

**TOWN OF
APPLE VALLEY, CALIFORNIA**

AGENDA MATTER

Subject Item:

UPDATE ON AD HOC COMMITTEE ON THE BMX BIKE PARK

SUMMARY STATEMENT

At the January 13, 2009 Town Council Meeting, it was the consensus of the Town Council to form an Ad Hoc Committee to discuss and provide a recommendation to the Town Council. Mayor Pro-Tem Nassif and Council Member Coleman were selected from the Council. At the February 5, 2009 Park and Recreation Commission Meeting, Commissioner's Khoury and Turnbull were selected as well.

The Ad Hoc Committee met and discussed possible sites, costs, design and possible equipment to include in a park. The committee also held two public design meetings, one at the James Woody Community Center and another at Town Hall. After input from the attendees, changes to the design were made and cost estimates for fencing, flat work, and restroom were obtained.

Staff will present a PowerPoint with site slides, the to-date design and cost estimates for the Council.

Recommended Action:

Provide Direction to Staff
