Learn skills that could help save your pet's life

The purpose of this presentation is to teach participants how to be prepared for emergencies that involve a cat or dog and how to protect themselves and the animal from further harm, injury or suffering during emergencies by teaching prompt, effective first aid actions and care.

Presentation Highlights

The Cat and Dog First Aid presentation is approximately 3 hours and 30 minutes in length. The presentation combines lecture, discussion, video and skill practice to provide participants with the knowledge and skills they need to provide care to their cat or dog in an emergency. By the end of training participants will be able to do the following:

- Name the items that belong in a pet first aid kit.
- Name the appropriate pet supplies that should be included in an emergency preparedness kit.
- Understand the importance of knowing the normal physical condition, behaviors and habits of their pets.
- Describe how to check an unconscious cat or dog for breathing and cardiac emergencies.
- Describe how to give rescue breathing to a cat or dog.
- Describe how to perform CPR on a cat or dog.
- Describe how to care for a cat or dog that is choking.
- Describe how to care for shock for a cat or dog.

You'll receive your choice of a Cat or Dog First Aid participant set, which includes a DVD.
