC and the County. Applications for Round 4 funding, which provided \$1 billion in grant funding, opened to eligible applicants on September 30, 2022, with the deadline scheduled to close 60 days thereafter. The fourth round of funding provides local jurisdictions, including federally recognized tribal governments, with flexible funding to continue efforts to end and prevent homelessness in their communities.

The State of California has approved several other grant programs directed at addressing homelessness. The No-Place-Like-Home (NPLH) Program awarded \$2 billion to counties for the development of permanent supportive housing for persons who need mental health services and

are experiencing homelessness, chronic homelessness, or at risk of chronic homelessness. Through this program, Counties must commit to provide mental health services and help coordinate access to other community-based supportive services. The State currently provides grants to counties through its Housing for a Healthy California (HHC) Program for permanent supportive housing for individuals who are recipients of or eligible for health care provided through the California Department of Health Care Services, Medi-Cal program. The goal of the HHC program is to reduce the financial burden on local and state resources due to the overutilization of emergency departments, inpatient care, nursing home stays and use of corrections systems and law enforcement resources as the point of health care provision for people who are chronically homeless or homeless and a high-cost health user. Applicants who were previously awarded by the program for existing projects were funded in Spring of 2022. New applicants are anticipated to be awarded by the end of June 2022.

In 2014 the County Sheriff's Department created a specific unit to engage the homeless. The mission of the Homeless Outreach Proactive Enforcement (H.O.P.E.) program takes a pro-active approach intended to ultimately reduce calls for service and other resources currently required to address the homeless population. The program also aims to balance pro-active outreach with enforcement of the law, while connecting members of the homeless population with resources that may help them transition from homelessness. The ultimate goal is to reduce the rate of recidivism and reduce the current costs associated with homelessness and related crime.

According to the Homelessness Action Plan, A Multi-Jurisdictional Approach in San Bernardino County, adopted in September 2019, the CoC is in the process of implementing several regional strategies that will enhance local coordination to assist people more effectively in need. To identify and assess people experiencing homelessness; the CoC has created a regional homeless access centers that offers fully coordinated systems of outreach and facilitate universal assessment, intake, referral and transportation to resources more rapidly. Collectively these strategies helped minimize duplication of efforts and better connect the most vulnerable individuals and families, chronically homeless, and people at risk of becoming homeless to appropriate resources.

Established in March of 2020, Project Roomkey provided a place outside a hospital for those who are homeless as well as those recovering from and who were currently exposed to COVID-19. The program collaborated with the State and County to secure hotel and motel rooms to be used for these purposes. This program provides sheltering options for the homeless, seeks to protect human life, and minimizes the capacity strain found within the health care system. The Program ended on September 30<sup>th</sup>, 2022.

Through Project Roomkey; Homeless Housing, Assistance and Prevention (HHAP); HHAP CV funds and Continuum of Care, the region has assisted with housing and sheltering 2,000 unduplicated

individuals since March 2020, nearly 800 of whom were referred to permanent housing. Project Homekey services included the Pacific Village project, which provided long-term interim shelter to 33 individuals in 28 units while the All-Star Lodge project provided long-term shelter to 50 individuals in 38 units.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The ultimate solution to ending homelessness is transitional to permanent housing closely aligned with supportive services that ensure housing stability can be maintained. However, because the demand for affordable housing far outpaces the region's supply, the CoC continues to rely on its emergency and transitional housing system to address the immediate needs of the County's homeless population.

To address the emergency shelter and transitional housing needs of homeless persons, the Town continues to support the High Desert Homeless Services, Inc. and Orenda Veterans Project who both provide emergency and transitional housing, counseling, and case management to individuals experiencing homelessness as well as families at risk of homelessness. During the 2022-2023 program year, both agencies combined to serve 37 unduplicated residents.

The CoC is improving the efficacy of emergency shelters and the access system including their seasonal emergency shelters and the County's three (3) Cold Weather Shelter facilities, the closest being in the City of San Bernardino.

For transitional housing, the CoC recognizes a need to maintain a level of transitional housing for the target populations that benefit most from a staged approach to housing, such as mentally ill and chronically homeless individuals. While the CoC continues to support transitional housing in special circumstances, the CoC is currently examining ways to shorten stays in emergency shelters and transitional housing so that resources may be used for rapid rehousing or placement in permanent supportive housing.

In addition, the Town continued to look at the use of CDBG, CDBG-CV and HOME funds for local homeless facilities, as funding needs are analyzed. The Town modified the zoning designations as a program in a previous cycle to include Single-Room Occupancy, Homeless Shelters and Transitional/Supportive Housing in Ordinance No. 405 adopted on April 27, 2010. In addition to this modification, the Town recently added the Village Commercial zone, in addition to the Service Commercial zone, as zones that would allow homeless shelters with approval of a SUP in Ordinance No. 425 adopted on November 8, 2011. According to the Town's Draft Housing Element Update dated April 5, 2021, the Town shall encourage the development of Homeless Shelters, Transitional Housing and Single Room Occupancy by complying with Government Code Section 65583, which requires these uses to be identified in the Development Code. Application fee waivers shall also be given to these projects proposed in the Town. However, no such facilities

were proposed during the 2014-2021 planning period and, therefore, no application fee waivers were granted.

