**AGENDA MATTER**

**SUMMARY STATEMENT**

The Town of Apple Valley Police Department in an effort to increase public safety and decrease crime has suggested several Municipal Code additions that will provide additional tools to help reduce crime.

**Recommended Action:**

1. Find that the proposed adoption of Ordinance No. 408 is not subject to and is Exempt from CEQA, based upon findings under CEQA Guidelines, Section 15061 Sub (b)(3) that can be seen with certainty that there is no possibility that the proposed amendment may have a significant effect on the environment.

**T. M. Approval:** \_\_\_\_\_ **Budgeted Item**  **Yes**  **No**  **N/A**

To help deter commercial and residential burglaries from occurring, the Apple Valley Police Department is requesting a Municipal Code amendment that will mandate "Junk Dealers" to document and report to the Police Department certain types of recyclable materials commonly stolen and recycled for cash. The proposed Municipal Code changes will be another tool for the Police to use to help identify criminals that are targeting businesses and residences for valuable recyclable material.

Also proposed is a Tobacco Retail Sales Permit. This permit will be required for all businesses who sell tobacco products. The intent of this section is to stop businesses from selling tobacco to minors. On January 1, 2008 Governor Schwarzenegger signed an update to this law known as the STAKE Act. The City of Los Angeles has recently found success with this program by enacting stiffer penalties than what the business and professions code offers. These penalties now include revocation of the tobacco seller's permit for repeat offenders in addition to administrative fines. The proposed ordinance closely mirrors the City of Los Angeles' ordinance. This permit is required for all sellers of tobacco products, and is given to businesses at no cost. The permit will be issued and renewed with the business license.

The last proposed addition is adding a daytime loitering section to the already present nighttime curfew. The intent of this section is to allow the Police more tools to help combat daytime crime committed by juveniles who are supposed to be in school. The daytime curfew will also help to reduce truancy.
