

**TOWN OF
APPLE VALLEY, CALIFORNIA**

AGENDA MATTER

Subject Item:

AUTHORIZE PURCHASE OF SEWER VIDEO INSPECTION TRUCK

Summary Statement:

On May 12, 2009, Council approved the staff request to authorize the purchase of a Cues CCTV Sewer Inspection Truck from Plumber's Depot in the amount of \$139,231.54. Plumber's Depot, the local authorized distributor for Cues, had agreed to honor the winning bid amount of \$175,632.50 awarded by the Cucamonga Valley Water District in August of 2008. After accounting for deletions not required by the Town from the Cucamonga specification the adjusted price was \$139,231.54. Staff then intended to outfit this vehicle with additional equipment unique to the Town's needs which would have brought the total outlay for this vehicle to \$152,478.38 . \$170,000 was budgeted in the FY 08-09 Wastewater capital outlay account for this purchase.

On June 11, 2009, staff was informed by Plumber's Depot that the GM chassis that this vehicle design incorporated was no longer available (Exhibit A), and proposed to honor a winning bid for a similarly specified vehicle, incorporating a Ford chassis, awarded by the City of Dixon, Calif., in the amount of \$180,445.85 (Exhibit B). The Dixon specifications already include the additional features the Town desired to add to the Cucamonga vehicle. After accounting for deletions not required from the Dixon specifications the adjusted price is \$151,065.71 (Exhibit C). \$170,000 was budgeted in the FY 08-09 Wastewater capital outlay account for this purchase.

Recommended Action:

Authorize the purchase of a Cues CCTV Sewer Inspection Truck from Plumber's Depot in the total amount of \$151,065.71, and approve the expenditure of funds from FY 08-09 Wastewater Fund 5010-4210-9120.

RE: Piggyback Purchase-City of Carlsbad
Sent via email: mcady@applevalley.org

Dear Mike,

In pursuance to our conversation, please find attached letter from GM Motors indicating that they discontinued the series Chassis that we previous offered to you. We would like to offer you the same package on a Ford E450 with a 16' body, and would provide a \$4000 credit off of our previous pricing.

Please let me know at your earliest convenience how you would like to proceed. I apologize for the inconvenience as the issues with GM weren't anticipated when this process first began.

We really appreciate your business and look forward to working with you. If you have any questions, please fell free to give me a call at 407-493-7402.