In nearby City of Victorville, the Wellness Center Campus will be the first of its kind in San Bernardino County. The project was awarded and commenced construction in the 2021-2022 program year. The installation of modular units began in February of 2023, with construction anticipated to be completed by the end of the 2023 calendar year. The Campus is anticipated to play a critical role in helping homeless individuals stabilize and rebuild their lives. The Campus will provide 170 beds and will allow the Wellness Center to serve several functions by providing a low-barrier emergency shelter, recuperative care facility, medical clinic, interim housing and wrap around supportive services such as case management, care coordination, job training/placement and housing navigation.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

An individual or family is considered at-risk of becoming homeless if it experiences extreme difficulty maintaining their housing and has no reasonable alternatives for obtaining subsequent housing. Homelessness often results from a complex set of circumstances that require people to choose between food, shelter and other basic needs. Examples of common circumstances that can cause homelessness include eviction, loss of income, insufficient income, disability, increase in the cost of housing, discharge from an institution, irreparable damage or deterioration to housing, and fleeing from family violence.

The most effective and cost-efficient means of addressing homelessness is to prevent episodes of homelessness from occurring in the first place. The County's current CoC system encourages services aimed at reducing incidences of homelessness, including:

- Emergency Rental (Rapid Rehousing assistance) and Utility Assistance: Short-term financial assistance to prevent eviction and utility shut-off.
- Credit Counseling: Financial counseling and advocacy to assist households to repair credit history.
- Legal/Mediation Services: Tenant-landlord legal/mediation services to prevent eviction.
- Food Banks and Pantries: Direct provision of food, toiletries and other necessities.
- Transportation Assistance: Direct provision of bus vouchers and other forms of transportation assistance.

- Clothing Assistance: Direct provision of clothing for needy families and individuals.
- Prescription/Medical/Dental Services: Direct provision of prescription, medical and dental services.
- Workforce Development: Direct provision of job training services designed to develop and enhance employment skills, as well as to help clients secure and retain living wage jobs.
- Information & Referral Services: Direct provision of 24-hour/7-days-a-week call center services to provide health and human service information to at-risk populations.
- Recuperative care for homeless individuals who become ill or injured.

The Town will continue to work with and refer residents to the County's Department of Behavioral Health (DBH) to ensure residents are provided with the immediate attention and services they require to prevent homelessness and encourage self-sufficiency. The DBH's Mental Health Services Act (MHSA) Housing Program allows DBH to support seven housing projects that include 104 Permanent Supportive Housing (PSH) units, housing those who are living with a serious mental illness and/or substance use disorder (2022-2023 San Bernardino County DBH MHSA Annual Plan).

Due to the COVID-19 pandemic, many households have been affected and are at risk of becoming homeless. Furthermore, AB-2179 extended eviction protections through the end of June 2022 for those who had applied for the California COVID-19 Rent Relief Program and were waiting for their applications to be processed by the program. In addition, to prevent the surge of foreclosures and homelessness, lenders allowed mortgagors to enter into forbearance, a process by which a mortgagor temporarily pauses or reduces their mortgage payment due to financial struggles.

The Town allocated HOME-ARP funds toward supportive services for the Wellness Center Campus in the City of Victorville. The campus will be the first of its kind in San Bernardino County. The project was awarded and commenced construction in the 2021-2022 program year. The installation of modular units began in February of 2023, with construction anticipated to be completed by the end of the 2023 calendar year. The Campus is anticipated to play a critical role in helping homeless individuals stabilize and rebuild their lives. The Campus will allow the Wellness Center to serve several functions by providing a low-barrier emergency shelter, recuperative care facility, medical clinic, interim housing and wrap around supportive services such as case management, care coordination, job training/placement and housing navigation.

SB 1152 requires hospitals to develop a written homeless patient discharging planning policy that coordinates services and referrals with regional social services agencies, medical care and county behavioral services. Inadequate discharge planning and coordination contributes to homelessness in situations where people are released from public institutions or public systems of care without having

an appropriate mainstream or supportive housing option available upon discharge from an institutional setting. Public institutions such as jails, hospitals, treatment facilities, mental health facilities, youth facilities, and foster care homes are central to limiting the creation of newly homeless persons upon discharge.

In California, discharge coordination and planning are largely unregulated unless county or municipal ordinances provide rules preventing public institutions from discharging people into homelessness. One of the goals included in the San Bernardino Ten Year Strategy to End Homelessness is to formalize protocols and improve the coordination of discharge planning among key institutional systems of care and supervision. The goal calls for the CoC to close the “front door” to homelessness so that new people do not find themselves living in the community without the social and economic support necessary to access and maintain themselves in a safe environment.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Town participates in the County’s CoC, which provides funding and a network of resources to address homelessness. The CoC provides emergency shelter, supportive services, transitional housing and permanent housing. Victorville, as part of the Consortium with the Town, commits staff to the CoC planning and implementation process, and provides the CoC Steering Committee critical information regarding the types of resources and programs the Consortia currently funds that assist the homeless.

