AB52 Notification

April 22, 2024

Morongo Band of Mission Indians
Ann Brierty, THPO
12700 Pumarra Road
Banning, CA 92220

RE: *Formal Notification, Pursuant to Assembly Bill 52, for the Proposed Cordova Business Center Industrial Development Project (Apple Valley Project No. SPR 2023-006)*

Dear Ms. Brierty:

The purpose of this letter is to formally provide you with the opportunity to consult with the Town of Apple Valley in accordance with AB 52 on the proposed industrial development project referenced above. The project site consists of two parcels, identified as Assessor Parcel Number (APN) 0436-491-09-0000.

The Project would include construction of one industrial/warehouse building and associated improvements on 30 acres of vacant land (see Figure 4, Site Plan). The Building is proposed at approximately 494,000 square feet with lot coverage at 38.07% and a proposed height of 55'-9". The Project is within the allowable Maximum Allowable Building Height at 75FT. The Building will be concrete tilt-up construction and includes 23,016 square feet of executive and operational offices, designed for dock loading three outdoor employee eating areas totaling 5,307 square feet, landscaping, would involve associated improvements, including loading docks, trailer truck and vehicle parking, accessible parking, EV parking, clean air/vanpool/carpool parking and both long and short term bicycle parking.

The building has been designed to include 73 loading docks, 10 at-grade loading with roll-up doors, and fifty-five standard pedestrian pass-through doors. The project also proposes 528 parking stalls distributed in parking fields to be located on the north, east, south, and west sides of the building. The trailer stalls would be utilized for temporary parking of semi-truck trailers and tandem parking between distribution trips. Landscaping is proposed along the perimeter of the site on all sides, as well as within vehicular parking fields, and totals approximately 181,836 square feet, or about 7.6 percent of the overall project site. Please see the attached vicinity map, project location map, and site plan for additional information.

www.AppleValley.org

14955 Dale Evans Parkway • Apple Valley, California 92307 • 760.240.7000

The Town of Apple Valley is committed to a productive AB52 consultation process and a positive working relationship with the Tribal government. Comments and concerns regarding potential impacts to Tribal cultural resources (as defined in Public Resources Code § 21074) are important to the Town and we welcome the opportunity to consult with the Morongo Band of Mission Indians, if it is so desired. The Town also welcomes any requests for proposed project-related information or reports. Please let us know at your earliest convenience if you wish to consult or have written comments related to the project.

Formal requests for consultation will only be accepted within 30 days of receipt of this notice. Please include the name of a designated lead contact person in all correspondence to ensure an expedient response and please include the project name and your Tribal name in the subject line of any emails. If, after the 30-day review period, the Town has not received comments, it will be assumed that there was no comment.

The Town carefully adheres to provisions of Public Resources Code section 21082.3, subd. (c)(2)(A) to maintain the confidentiality of information provided by Tribes.

Should you have questions regarding this letter, wish to consult or to submit comments, please contact me per the below information:

RE: *Formal Notification, Pursuant to Assembly Bill 52, for the Proposed Cordova Business Center Industrial Development Project (Apple Valley Project No. SPR 2023-006)*

Dear Mr. Madrigal:

The purpose of this letter is to formally provide you with the opportunity to consult with the Town of Apple Valley in accordance with AB 52 on the proposed industrial development project referenced above. The project site consists of two parcels, identified as Assessor Parcel Number (APN) 0436-491-09-0000.

The Project would include construction of one industrial/warehouse building and associated improvements on 30 acres of vacant land (see Figure 4, Site Plan). The Building is proposed at approximately 494,000 square feet with lot coverage at 38.07% and a proposed height of 55'-9". The Project is within the allowable Maximum Allowable Building Height at 75FT. The Building will be concrete tilt-up construction and includes 23,016 square feet of executive and operational offices, designed for dock loading three outdoor employee eating areas totaling 5,307 square feet, landscaping, would involve associated improvements, including loading docks, trailer truck and vehicle parking, accessible parking, EV parking, clean air/vanpool/carpool parking and both long and short term bicycle parking.

The building has been designed to include 73 loading docks, 10 at-grade loading with roll-up doors, and fifty-five standard pedestrian pass-through doors. The project also proposes 528 parking stalls distributed in parking fields to be located on the north, east, south, and west sides of the building. The trailer stalls would be utilized for temporary parking of semi-truck trailers and tandem parking between distribution trips. Landscaping is proposed along the perimeter of the site on all sides, as well as within vehicular parking fields, and totals approximately 181,836 square feet, or about 7.6 percent of the overall project site. Please see the attached vicinity map, project location map, and site plan for additional information.

14955 Dale Evans Parkway • Apple Valley, California 92307 • 760.240.7000

The Town of Apple Valley is committed to a productive AB52 consultation process and a positive working relationship with the Tribal government. Comments and concerns regarding potential impacts to Tribal cultural resources (as defined in Public Resources Code § 21074) are important to the Town and we welcome the opportunity to consult with the Twentynine Palms Band of Mission Indians, if it is so desired. The Town also welcomes any requests for proposed project-related information or reports. Please let us know at your earliest convenience if you wish to consult or have written comments related to the project.

Formal requests for consultation will only be accepted within 30 days of receipt of this notice. Please include the name of a designated lead contact person in all correspondence to ensure an expedient response and please include the project name and your Tribal name in the subject line of any emails. If, after the 30-day review period, the Town has not received comments, it will be assumed that there was no comment.

The Town carefully adheres to provisions of Public Resources Code section 21082.3, subd. (c)(2)(A) to maintain the confidentiality of information provided by Tribes.

Should you have questions regarding this letter, wish to consult or to submit comments, please contact me per the below information:

RE: *Formal Notification, Pursuant to Assembly Bill 52, for the Proposed Cordova Business Center Industrial Development Project (Apple Valley Project No. SPR 2023-006)*

Dear Dr. McCleary:

The purpose of this letter is to formally provide you with the opportunity to consult with the Town of Apple Valley in accordance with AB 52 on the proposed industrial development project referenced above. The project site consists of two parcels, identified as Assessor Parcel Number (APN) 0436-491-09-0000.

The Project would include construction of one industrial/warehouse building and associated improvements on 30 acres of vacant land (see Figure 4, Site Plan). The Building is proposed at approximately 494,000 square feet with lot coverage at 38.07% and a proposed height of 55'-9". The Project is within the allowable Maximum Allowable Building Height at 75FT. The Building will be concrete tilt-up construction and includes 23,016 square feet of executive and operational offices, designed for dock loading three outdoor employee eating areas totaling 5,307 square feet, landscaping, would involve associated improvements, including loading docks, trailer truck and vehicle parking, accessible parking, EV parking, clean air/vanpool/carpool parking and both long and short term bicycle parking.

The building has been designed to include 73 loading docks, 10 at-grade loading with roll-up doors, and fifty-five standard pedestrian pass-through doors. The project also proposes 528 parking stalls distributed in parking fields to be located on the north, east, south, and west sides of the building. The trailer stalls would be utilized for temporary parking of semi-truck trailers and tandem parking between distribution trips. Landscaping is proposed along the perimeter of the site on all sides, as well as within vehicular parking fields, and totals approximately 181,836 square feet, or about 7.6 percent of the overall project site. Please see the attached vicinity map, project location map, and site plan for additional information.
