

Town of Apple Valley Specific Plan Application

The Town of Apple Valley encourages prospective applicants to attend a pre-application conference with the Planning Division prior to formal submittal of a permit application. The conference should take place prior to any substantial investment.

The Specific Plan procedure provides the opportunity for development which is superior to that which can be achieved through the strict application of conventional land use and development criteria by allowing greater design flexibility and planning. Greater design flexibility within a comprehensive planning framework includes allows for clustering of units, mixing of uses and building types, and use of special development standards and criteria which respond to the particular features of a site

Listed below are the fees and materials that must be submitted with your application for a Specific Plan application. The project application will not be accepted for processing unless all requested information and materials have been submitted and determined to be complete and adequate. Upon initial review of the project, additional technical studies may be required prior to determining that the application is complete.

APPLICATION PROCESSING FEES

	<u>Initial Deposit</u>	<u>Actual Cost not to exceed</u>
<input type="checkbox"/> Planning Division Review.....	\$16,297	Actual Cost
<i>*Should processing time exhaust the initial deposit amount, the applicant will be required to deposit additional funds.</i>		
<input type="checkbox"/> Apple Valley Fire District Review Fees (checks payable to the Apple Valley Fire District)		
Tentative Parcel Maps (4 or less parcels)	\$460	
Tentative Tract Maps (up to 300 lots)	\$1,010	
Tentative Tract Maps (300 + lots)	\$1,200	

MATERIALS REQUIRED

Listed below are the general requirements for all applications.

- _____ 1. Completed General Application.
- _____ 2. Two (2) copies of current title report dated within thirty (30) days of filing of the application.
- _____ 3. Two (2) sets of adhesive labels with appropriate radius of surrounding property owners.
- _____ 4. Project description letter. The letter should provide a brief description of the project including, but not limited to: proposed density and percentage of density bonus being requested (if any); types of dwelling units (i.e., attached, detached conventional, manufactured, etc.) and service uses to be constructed; number of phases proposed, and any unique features of the project or project site. The project description should also explain how the proposed project will provide a greater excellence of design than could be achieved through the use of

conventional residential development standards in order to justify the granting of any special development “bonuses.”

- _____ 5. Seven (7) copies of the site plan drawn to scale, preferably 1”-100’ or larger, folded to a maximum size of 8 1/2” x 14” with the title block plainly visible and containing the information described below:
- Provide a vicinity map of the area showing the proposed project in relation to adjacent projects, established roads, landmarks, etc.
 - List the assessor’s Parcel Number(s) for the entire project site.
 - Provide a legal description of the land included within the proposed project.
 - Show the unit/space layout, dimensions of each (ditto marks are not acceptable) and a number for each in consecutive order. Circle the last unit/space.
 - List the total acreage, the number of numbered units/spaces and the number of lettered lots. Also list the size of each numbered and/or lettered lot and remainder parcels. List the minimum and average unit/space size.
 - Show the General Plan land use designation, zoning district classification and land use or uses of the adjoining property within one hundred (100) feet of the proposed subdivision, including that which is across any street. Indicate the distances from all property lines and use of any structures on adjoining property.
 - Show the number of linear feet of proposed new streets.
 - List by note the required building setback lines.
 - Show the locations, name and existing rights-of-ways of all adjoining highways, streets, alleys and/or ways, roads, etc. If none exist, show access to the property.
 - Show the centerline profile and grade for each proposed highway, street or drainage improvement.
 - Show the width and location all recorded and/or proposed easements, dedication of streets or rights-of-way.
 - Show the radius of all curves on highways and streets.
 - Show the location, width and direction of flow of all watercourses and the location of all areas that are subject to floodwaters, overflow and inundation and all flood hazard areas and their designations.
 - Show the location and outline, to scale, of each building, utility pole or other above ground structure. Note on the map whether such building, pole or structure is to be removed from, or remain within the project.
 - Show the location of existing wells, sewers, culverts, bridges, drain pipes, fire hydrants and/or sand, gravel or other excavations within the project.
 - Provide accurate contours of the existing topography at the intervals listed below. At least every fifth (5th) contour line shall be clearly labeled and indicated with a bold

line so as to be distinctive. The contour lines shall extend at least fifty(50) feet beyond the subdivision boundary. The topographic map is to be done by aerial or field survey under the supervision of a licensed land surveyor or registered civil engineer.