Locally, the Town works with High Desert Homeless Services, Inc. (HDHS) and Orenda Veterans Project. These organizations are non-profit 501(c)(3) organizations, located in the High Desert that have been assisting homeless persons and veterans in the Town for decades. The mission of these agency is to assist residents of the Victor Valley and High Desert area of the County who are/have been displaced from long-term housing due to natural disaster or loss of income, and to assist non-residents by providing short-term emergency shelter.

Lastly, efforts are also underway at the regional level to shorten the period individuals and families experience homelessness and to prevent individuals and families who were recently homeless from becoming homeless again. The 2-1-1 regularly works with public service agencies to analyze the resources and funding being used to operate transitional housing programs and consider how these resources could be used more in alignment with the best practices (i.e., rapid re-housing and permanent housing) for ending homelessness. Many transitional housing

providers are working to End Homelessness, to evaluate strategies to lower program threshold requirements, and improve outcomes including shorter shelter stays and more rapid transitions to permanent housing. The County also encourages the importance of increasing the number of permanent supportive housing units within its jurisdiction and increase in rapid rehousing assistance which helps individuals and families quickly exit homelessness to permanent housing without any preconditions for obtaining assistance (such as employment, income, absence of criminal record, or sobriety). With the effects of COVID-19 and the rise in housing costs, the efforts of the State, County and local jurisdictions will need to be of the utmost importance to help prevent the rise in homelessness.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Town does not administer Section 8 and does not own HUD Public Housing units; however, the Town is within the service area of the Housing Authority of the County of San Bernardino (HACSB) for the purposes of Section 8 and Public Housing. The HACSB manages a total of 10,461 rental assistance program units (privately owned with rent subsidies paid directly to owners by the Housing Authority), 780 Limited Liability Company (LLC) and Limited Partner (LP) units, 1 unit of public housing (units owned and managed by the Housing Authority) and 2,232 housing authority-owned units (units owned by the Housing Authority or acquired through developments) through its offices in Barstow, Chino, Colton, Redlands, San Bernardino, Victorville and Upland (2022 HACSB Annual Report). Of the 10,461 rental assistance program units, approximately 264 or 2.5 percent of all vouchers in San Bernardino County were utilized by low-income Apple Valley residents. HACSB monitors all units to ensure they are in adequate condition, meeting the Section 8 Housing Quality Standards (HQS).

To enhance the quality of HUD Public Housing units, HACSB continued to work towards converting existing HUD Public Housing units under HACSB's management and control to Section 8 units as part of HUD's Rental Assistance Demonstration (RAD) program. HACSB had converted its entire original portfolio of public housing under RAD by the end of 2019. Subsequently in May 2022, HACSB finalized its conversion of all RAD units with the 98-unit Los Olivos development in Upland (*FY 2023 Moving to Work Annual Plan, HACSB*)

HACSB continues to maintain and expand the supply of affordable housing units in the Town and throughout the County through its partnerships with the State of California and San Bernardino County Department of Community Development and Housing. As the largest provider of affordable housing in San Bernardino County, HACSB assists approximately 24,000 people, most of whom are seniors, individuals with disabilities, veterans, and children. More than 10,400 families are served through housing assistance payments made to landlords on behalf of the families. Other families reside in units owned and managed by HACSB. These programs provide a critical safety net for families in the County.

Due to rising rents and low vacancy rates in San Bernardino County, HACSB has been working with HUD to expand its Local Payment Standards Moving to Work (MTW) initiative to allow HACSB to be more adaptable to changing market rents. In 2022, HACSB adopted a HUD waiver to increase the Local Payment Standards up to 120% of the HUD-approved Fair Market Rents. Through HACSB's 2023 Annual MTW Plan, HACSB was able to modify their Local Payment Standards MTW Initiative to allow HACSB the opportunity to make mid-year changes to their Local Payment Standards for MTW vouchers. With this change, if market rents shift suddenly,

HACSB can adjust their Local Payment Standards to adapt (HACSB Annual Report 2022).

HACSB developed a MTW initiative that allowed HACSB to create temporary financial incentive programs for landlords who enter into a lease with a new Housing Choice Voucher (HCV) participant, as well as create a damage mitigation program to help offset the cost of tenant-caused damages. The first step was HACSB's Landlord Signing Bonus, which provided an incentive payment of \$1,000 to landlords for each unit newly leased to a HACSB MTW voucher program participant. During the 2022-2023 program year, HACSB was able to pay \$895,193 to landlords through the Landlord Signing Bonus program (HACSB Annual Report 2022).

