GENERAL

Executive Summary

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

Program Year 3 Action Plan Executive Summary:

The City of Victorville's Community Development Block Grants (CDBG) program is authorized by the Housing and Community Development Act of 1974, which provides eligible entitlement communities with annual grants that can be used to provide decent housing, suitable living environments, and expanded economic opportunities, principally for low and moderate income persons. The City became an entitlement community in 1997 and expects to receive \$928,109.

The City's Home Investment Partnership (HOME) grant is authorized under Title II of the Cranston-Gonzales national Affordable Housing Act of 1990. HOME funds are required to be used for affordable housing activities. In 2004, the City formed a HOME consortium with the Town of Apple Valley in order to meet the threshold of obtaining HOME entitlement status with HUD, which resulted in an annual allocation of funds to both communities. The City of Victorville expects to receive approximately \$386,082 in HOME funds for FY 2009-2010.

Priority Needs established in the 2007-2012 Consolidated Plan, which form the basis for establishing objectives and outcomes in the Strategic Plan and FY 2009-2010 Annual Action Plan, are as follows:

1. Preserve the existing housing stock
2. Expand the supply of affordable housing
3. Assist in reducing housing cost of extremely low- and low- income households
4. Increase affordable homeownership opportunities
5. Eliminate blighted conditions and substandard housing through enhanced code enforcement activities and demolition
6. Provide shelter and related services to meet the needs of the homeless population and support the development of a continuum of care system on a region wide basis

7. Assist special needs persons with reducing housing cost and with meeting their rehabilitation needs
8. Affirmatively further fair housing to ensure equal access to housing for lower income, ethnic minorities and special needs groups
9. Coordinate public and private efforts to reduce lead based paint hazards and protect young children
10. Create safer, more attractive and more accessible neighborhoods and stimulate economic growth through the improvement of infrastructure
11. Provision of public facilities and park improvements
12. Address public service needs
13. Expand the economic base and promote greater employment opportunities for residents

In addition, the City has incorporated outcome measures for activities in accordance with the Federal Register Notice dated March 7, 2006, which requires the following Performance Measure Objectives/Outcomes to be associated with each activity:

General Objective Categories

Activities will meet one of the following:

- Decent Housing (DH)
- A Suitable Living Environment (SL)
- Economic Opportunity (EO)

General Outcome Categories

Activities will meet one of the following:

- Availability/Accessibility (1)
- Affordability (2)
- Sustainability (3)

Based on these priorities, the projects to be funded and objectives and outcomes anticipated during FY 2009-2010 are shown in Table 1 below.

General Questions

1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.
2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.
3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.
4. Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

Program Year 3 Action Plan General Questions response:

1. The geographic distribution of Victorville’s proposed projects for 2009-2010 are as follows:

- a. Public Improvement projects funded with CDBG funds and are located primarily in the City's CDBG target areas (See Appendix F - Map)
- b. Supportive services are available citywide to low and moderate income residents and persons with special needs
- c. Housing programs funded with CDBG and HOME funds are available to low and moderate income persons on a citywide basis
- d. Administrative cost and fair housing services are available on a citywide basis

For FY 2009-2010, the City of Victorville anticipates receiving \$928,109 in CDBG funds. A maximum of 15 percent or \$139,216 of these funds may be utilized for public service activities; up to 20 percent or \$185,622 may be used for program administration and fair housing activities; and the remaining 65 percent or \$603,271 may be used for capital projects in the target areas or housing programs for income-eligible persons.

The City of Victorville does not anticipate receiving any program income from CDBG activities this fiscal year. In the future, if program income is received, it will be allocated into CDBG-eligible activities. Other funding sources such as redevelopment funds will be used to leverage federal funds when possible.

- 2. The Priority Needs identified in the City's FY 2007-2012 Consolidated Plan will be the basis for allocating investments geographically within the jurisdiction during the next year. The established priorities are listed on pages one (1) and two (2).

Activities assigned with High or Medium Priority level will receive funding during FY 2009-2010.