- One (1) foot, where the slope is less than 15 percent.
- Two (2) feet, where the slope is between than 15 and 20 percent.
- Five (5) foot, where the slope is between than 20 and 30 percent.
- Ten (10) foot, where the slope is greater than 30 percent.

- Indicate all native trees that are four (4) inches or greater in diameter or state in a note that none exist on the site. Also indicate which trees are to be removed and/or relocated.
- If the project is located in a fault zone, show the location of the fault zone on the map.

- _____ 6. Seven (7) copies of Preliminary Grading and Drainage Plan containing information on all existing and proposed street grades, pad elevations, circulation and drainage improvements, including streets, drainage courses on the site and within 100 feet of the boundaries of the site. Show drainage area tributary to the site and a statement explaining storm water conveyance and the manner in which disposal beyond the site boundaries will be accomplished.
- _____ 7. Provide information to verify that adequate sewage disposal is available, as determined by the Apple Valley Public Works Department, which shall include one of the following:
- Sewer feasibility study (consult with Public Works Department for required fees and agreements).
 - Two (2) copies of soil percolation report. Consult with the Public Works Department regarding sewer availability and requirements for sites. Also consult with the Engineering Division prior to preparation of any reports for required inspections of on-site testing.
 - Waiver of feasibility report or percolation report by the Public Works Department based on inclusion within an assessment district agreement to install sewer, or other data adequate to verify adequate sewage disposal.
- _____ 8. A preliminary soils report, prepared by a qualified engineer registered in this State and based on adequate test borings, may be required for use in evaluating and reporting the environmental impact that the subdivision may have on the Town. The requirement for a preliminary soils report may be waived by the Town Engineer if he finds that, due to the qualities of the soils in the subdivision, no preliminary analysis is necessary.
- _____ 9. One copy of applicable Utility Service Availability letter.
- _____ 10. Three copies of a detailed slope analysis if the project contains any slopes of 15% or greater.
- _____ 11. One copy of a water purveyor service letter or ground water report prepared and signed by a Registered Civil Engineer.
- _____ 12. One (1) 8 1/2" x 11" reduced site plan.

Signature(s) _____ Date _____

_____ Date _____

This will serve to notify you and verify that I am/we are the legal owner(s) of the property described in the project application and do hereby authorize the listed representative to file this and represent my/our interest in the application.

Signature _____

(A Letter of Authorization form may be submitted in lieu of the legal owner's signature.)

Signature of Representative _____ Date _____

PROPERTY OWNERS MAILING LIST

The surrounding property owner information must be obtained from the most current San Bernardino County Assessor's roll. The County Assessor's office is located at 15900 Smoke Tree Street, Suite 221, Hesperia, CA. 92345.

- Two (2) sets of adhesive labels containing the mailing address of the owner(s), applicant(s) and of all surrounding property owners, including vacant properties. Mailing labels must contain: Assessor's Parcel Number, property owners name, address and zip code.
 Site of 5 acres or less properties within a radius of 300 feet.
 Site of 5 - 20 acres properties within a radius of 500 feet.
 Site of 21 - 160 acres properties within a radius of 700 feet.
 Site of 161 acres or more properties within a radius of 1,300 feet.
 Mailing address should contain: Assessor's Parcel Number, property owners name, address and zip code.

- One (1) copy of the labels sheets.

- One (1) radius map showing the subject property and all surrounding properties. The appropriate radius shall be drawn from the exterior boundaries of the subject property as shown in the sample below. The scale of the radius map shall be large enough to clearly show all surrounding properties.

Sample Vicinity/Radius Map
(See above for required radius)

SURROUNDING PROPERTY OWNERS LIST CERTIFICATION

(To be submitted with application)

I, _____, certify that on _____ the attached property owners list was prepared by _____ pursuant to the requirements of the Town of Apple Valley. Said list is a complete compilation of the owner(s), applicant(s) and representative of the subject property and all owners or surrounding properties within a radius of _____ feet from the exterior boundaries of the subject property and is based on the latest equalized assessment rolls of the San Bernardino County Assessor's Office dated _____. I further certify that the information filed is true and correct to the best of my knowledge; I understand that incorrect and erroneous information may be grounds for refection or denial of the development application.