In the fall of 2017, HACSB celebrated the grand opening of the Olive Meadow Affordable Housing Community, consisting of 62 high-quality affordable homes representing the first phase of the Arrowhead Grove Housing Community Revitalization Project (formerly the Waterman Gardens Affordable Housing Community Project). Construction on Crestview Terrace, the second on site phase of the Arrowhead Grove mixed-income housing development, was completed in August 2021 with the project officially opening in January 2022. The Arrowhead Grove Housing Community Revitalization Project was awarded \$20 million in Affordable Housing and Sustainable Communities (AHSC) program funds, \$55 million in tax-exempt bond allocations and \$22.5 million in low-income tax credits. The newest construction provided 184 mixed-income family apartments comprised of 147 affordable one- to four-bedroom family units, 35 market-rate units and 2 units for property managers, *(FY 2023 Moving to Work Annual Plan, HACSB)*.

HACSB made formal commitments to assist AMCAL Multi-Housing Inc., with project-based vouchers to support the construction of affordable family units in Colton, Las Terrazas. Las Terrazas Apartments is an affordable multi-family apartment complex currently in development in unincorporated San Bernardino. The family community of 112 units will range in size from 525 to 1,020 net livable feet. The building mix will consist of five residential buildings, one community building and one childcare building, all constructed on one six-acre site. The development received temporary occupancy in June of 2022 and has initiated the lease-up process.

HACSB and affiliate nonprofit Housing Partners I, Inc. continue to work with ONXY Architects to complete construction documents by early 2020 to implement the 104-unit second phase of affordable family units at Valencia Grove site in Redlands. The groundbreaking of Phase II of the project began in January 2023 with construction aiming to be completed by the third quarter of 2024. Phase III of the project is optimistically projected to begin at the end of calendar year 2023. The third phase will consist of construction of 39 detached single-family homes for sale to buyers at or below 120% of the Area Median Income. *(FY 2024 Moving to Work Annual Plan, HACSB)*.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

HACSB encourages residents to be actively involved in the community and in the management of public housing developments through resident councils and numerous opportunities for feedback such as community meetings and surveys. HACSB and the Town also actively encourage and promote public housing residents to explore homeownership opportunities and programs through HACSB's Homeownership Assistance Program (HAP) targeted at current residents. HACSB also encourages and supports residents in participating in homebuyer counseling programs and recommends residents use the family self-sufficiency escrow account to save money towards homeownership. Under the Family Self-Sufficiency (FSS) Program, participants develop a five-year training and service plan that outlines the steps to become employed, increase their earnings, and become independent of government assistance. Upon graduation of the FSS Program, graduates can use the escrow account funds towards homeownership. In 2022, the program served 140 households and seven households graduated from the FSS program with over \$92,000 in escrow savings. It is reported that current participants have accrued approximately \$200,000 in escrow savings. The savings were reportedly used for paying down payments to purchase a home, build a small business, pay for education, and other self-sufficiency activities (*HACSB 2022 Annual Report*).

Under the Housing Authority's HAP program, families are provided mortgage assistance for up to 15 years for working families and up to 30 years for disabled families. A total of 258 families have become homeowners through the program since 2000 (*FY 2023 MTW Plan*).

In addition, the Town also provides several resources on services for foreclosure prevention and counseling.

### **Actions taken to provide assistance to troubled PHAs**

Not applicable. HACSB is considered a High Performing PHA.

### **Discussion**

HACSB is well-positioned to maintain and expand the supply of affordable housing units in the Town and throughout the County through its partnerships with the State of California, San Bernardino County Department of Community Development and Housing, the Town, and other cities throughout the county.

### **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

The State of California requires the Town, through its Housing Element, to provide an analysis of potential and actual governmental constraints (public policy) upon the maintenance, improvement, or development of housing for all income levels and for persons with disabilities, including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. Based on the review of the Town's most recent Housing Elements, the Town does not have any negative effects of public policies on affordable housing and residential investment.

State law requires that the Housing Element be updated every four (4) to eight (8) years. The Housing Element, upon each update, is reviewed by the California Department of Housing and Community Development (HCD) for consistency with state law. Since the update of the Town's Housing Element is due during the implementation of this Five-Year Consolidated Plan, the Town will include in its Annual Action Plan any update of any negative effects of public policies on affordable housing and residential investment.

The Town has prepared and implemented the following strategies during the 2022-2023 program year to remove or ameliorate barriers to affordable housing:

- Ensure that all HUD-funded programs are marketed in high poverty areas within their jurisdiction in manners that will be accessible to residents to ensure that the low-income residents and high poverty neighborhoods have best access to all program activities.
- Use CDBG funds to carry out non-housing activities (such as public works, public services, and economic development) in areas of high poverty. This may include carrying out activities Consortium-wide but promoting services in those areas or electing to target activities in these areas.
- Actively monitor new funding opportunities for additional community development and affordable housing activities. Unless there is a specific justification not to apply, the Town shall apply for these funding streams.
- Fund and promote fair housing training for tenants, homebuyers and potential homebuyers to ensure that residents are fully informed of their rights as it relates to housing.