- 3. A major obstacle for the City of Victorville in meeting underserved needs is the lack of adequate financial resources to meet the growing needs of low and moderate income persons. With the formation of the Apple Valley/Victorville Consortium, the City will continue to expand its housing programs to meet the growing need for affordable housing. In addition, the City will continue to use CDBG funding to support public service agencies that address the special needs of the underserved, including the homeless, the potential homeless, the youth, seniors, female-headed families, victims of domestic violence, and the disabled.
- 4. The City is also proactively seeking additional resources to meet the underserved needs. Federal, state, and local resources expected to be made available to address the needs identified in the Consolidated Plan include:

Federal	
Community Development Block Grant Entitlement (CDBG)	\$928,109

Managing the Process

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the consolidated plan.
2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.
3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

Program Year 3 Action Plan Managing the Process response:

1. The Town of Apple Valley serves as the lead agency in coordinating the consolidated planning and submission process, while the City of Victorville serves as a participating jurisdiction. Each jurisdiction is responsible for administering its own Community Development Block Grant (CDBG) program, while the Town of Apple Valley administers the HOME program for both. Each jurisdiction is also responsible for preparing its own Annual Action Plan and Consolidated Annual Performance Evaluation and Review (CAPER).
2. Extensive efforts were undertaken to solicit input in the development of the Annual Action Plan for FY 2009-2010. The City's process for consultation and participation is described below:
 - On September 18, 2008, City Housing staff met with public agencies, for profit agencies, and non-profit organizations as part of the consultation process for the Action Plan. A summary of the housing and community development needs expressed at this meeting, as well as a list of those in attendance are included.
 - Public hearings were held on March 3, 2009 and May 5, 2009 at the City of Victorville Council Chambers at 6:00 pm and 7:00 pm. Public notices of the hearings were published in the *Victorville Daily Press* on February 16, 2009, April 3, 2009, and April 16, 2009 respective to meeting dates.
 - Formal approval and adoption of the final Action Plan occurred at the City Council meeting on May 5, 2009 at 7:00 pm at the City of Victorville Council Chambers.
3. Actions that the City will undertake during the next year to enhance coordination between public and private housing, health, and social service agencies include:

- Provision of technical assistance workshops during the "Request for Funding" stage of the action plan planning process

3. Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.
4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

Program Year 3 Action Plan Citizen Participation response:

1. A 30-day public comment period was provided between April 3, 2009 and May 4, 2009 for review of the FY 2009-10 draft Annual Action Plan. A public notice was published in the *Victorville Daily Press* on April 3, 2009, and April 16, 2009, announcing the commencement and ending dates of the review period. A copy of the public notice is provided in Appendix E. The Action Plan was made available for public review on the City's website (www.victorvillecity.com) and at Victorville City Hall located at 14343 Civic Drive. It was also available for review by requesting copies in person, by telephone, fax, or e-mail.
2. During the public comment period and the public hearings, the City received no comments from citizens.
3. In an effort to broaden public participation in the development of the Action Plan, including outreach to minorities and non-English speaking persons, a Spanish speaking staff member was available at all public meetings for translation services. Statements regarding the availability of special accommodations were printed on all written materials pertaining to the Annual Action Plan development.
4. The City of Victorville made every effort to respond to all relevant comments.

Institutional Structure

1. Describe actions that will take place during the next year to develop institutional structure.

Program Year 3 Action Plan Institutional Structure response:

1. The City of Victorville strives to foster and maintain relationships with other agencies to establish an institutional structure that maximizes its resources. The City's institutional structure consists of public agencies, for-profit agencies, and non-profit organizations. To address housing needs, the City partners with the Town of Apple Valley to form a Consortium to receive HOME funds. The City works with the County of San Bernardino to provide affordable housing opportunities to extremely low and low income renters in Victorville. The City works with the San Bernardino Office of Homeless Services, as well as Victor Valley Domestic Violence and High Desert Homeless Services to address homeless issues. In FY 2009-2010, the City will also work with the agencies and internal departments listed in Table 1 to bridge any identified gaps in the service delivery system. We receive quarterly reports from the agencies and internal departments we fund about the ongoing services they provide.

Additionally, the City anticipates holding public meetings to solicit input regarding needs of the community. These efforts provide for regional collaboration to better serve our community.

Monitoring

1. Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Program Year 3 Action Plan Monitoring response:

The City's Department of Economic Development has the prime responsibility for overall program monitoring and compliance for the City of Victorville. Staff monitors each newly funded agency or department during the program year, conducts a desktop audit of each sub-recipient contract file annually, and conducts an on-site monitoring visit with each sub-recipient and City department at least once every two years. Each monitoring visit is followed up with a formal letter with the results of the monitoring visit. If concerns or findings are found, the sub-recipient or department is given 30 days to either correct the problem, or provide a corrective action plan to the Department of Economic Development. The City Council is provided with a summary of the results of the monitoring visits.