- Fund and promote fair housing training for landlords and realtors to ensure that they understand the fair housing requirements and rights of tenants and homebuyers.
- In collaboration with the fair housing provider for the Town, maintain a page on the Town website that provides access to fair housing resources and documents. Further, collaborate with the fair housing provider to promote trainings and other fair housing related events.
- Establish and maintain a list of all housing and community development resources that is updated annually. This list may include services such as grant or loan programs for reasonable modifications and access to programs such as Meals on Wheels.

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

A major obstacle for the Town in meeting underserved needs is the lack of adequate financial resources to meet the growing needs of low- and moderate-income persons. To address this obstacle, the Town invested CDBG and HOME funds through the 2022-2023 Action Plan in projects that provide financial assistance to low- and moderate-income homeowners for home improvements, projects that provide public and neighborhood services to low- and moderate-income people and those with special needs, and programs that prevent homelessness. To address underserved needs, the Town allocated a majority of its non-administrative CDBG percent of its investments for program year 2022-2023 to projects and activities that benefit low- and moderate-income people.

The Town will continue to expand its housing programs to meet the growing need for affordable housing. In addition, the Town will continue to use CDBG funding to support public service agencies that address the special needs of the underserved, including the homeless, the potential homeless, the youth, seniors, female-headed families, victims of domestic violence, and the disabled.

**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The Residential Lead Based Paint Hazard Reduction Act of 1992 (Title X) emphasizes prevention of childhood lead poisoning through housing-based approaches. This strategy requires the Consortium to implement programs that protect children living in older housing from lead hazards. In addition, the County administers the Childhood Lead Poisoning Prevention Program (CLPPP) that seeks to eliminate childhood lead-based paint (LBP) poisoning by caring for lead-poisoned children and identifying and eliminating sources of lead exposure. Services provided include educating the community to increase awareness of potential danger of children's exposure to lead, environmental screenings, public health nurse case management and monitoring child health providers to ensure lead testing in high-risk children. In addition, the

CLPPP maintains an electronic surveillance system that enables collection, analysis and dissemination of information about childhood lead poisoning. Laboratory, case management and environmental data are collected which provide the basis for case and exposure source evaluation and summary statistics.

Types of housing not covered include: a) housing built after January 1, 1978, when LBP was banned for residential use; b) housing exclusively for seniors or people with disabilities, unless a child under age six (6) is expected to reside there; c) zero-bedroom dwellings, including efficiency apartments, single-room occupancy housing, dormitories or military barracks; d) property that has been found to be free of LBP by a certified LBP inspector; e) property where all LBP has been removed; f) unoccupied housing that will remain vacant until it is demolished; g) non-residential property; h) any rehabilitation or housing improvement that does not disturb a painted surface; and, i) emergency homeless assistance, unless the assistance lasts more than 100 days, in which case the rule does apply.

The Town's RRP states that properties constructed prior to 1978 may require LBP testing. LBP notification and information will be given to occupants. All properties will be inspected for defective paint surfaces and if test results show defective paint surfaces found, the homeowner will be required to properly abate such surfaces. Abatement of such hazards are eligible under the Town's RRP.

The Town will continue to maintain policies and procedures to increase access to housing without LBP hazards. Funding is not provided until it is determined properties are free of LBP hazards. Types of properties covered include: a) federally-owned housing being sold; b) housing receiving a federal subsidy that is associated with the property, rather than with the occupants (project based assistance); c) public housing; d) housing occupied by a family (with a child) receiving a tenant-based subsidy (such as a voucher or certificate); e) multifamily housing for which mortgage insurance is being sought; and, f) housing receiving federal assistance for rehabilitation, reducing homelessness, and other special needs. To reduce LBP hazards, the Town takes the following actions:

- Include lead testing and abatement procedures, if necessary, in all residential rehabilitation activities for units built prior to January 1, 1978.
- Monitor the lead-poisoning data maintained by the San Bernardino County Department of Public Health (SBDPS).
- Educate residents on the health hazards of LBP through brochures and encourage screening children for elevated blood-lead levels.
- Disseminate brochures about lead hazards through organizations such as IFHMB and the Town's RRP.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The implementation of CDBG, CDBG-CV and HOME activities meeting the goals established during the 2022-2023 program year helped to reduce the number of poverty-level families by:

- Supporting activities that increase the supply of housing that is affordable to low- and moderate-income households.
- Supporting a continuum of housing and public service programs to prevent or eliminate homelessness.
- Supporting housing preservation programs that ensure low-income households have a safe, decent, and appropriate place to live.
- Supporting public services through various nonprofits funded by CDBG that serve the community's youth, seniors, families, veterans, and residents with special needs.

In addition to these local efforts, mainstream state and federal resources also contribute to reducing the number of individuals and families in poverty. Federal programs such as the Earned Income Tax Credit and Head Start provide a pathway out of poverty for families who are ready to pursue employment and educational opportunities. Additionally, in California, the primary programs that assist families in poverty are CalWORKs, CalFresh (formerly food stamps) and Medi-Cal. Together, these programs provide individuals and families with employment assistance, subsidies for food, medical care, childcare and cash payments to meet basic needs such as housing, nutrition and transportation. Other services are available to assist persons suffering from substance abuse, domestic violence and mental illness.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

The institutional delivery system in the Town is high-functioning and collaborative—particularly the relationship between local government and the nonprofit sector comprised of a network of capable non-profit organizations that are delivering a full range of services to residents. These relationships are collaborative—each organization partnered with the next to ensure that all Town residents received the support necessary to lead fulfilling lives. Affordable housing development and preservation activities were carried out by the Consortium in partnership with contractors. Guided by the Strategic Plan, public service activities were carried out by nonprofit organizations and Town departments to serve low- and moderate-income residents. The Town collaborated across departments on Town-owned public facilities improvements to ensure their projects were delivered on time, within budget, and in compliance with all federal, state, and local regulations.

Through technical assistance and the annual Notice of Funding Availability (NOFA) process commencing each year, the Town continued to develop and expand local institutional structure by strengthening existing partnerships and leveraging the experience of organizations that previously had not participated in locally administered federal programs to expand the number of program offerings available to residents. The Town funded a variety of high-quality services that addressed the underserved needs of its residents.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

To enhance coordination between public and private housing and social service agencies, the Town continued consulting with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents —particularly the CDBG Target Areas.

Lastly, the Town is committed to enhancing coordination among private and governmental health, mental health and services agencies. The jurisdictions continued to coordinate with health social service agencies through the provision of technical assistance workshops during the NOFA stages of the Consolidated and Action Plan Process.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The Town's adopted 2022 Analysis of Impediments to Fair Housing Choice (AI) included three (3) fair housing issues:

- According to IFHMB, the majority of fair housing complaints received in the jurisdiction are related to residents with a disability seeking reasonable accommodations.
- Over half of renters are cost-burdened, meaning they use more than 30% of their income to pay for housing-related costs. The percentage of all renters who are cost burdened is decreasing, however, the number of cost-burdened renters is increasing.
- Native American, Hispanic, and Black households are significantly less likely than White, Non-Hispanic or Asian/Pacific Islander households to own their own homes.

During the 2022-2023 program year, the Town worked directly with its fair housing service provider, IFHMB, on the fair housing issues to affirmatively further fair housing choice through the implementation of recommendations contained within the AI. To address the needs of community, the Town completed the following:

- Collectively the Town and IFHMB have mediated with landlords to address impediments concerning disabled tenants by encouraging landlords to install Americans with

Disabilities Act (ADA) compliant ramps and parking stalls, rehabilitating units to be more ADA compliant and relocating disabled tenants to first floor units as they became available.

- The Town has increased its advertising and promoting of events that provide fair housing services on the Town's Webpage Events Calendar as well as making Fair Housing brochures readily accessibility at Town Hall both in English and Spanish. Through its fair housing workshops (conducted virtually since COVID-19), IFHMB has been able to successfully educate tenants and landlords of their rights and responsibilities.
- The Town has begun to translate and publish important public notices regarding such documents as the Action Plan, Substantial Amendments and CAPER, advertising, brochures and flyers into Spanish to ensure those residents who are Spanish speaking are informed of all the available services the Town is able to provide.
- The Town has ensured that bilingual staff are readily acceptable to answer any questions or translate any documents for Spanish speaking residents.
- Language regarding requests for reasonable accommodations have been incorporated in all Public Notices to ensure all reasonable accommodations are addressed such as accessibility, sign-language and Spanish or other language translation accommodations.
- The Town will continue to allocate funds for its RRP which stresses improvements to be made to address health and safety concerns as well as addressing improvements to ensure compliance with the ADA. Improvements that have recently been included in standard RRP work write ups when the household contains a disabled member include but are not limited to, installation of ADA ramps, grab bars, accessible toilets and tubs and widening of doorways.
- Due to the increase in effort from the Town and supporting agencies, five (5) of the 12, or 42% RRP beneficiaries were reported as Hispanic.
- The Town continued to contemplate potentially reallocating HOME and HOME-ARP funds to a First-Time Homebuyer Program and/or TBRA program to help eligible households become homeowners and subsidize renters housing expenses so as to reduce their cost burden.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

To ensure CDBG and HOME funds are used efficiently and in compliance with applicable regulations, the Consortia provides technical assistance to all subrecipients at the beginning of each program year and monitors subrecipients throughout the program year. The Town monitors its CDBG allocation and the Consortium's HOME allocation.

### *Technical Assistance*

To enhance compliance with federal program regulations, the Town provided an annual NOFA workshop to review the Strategic Plan goals, program requirements and available resources with potential applicants. After the Action Plan was approved, a mandatory subrecipient workshop was held to review program regulations in detail, to provide useful forms and resources for documenting compliance and to review the Town's compliance procedures and requirements. Additionally, individualized technical assistance was provided on an as-needed basis throughout the program year.