The Department of Economic Development also ensures compliance with all Federal and City contracting regulations, including procurement, Federal Labor Standards, Davis- Bacon, equal opportunity, et al. While construction projects are underway, weekly on-site compliance interviews with the workers are conducted.

During November, 2007, the Economic Development created a new position to bring on a board a compliance officer to oversee all current assisted properties to include

rents, single family, as well as program requirements. In the upcoming year, staff will be putting in place procedures to fully oversee projects for long term affordability.

During FY 2009-2010, the City anticipates monitoring 10 sub-recipients and three City departments. In addition, the Department of Economic Development will ensure compliance with the US Office of Management and Budget (OMB) requirements for conducting single audits, as well as comply with the US Department of Housing and Urban Development (HUD) reporting requirements for accomplishment in the Integrated Disbursement and Information System (IDIS).

Lead-based Paint

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

Program Year 3 Action Plan Lead-based Paint response:

1. The City's overall lead-based paint hazard reduction strategy and goal is to reduce the number of cases from lead poisoning, particularly cases that involve children. An estimated 4,662 units occupied by low and moderate-income households in Victorville may contain lead-based paint (11 percent margin of error), based on the housing unit age and income of occupants. Compared to upper-income households, these households are financially less capable of performing the maintenance or rehabilitation needed to reduce lead-based paint hazards.

The City has integrated lead-based paint hazard evaluations into housing rehabilitation projects. As a condition of funding assistance through the City's federally funded housing rehabilitation, the City requires:

- Evaluation of homes constructed prior to 1979 for lead-based paint hazards and notification of homeowners or occupants if lead-based paint hazards are identified
- Inclusion of lead-based paint hazard evaluation, testing and reduction as eligible activities for funding assistance
- Review of plans by the Development Department for rehabilitation of residential structures and inspections of the project in progress to assure compliance with all applicable building codes
- Provide "Protect Your Family from Lead in Your Home" pamphlet to owner occupied rehabilitation and senior home repair program participants.
- Every homebuyer participating in the Mortgage Assistance Program (MAP) is provided with information about lead based paint hazards.

During FY 2009-2010, the City of Victorville will also coordinate with the County of San Bernardino Health Department, Childhood Lead Poisoning Prevention Program (CLPPP) to provide follow-up and case management services to children who meet the case definition of elevated blood levels.

Program Year 3 Action Plan Public Housing Strategy response:

1. The needs of public housing in the City of Victorville are typically met by the Housing Authority of San Bernardino County's (HASBC) participation in the Comprehensive Grant Program (CGP) as outlined in its Five-Year Public Housing Agency (PHA) Plan. All public housing in Victorville is scattered-site, and owned and/or managed by HASBC. A total of 68 public housing units are located in the City, comprising of 16 one-bedroom, 39 two-bedroom, 7 three-bedroom units, and 6 four-bedroom units. HASBC's Resident Advisory Council was established with the purpose of improving the quality of life and resident satisfaction within its housing stock. The Resident Council represents the voice of the residents as is the means by which residents can become involved in management of the public housing units.
2. HASBC is not designated as a "troubled" agency by HUD. According to HASBC, the physical condition of its public housing stock is considered to be good. The units are inspected, repaired, and maintained on a regular basis. It is the goal of HASBC to maintain each home, whether the unit is a single-family residence or in an apartment complex.

- 2. Homelessness:** The City of Victorville is working together with the San Bernardino County Office of Homeless Services. The Office of Homeless Services (OHS) has the lead authority to plan homeless services throughout the County and is supported by San Bernardino County. OHS provides key staff to implement the work of the Homeless Coalition. For FY 2009-2010, the City will commit CDBG funds to the High Desert Homeless Services and Victor Valley Domestic Shelter to provide emergency shelter and support

services. The City of Victorville plans to address needs of individuals and families with children at imminent risk of becoming homeless as follows:

- a. **Emergency Shelter:** As the only homeless shelter in the region, the High Desert Homeless Shelter continues to serve not only Victorville, but the entire High Desert area. In addition to the High Desert Homeless Shelter (capacity of 55 beds for persons with children), High Desert Domestic Violence (capacity of 25 beds) and Victor Valley Domestic Violence (capacity of 26) serve as emergency shelters to homeless persons who are victims of domestic violence.
 - b. **Transitional Housing:** As of April 2009, Victor Valley Domestic Violence administered a total of 20 units of transitional housing (12 two-bedroom and 8 three-bedroom) for victims of domestic violence. Through a cooperative effort with the County of San Bernardino and HUD, all of these units are leased and subsidized by a Federal grant.
 - c. **Permanent Housing:** Both City and non-city administrated housing programs are available to assist low and extremely low-income residents to obtain permanent housing and aid in the prevention of homelessness. The existing assisted/subsidized housing programs located in the City are listed in Page 24, entitled "Rental Housing."
3. **Homeless Prevention:** The City of Victorville continues its efforts in the prevention of the homelessness by supporting the Office of Homeless Services and its outreach programs, supporting the operation of homeless shelters through CDBG funding, and providing referrals to public assistance programs offered.
 4. **Chronic Homelessness Strategy:** Although the Office of Homeless Services lacks a specific strategic plan to end chronic homelessness by year 2012, the Policy Council has achieved consensus in support of the following strategy to eliminate the persistent problem: a) development of permanent and transitional housing that is affordable to a chronic homeless population; b) development of target outreach services to encourage chronic homeless persons to leave the streets for housing; c) changing the current system of care so that it is better able to absorb chronic homeless persons regardless of their level of functioning; and d) relying upon the benefits of alternative sentencing mechanisms of the Homeless Court to impose appropriate sanctions to compel certain chronic homeless persons to avail themselves of the services that exist in the community.

Other Narrative

Fostering and Maintaining Affordable Housing

The City has placed high priority on preserving the existing affordable housing stock through rehabilitation. For FY 2009-2010, \$230,762 in HOME funds will be used for the Senior Home Repair Program and \$20,000 in the Owner Occupied Rehabilitation program to assist very low and low income homeowners, as well as seniors and disabled homeowners to correct code violations and unsafe conditions.

For 2009-2010, \$20,000 in HOME funds will be used for the Owner Occupied Rehabilitation Loan Program to assist qualified low-income to rehabilitate their home to improve their living conditions.

The City has also placed high priority on increasing the supply of affordable housing through new construction. The City will continue to encourage developers, non-profits and other interested parties to develop new affordable units and will support applications for development funds through the California Tax Credit Allocation Committee (CTCAC) and the State of California.

Worst Case Needs

The City has identified senior, disabled and handicapped homeowners as those most in need of home repairs (i.e. worse case needs), and those least able to qualify for private financing to take care of their property repairs. Due to limited funding compared to the extent of needs, the City's Senior Home Repair Program has incurred a waiting list since its inception in 1997. Delayed maintenance, unfortunately, results in higher rehabilitation costs and further reduces the number of households that can be assisted. In response, the Senior Home Repair program continues to receive an annual allocation of at least \$200,000. In addition, the City considers the program a priority for receiving reprogrammed funds.

Also, Redevelopment Housing Set-aside will be used to implement a program to assist homeowner in maintaining their homes due to loan adjustments.

Obstacles to Fair Housing

The City of Victorville will contract with the Inland Fair Housing and Mediation Board for the provision of fair housing and landlord/tenant mediation services in FY 2009-2010. Inland Fair Housing will affirmatively further fair housing through public education workshops, counseling, conciliation, landlord/tenant mediation (including mobile parks), and other outreach services.

The City of Victorville's Analysis of Impediments (AI) was completed in 2007 identified needs in the following areas:

- Transitional housing for the homeless and victims of domestic violence;
- Independent living for people with disabilities and seniors that is accessible and affordable;
- Fair Housing outreach to further educate on property management and renters rights.

In November 2007, the City of Victorville updated its AI in accordance with HUD regulations with the intent to ensure compliance with Consolidated Plan certification requirements to affirmatively further fair housing.

As a result of the update, three new impediments were identified. A summary of all the impediments identified in the update are as follows:

- Lack of affordable large family rental units;
- Limited supply of housing available to persons with disabilities;
- Discrimination due to national origin, race, familial status and disability;
- Deterioration of existing housing supply.