### *Activity Monitoring*

All activities were monitored, beginning with a detailed review upon receipt of each application to determine eligibility, conformance with a National Objective and conformance with the Plan goal. This review also examined the proposed use of funds, eligibility of the service area, eligibility of the intended beneficiaries and likelihood of compliance with other federal requirements such as the National Environmental Policy Act, the System for Award Management (SAM) debarment list, prevailing wage, Minority and Women Business Enterprise, Section 3 and federal acquisition and relocation regulations, as applicable.

Subrecipients were required to submit an audit and other documentation to establish their capacity, and any findings noted in the audit were reviewed with the applicant. Eligible applications were then considered for funding. Once funded, desk monitoring included ongoing review of required quarterly performance reports. For CDBG public service activities, remote monitoring was conducted throughout the year to ensure compliance. These reviews included both a fiscal and programmatic review of the subrecipient's activities. The reviews determined if the subrecipient was complying with the program regulations and Town contract. Areas routinely reviewed included overall administration, financial systems, appropriateness of program expenditures, program delivery, client eligibility determination and documentation, reporting systems, and achievement toward achieving contractual goals. Each agency was provided with

written notification of any findings of non-compliance and the required corrective action. Subrecipients were required to provide the Town with the corrective actions taken to address any noted findings within a timely manner. Individualized technical assistance was provided, as noted above as soon as compliance concerns were identified.

For CDBG capital projects, monitoring also included compliance with regulatory agreement requirements and remote monitoring to ensure the project complied with DBRA, Section 3 and MBE/WBE requirements.

For HOME funded activities, annual monitoring was undertaken to ensure renter occupied unit household income, rents, and utility allowances were in compliance with applicable limits pursuant to the affordability covenant. For ownership units, annual monitoring of occupancy was conducted throughout the affordability period. With regards to activities implemented by the City of Victorville under the HOME program, the City is required to submit requests for reimbursements no less than quarterly. The requests are spot checked for allocability, allowability and cost reasonableness. No less than once every two (2) years, sample files are requested of the City for more in-depth review for compliance with income determinations, procurement and overall national objective of the activity.

**Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

In accordance with the Town’s adopted Citizen Participation Plan, a public notice was published in the Valleywide Newspaper on September 8, 2023, notifying the public of the availability of the CAPER for a 15-day public review and comment period commencing on September 11, 2023, and ending on September 26, 2023. A copy of the public notice is included in **Appendix A**.

The draft CAPER was available on the Town website and at the following locations:

Facility	Address
Apple Valley- Development Services Building	14975 Dale Evans Parkway
SB County Library – Apple Valley Branch	14901 Dale Evans Parkway
Town of Apple Valley Town Clerk’s Office	14955 Dale Evans Parkway
Town of Apple Valley Website	<a href="http://www.applevalley.org">www.applevalley.org</a>

A public hearing was conducted before the Town Council on Tuesday, September 26, 2023, to solicit comments from residents and interested parties. A summary of any written or oral comments received during the public review period will be included in **Appendix B**.

## **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

CDBG, CDBG-CV and HOME funds are making a significant impact on strategies to address the high priority needs identified in the 2022-2026 Consolidated Plan – Strategic Plan. CDBG, CDBG-CV and HOME funds contributed to all four (4) of the Strategic Plan goals (Administration is one of the four Strategic Plan Goals).

### **Provide Suitable Living Environments**

To support the Town's initiative for Public Services for Low-income residents, CDBG funds were awarded to five (5) agencies that provided different public services for the residents of the Town. Such services ranged from emergency shelters, food banks, veteran services, and other various public services. In total, the agencies provided public service assistance to 958 primarily low- and moderate-income residents. In addition, the Town completed the Hilltop House Demolition Project.

### **Affordable Housing**

To support the Town's vision of housing preservation, CDBG and HOME funds were awarded to the Town's RRP and City's SHRP. The Consortium was able to complete the rehabilitation of 37 housing units (Town 12 under RRP and City 25 under SHRP).

### **Increase Access to Essential Services and Amenities**

The Town commenced construction on the ADA Golf Improvement Project which is anticipated to be completed during the first quarter of the 2023-2024 program year providing assistance to 9,801 residents with accessibility improvements.

### **Expand Economic Opportunities** *(not a 2022-2026 Strategic Plan Goal)*

Utilizing prior year CDBG funds allocated to the Town's MAP, the Town assisted two (2) eligible microenterprise businesses, of no more than five (5) employees including the owner, with financial assistance to pay for rent, utilities, payroll and equipment.

### **COVID-19 Response** *(not a 2022-2026 Strategic Plan Goal)*

Utilizing CDBG-CV funds allocated to the Town's EBAP, the Town assisted five (5) eligible small businesses of more than five (5) employees including the owner, with financial to pay for rent, utilities, payroll and equipment. In turn, these businesses were able to create four (4) full-time equivalent jobs.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

The Town does not have any open Brownfield Economic Development Initiative (BEDI) grants.

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Not applicable, as the Town does not have any BEDI grants.

## **CR-50 - HOME 91.520(d)**

### **Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

The Town does not currently have any affordable rental housing assisted under the HOME program that would require on-site inspections. However, maintaining HOME-assisted affordable housing is a high priority for the Town. For this reason, the Town has invested HOME and NSP funds for the development of affordable multi-family housing units. Once the development is completed, the Town will inspect the HOME-assisted properties to determine compliance with the current housing codes and other applicable regulations. Should any deficiencies exist, the property owner and property management will be notified to complete the required repairs. The Town will complete a subsequent inspection to ensure the required work has been completed properly. Before and after pictures will be taken to document the deficiencies and completion of the work.

### **Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)**

The Town does not currently utilize HOME funds for assisted properties with more than five (5) units. However, should the Town decide to utilize HOME to assist properties with more than five (5) units, the Town will ensure that an Affirmative Fair Housing Marketing Plan is implemented and that annual reports are reviewed to ensure overall compliance with HUD requirements to affirmatively further fair housing choice.

### **Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

The Town receipted a total of \$75,800 of HOME program income during the 2022-2023 program year. These dollars will be used for new RRP and SHRP assisted projects during the 2023-2024 program year.

### **Describe other actions taken to foster and maintain affordable housing. 91.220(k)**

The Town funds IFHMB to provide fair housing, tenant/landlord mediation and legal service for residents through attorney consultations and preparation of legal documents for the residents to represent themselves in family law and landlord/tenant actions. Some of these services are provided to prevent undue evictions that could lead to homelessness.

The HACSB provides Section 8 rental assistance to extremely low- and very low-income households located within the Town limits. The Section 8 program gives priority to households that are at risk of becoming homeless or currently residing in inadequate housing.

The Consortium is a recent awardee of HOME-ARP funds from HUD. Through the Consortium's HOME-ARP, the City has allocated all non-administration and planning funds for Supportive Services. However, should the Consortium decide to change course, the Consortium may look at potentially reallocating its HOME-ARP funds for the potential acquisition of land(s) or property(ies) with the intent to construct, rehabilitate and/or convert into affordable housing or transitional/emergency shelter to qualified populations and low-income residences.

During the 2022-2023 Action Plan, the Town discussed potential developments for its NSP 3 acquired property with multiple developers. Although no final determinations resulted during the 2022-2023 program year, the Town will continue to work on plans for this property to result in the development of an affordable multi-family housing units.

### **ASOCIACIÓN PARA INVERSIONES EN VIVIENDA HOME (HOME)**

HOME está autorizado bajo el Título II de la Ley Nacional de Vivienda Asequible Cranston-Gonzales de 1990, según enmendada. Los fondos de HOME pueden utilizarse para desarrollar y respaldar viviendas de alquiler asequibles y propiedad de vivienda asequible mediante la adquisición (incluyendo la asistencia a compradores de viviendas), la nueva construcción, la reconstrucción o la rehabilitación de viviendas no de lujo con amenidades adecuadas; y para proporcionar el pago de los gastos operativos de las Organizaciones de Desarrollo de Viviendas Comunitarias (CHDO, por sus siglas en inglés).

El Consorcio del Ciudad de Apple Valley y la Ciudad de Victorville han cumplido y mantenido el acuerdo condicional colectivo para obtener el estado de derecho de fondos de HOME con HUD. El Consorcio identifica al Ciudad de Apple Valley como la agencia líder y la Ciudad de Victorville como jurisdicción participante. La formación exitosa ha resultado en una asignación anual de fondos de HOME a ambas comunidades.

Durante el año fiscal pasado, el Ayuntamiento del Ciudad ha asignado fondos a las siguientes actividades de HOME conforme al Plan de Desempeño: Acquisition/Rehabilitation of Non-Congregate Shelters, Program Administration y CHDO Set-Aside (*No se tradujeron los títulos de las actividades intencionalmente*).

Durante el año fiscal pasado, el Ayuntamiento de la Ciudad de Victorville asignó fondos a las siguientes actividades de HOME conforme al Plan de Desempeño: Senior Home Repair Program, Hughes Training and Development Project, Program Administration, y CHDO Set-Aside (*No se tradujeron los títulos de las actividades intencionalmente*).

2018	The project is currently in the development stage with the project anticipated to be formally bid out during the 1st quarter of the 19/20 program year and construction completion anticipated during the third quarter of the 19/20 program year.	
2019	The Town bid out the project in the begin of the 2019-2020 program year but the bid amounts were higher than anticipated and therefore all bids were rejected. The Town has since broken the project out into three separate components to help reduce the costs associated with the project: 1) procurement/purchase of manufactured restroom, 2) procurement/payment for engineering services and 3) construction/installation. As of the end of the 2019-2020 program year, the Town was able to create a Purchase Order for the purchase of the manufactured restroom and executed the contract for engineering services. The Town anticipates bidding the construction portion of the project during the end of the 2nd quarter of the 2020-2021 program year with construction completion anticipated prior to the end of April 2021.