The AI identified the strategy to address these impediments as follows:

- The City will provide fair housing outreach, landlord/tenant rights outreach, mediation and education services that will include, but not limited to at least one of the following components: press releases, public service

- The City will work with developers to identify and pursue all available funding to develop affordable housing, to include large family rentals, units for seniors and the disabled.

Rental Housing

The City's affordable rental housing stock has increased by 605 units since 1999. The Tax Credit program has led the way in heightening investor interest in the rental housing market and all of the 605 units developed have used this financing mechanism. The City is currently exploring a rental housing rehabilitation program with National Community Renaissance (National CORE), one of the City's locally certified CHDOs, to produce additional moderate affordable rental units. The following are publicly assisted rental housing projects in the City that are affordable to low income households:

Leveraging Funds

All CDBG-funded projects proposed for FY 2009-2010 will include leveraging of other resources, such as grants from Federal, State, and local governments, private foundations, capital development funds, general funds, private donations of funds or services, and other various funding sources.

Redevelopment set-aside funds are the primary source for leveraging or providing matching funds for the City's housing programs. According to State Redevelopment Law, Section 33334.2 of the Health and Safety Code, 20 percent of the tax increment from any redevelopment project area is to be set-aside for low and moderate-income housing programs.

In July 2007, the Town of Apple Valley and the City of Victorville executed a HOME Consortium Agreement, formalizing the HOME Program Consortium into one geographically contiguous unit. The HOME Consortium expects to receive \$695,537 for FY 2009-2010. Of the total \$695,537 funds, the Consortium intends to allocate at least 15 percent or \$104,331 for Community Development Housing Organization (CHDO) activities; 10 percent or \$69,554 for program administration; and 75 percent or \$521,653 for housing program activities. In addition, there will be \$4,001 of American Dream Downpayment Initiative (ADDI) funds available in FY 2008-2009 that will be programmed to the Mortgage Assistance Program (MAP) administered by the City of Victorville. Specifically Victorville will receive \$386,082, which will be allocated as follows:

The HOME statute provides a reduction of the matching contribution requirement under three conditions: 1) Fiscal distress; 2) Severe fiscal distress; and 3) Presidentially declared major disasters covered under the Stafford Act. The Consortium has been identified by HUD as a fiscally distressed jurisdiction and has been granted a 100-percent match reduction for FY 2009-2010. Nevertheless, Consortium staff will track HOME eligible activities for future match, and will address any additional match requirements from their respective Redevelopment Set-Aside Funds.

HOME Tenant-Based Rental Assistance: The Consortium does not intend to fund any tenant-based rental assistance for FY 2009-2010. Should a need for this type of activity arise in the future, guidelines for tenant-based rental assistance will be developed pursuant to HOME regulations.

Affirmative Marketing: The Consortium does not anticipate funding projects that consist of five or more HOME assisted units. In the future should a project of five or more HOME units require funding, guidelines will be established pursuant to HOME program regulations.

Equal Opportunity and Fair Housing: The Consortium will conform with the requirements of Title VI of the Civil Rights Act of 1962 as amended, 42 USC 2000d, The Fair Housing Act 42 USC 3601-3620, with Executive Order 11063 as amended by Executive Order 12259, and adhere to the prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 as amended 42 USC 6101; and on the basis of handicapped status, as stipulated under 42 USC 12131; 47 USC 155, 201, 218, and 225, respectively. The Consortium will also comply with Executive Order 11246, Section 504 of the Rehabilitation Act of 1973 and the requirements of Section 3 of the Housing and Urban Development Act of 1968, as set forth in 12 USC 1701u. The Consortium prohibits discrimination against individuals as protected by the preceding in its HOME assisted projects and programs. The Consortium will conform to the requirements of Executive Orders 11625, 12432, and 12138, to achieve equal opportunity contracting objectives by encouraging the use of women and/or minority owned or controlled enterprises in HOME assisted projects and programs.

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and Implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

2. Establishing an ongoing drug-free awareness program to inform employees about -
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;

5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, It certifies that It has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2009, 2010, 2011, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Jurisdiction

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

I, _____, Chief Executive Officer of **Error! Not a valid link.**, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

1. The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 *CFR* 576.55.
3. The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.
10. The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related

authorities as specified in 24 *CFR* Part 58.

11. The requirements of 24 *CFR* 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
12. The new requirement of the McKinney-Vento Act (42 *USC* 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U.
